Tom Fuller, Chair  
Southeastern San Diego Planning Group  
1887 Irving St  
San Diego, CA 92113

Dear Mr. Fuller:

This is regarding a proposal to install angle parking on the north side of Newton Avenue between 39<sup>th</sup> Street and 40<sup>th</sup> Street. Based on the street width and number of driveways, the north side of Newton Avenue is best suited for angle parking. Our evaluation determined that we will gain a total at least 8 additional parking spaces by installing angle parking at this location.

The residents have signed the petition with 85% in favor of the proposed angle parking. It is our practice to seek input from community planning groups prior to making a final decision on angle parking. Please review this location for the proposed angle parking and provide a recommendation from your group within 45 days. If you have any questions regarding this proposal, please contact Lakshmishri Vijayakumar at (619) 533-3170 or myself.

Sincerely,

Jon Hannasch  
Associate Traffic Engineer
