For items not on the agenda but within the scope of authority of the planning committee. Limited discussion, as these have not been “noticed” for consideration, and limit to two minutes, please.

\*Chair, Vice Chair CPC reports.

- Information Item.

1) City Mark’s 20-unit, three-story, residential condominium development totaling 32,670 square feet on vacant lots located at the southeast corner of 32<sup>nd</sup> and C Street. The 1.0-acre site is in the RM-1-1 zone. Project # 595288

This is a courtesy introduction of this proposal in advance of completion of the City cycle review, to allow engagement and input from the planning group and community at an earlier stage.

This project will return as an “action” item for formal recommendation.

Rich Gustafson- City Mark

2) Plug-In San Diego, A Center for Sustainable Energy collaboration with SANDAG promoting Electric Vehicle Infrastructure in our communities. They did an interesting presentation a few years back, but this should be all new for many members, and the program has evolved so that it should provide significant updates even for those who had the benefit of hearing from them in the past. I have referred this program to

several of the developments we have reviewed where there was a shared interest in EV charging stations, or more of them, in their projects. Trevor Wilson

. \*Action Items.

1) Wayfinding Program (CIP Project) - update on CIP proposal. Timothy Briggs.  
Review and comment.
