Subject: Detached garage addition

To: La Jolla Shores Planned District Advisory Board

Attention : Marlon Panglinan and Board of Trustees

Dear Board Members ,

My name is John Siry. My wife Erica Siry and I reside at 8475 La Jolla Scenic Dr North with our 6 wonderful children.

We are reaching out to the Board today because we need your help.

We need the Boards approval today , as a Minor Project Process 1 , review on our proposed detached garage addition.

First , we would like to bring to the attention of the board, there has been multiple automobile Break-ins and vandalism in our neighborhood. Our cars have been vandalized and broken into right in front of our driveway multiple times. We have reported the incidences to the San Diego Police Department and have filed two separate police reports (please see attached).

Second , We have a major parking problem in our area. With UCSD , YMCA, Torrey Pines Elementary , and the multiple house of worships right down the street , make parking a challenge and impossible at times. Plus the horrible traffic during rush hours. No need to mention all of our families safety in the area with the speeding cars flying through the neighborhood.

We also are a large family with multiple drivers and cars at our home. We need a Safe parking solution.

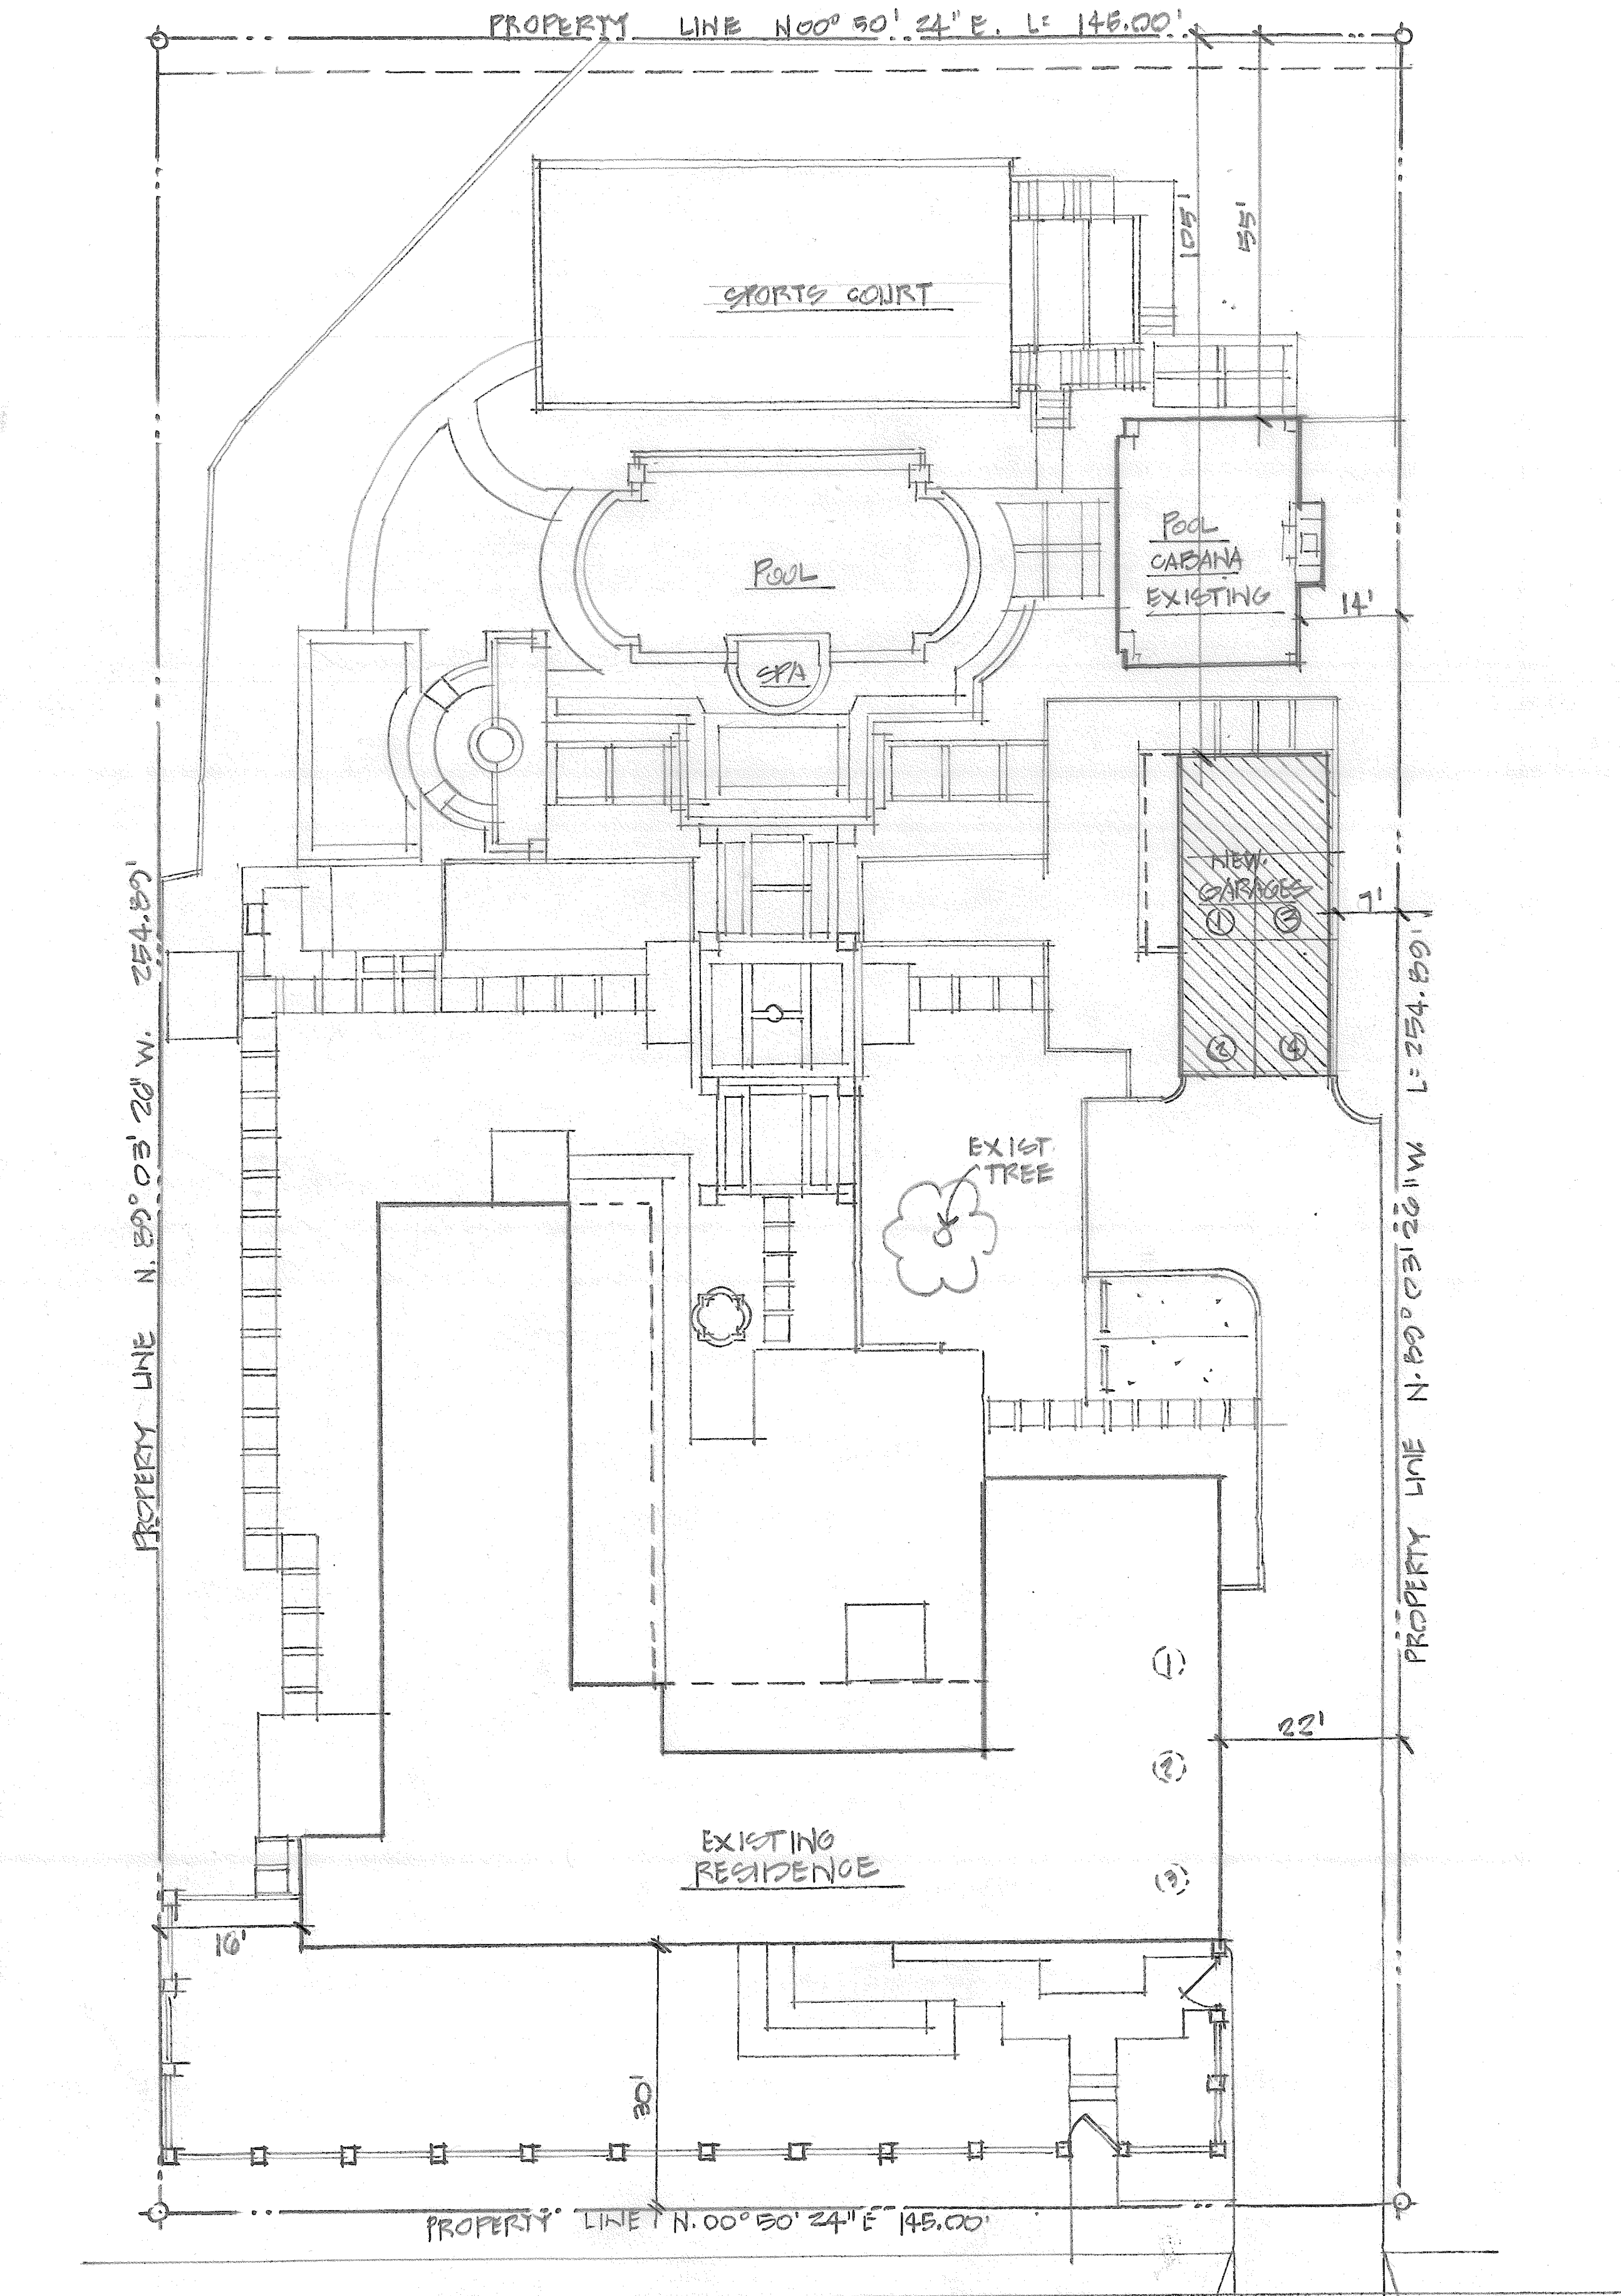

We are proposing to build a four car tandem detached garage at the end of our current driveway to have 4 additional off street parking (please see attached). This will have a positive impact for the area and all of our neighbors as well. We have also kept our neighbors concerns in mind by moving the garage structure from the property line to 6' away for there convenience. Since they have encroached almost to property line on there project.

Please approve our project as a Minor Project Process 1 , today and issue the approval letter now so we can go forward immediately. Time is of the essence. We can't risk the safety of our family.

Thanking the Board in advance.

Best Regards ,

JOHN & ERICA SIRY
