1. Planning group bylaws update

2. 22<sup>nd</sup> Street angled parking proposal

(this item has been on our agenda twice in the past, and there is an updated proposal from City of  
SD engineers)

The most recent proposal is for uniform 90 degree parking on the East side only.

This option recommended by engineering would create 9 more spaces.

(Any consent item may be pulled (for discussion) at the request of any board member)

## Action Items

## Information Item

"Keep San Diego Moving Forward" ballot measure.

SANDAG. Muggs Stoll, Director of Land Use and Transportation Planning.

Ballot measure is designed to provide a dedicated source of local revenue to invest in our region's transportation future; In November, voters countywide may be asked whether they support increasing the local sales tax by one half-cent to fund specific transit, highway, open space, bike, and pedestrian projects throughout the region. This potential sales tax increase is similar to the voter-approved TransNet half-cent sales tax for transportation projects that has funded completion of more than 650 of projects across the San Diego region over the past three decades.

SANDAG expects the proposed half-cent sales tax increase will:

- Invest in our region's transportation system to support the growing population
- Create local jobs
- Provide local control for cities to fix roads and fill potholes
- Have transparent oversight by local taxpayers to make sure funds are spent responsibly
- Help address fire safety through open space management and road improvements
