View the [Ad Hoc Historic Districts Subcommittee August 2nd Agenda](#)

This is a special ad hoc subcommittee convened jointly between the North Park Planning Committee and Uptown Planners. Note that the meeting location is not a standard NPPC meeting place.

Action Items:

1. Park Boulevard Residential Historic District: Historical Resources Board (HRB) staff has drafted the historic context statement, statement of significance, period of significance and boundary description and justification for the Park Boulevard Residential Historic District. This was presented to the HRB Policy Subcommittee June 11, 2018 and will head to the full HRB this fall. Staff Report available [here](#).
2. Amendments to the Historical Resources Board Procedure on Establishing Historic Districts: At the July 9, 2018 HRB Policy Subcommittee, staff introduced concepts for proposed amendments to the Historical Resources Board Procedure on Establishing Historic Districts. The proposed concepts arose out of the successful completion of the first year of the historic district

work program, and the lessons learned and feedback received during that process.
