SUBJECT: Announcement of New City Webpage for Information on Joint-Use Program

At the September 9, 2020 Public Safety and Livable Neighborhoods Committee meeting, Committee Chair Monica Montgomery Steppe requested additional information related to the City's Joint-Use Program be made available for the public to access.

In response, we are pleased to announce the creation of a new Parks and Recreation Department webpage devoted to the Joint-Use Program that contains the following:

- Tracking sheet of existing and future joint-use sites located within the San Diego Unified School District
- Joint-use agreements with the San Diego Unified School District
- Links to the San Diego Unified School District Construction Project Public Portal
- Joint-use agreements with other schools in San Diego County
- General information and Frequently Asked Questions about the Play All Day Program

This information is available on the City's website at: <https://www.sandiego.gov/park-and-recreation/parks/jointusefacilities>

The Tracking Sheet is a record of the existing and open to the public joint-use facilities with San Diego Unified School District. To check on implementation schedules for future Play All Day joint-use facilities, please refer to the San Diego Unified School District Public Portal link which tracks construction schedules for future joint-use projects as well as joint-use projects currently under construction.

The public portal is available at: <https://fpcprojects.sandi.net>

Over the next several months, the Department will continue to bring forward additional joint-use agreements in accordance with recommendations from Audit Report 19-016. The Department will place these agreements on the Joint-Use webpage after City Council approval.

Thank you for your continued support of the City's the joint-use programs with school districts which continues to provide recreational opportunities and resources to the City's residents.
