"We, your Special Committee, to whom was referred the communication from Geo. D. Copeland, dated May 27th, 1889, and relating to the enforcement of Ordinance No. 297, beg to submit the following report. = We find that the enforcement of said ordinance which provides for the erection of uniform poles for the carrying of all electric light wires, would work a hardship upon Mr. Copeland, inasmuch as the poles he is now using were used for the first time only two days before the date of the enactment of said Ordinance No. 297, and that said poles were placed in accordance with Mr. Copelands franchise and under the direction of the Common Council. Under the advice of the City Attorney moreover, we find that at present it is not

probable that the City could compel Mr. Copeland to replace his poles with the regulation ones without indemnifying him for his loss, and this being the case, we beg to submit the recommendation that the enforcement of said Ordinance No. 297 be postponed for the period of 12 months from date, provided Mr. Copeland enter into a contract with the city agreeing at the end of that period to join the San Diego Gas and Electric Light Company and such other electric lighting or power companies as may then be in existence, in the erection and occupation of the regulation pole lines as described in Ordinance No. 297. Mr. Copeland has agreed with this Committee that he will enter into such a contract. After due consideration your Committee believes it inexpedient at the present time to contemplate the purchase of Mr. Copeland's plant.

Your Committee, in conclusion, resents the reference made in Mr. Copeland's communication to a member of the Board of Delegates, and desires to express the conviction and belief that no Councilman violates his oath of office by earning an honest livelihood.

Respectfully submitted

"To the Honorable Board of Delegates - Supplemental to the report submitted to your Honorable Body June 10th. 1889. and which has not yet been acted upon, the minority Committee on electric light poles, begs leave to submit the following: While the report alluded to is concurred in by all your Committee, a perplexing question arises in connection with Mr. Copeland's position, that demands the attention and consideration of your Honorable Body as a whole. Under the advice of the City Attorney, and upon its own conviction, your Committee is convinced that Ordinance No. 297 cannot be enforced upon Mr. Copeland. Realizing that said ordinance is an excellent one and being desirous of its enforcement, your Committee deemed it wise to pursue the only course that would achieve that end, which course was set forth in said report. But, a difficulty arises. Acting in good faith and in strict compliance with the terms of said Ordinance, the San Diego Gas and Electric Light Company ordered and has received nearly $3000.00 worth of electric light poles such as the ordinance defines, and the Company is now ready to place them according to law. If the ordinance is not enforced, the Gas Company will have been put to a needless expense, and it will, moreover, as a majority of your Committee believes, be in a position to compel the City to pay at least the interest on whatever expense shall have been incurred by reason of the City's action. As the amount involved is a large one, it will be plain to your Honorable Body that the City is more than a little interested in the matter that this minority report lays before you. While concurring in the report previously submitted, as already stated, the undersigned, the minority of the Committee to which was referred Mr.

Copeland's recent communication begs to urge upon your Honorable Body the consideration of the phase of the question herein set forth, previous to taking final action upon the communication referred to. All of which is respectfully submitted.

Geo. P. Sow."

City Ordinance N° 327, which should authorize the inspection and disinfection, when found necessary, of all fruit boxes, barrels &c, referring more particularly to orange, lemon and apple packages, with a view to securing more complete protection of fruit trees and vines in this City and County. would recommend the adoption of such amended Ordinance, and that all necessary precautions & stringent rules for the enforcement thereof, which experience and the exigencies of the case may suggest and demand, should be provided for in said Ordinance. It is also recommended that a fee of three cents be charged on each package disinfected and returned to the owner thereof. such fees to be paid over to the proper County fund to cover the expenses necessarily incurred for disinfection & cartage. In this connection it is proper to add that the laws of this State provide ample authority for the complete destruction of all packages found infected with scale or other dangerous and injurious fruit pests, but to avoid the loss to owner attending such destruction of their personal property, the plan of disinfection as contemplated, and the return of packages to their owner seems to be by far the most equitable, expeditious and satisfactory method of accomplishing the important object in view.

We, your Committee on Health and Morals, in reporting upon the petition of the Womans Christian Temperance Union, which bears 1500 signatures, beg to submit the recommendation that all painted windows and screen doors be removed from saloon fronts as prayed for. Your Committee deem it a duty devolved upon itself to urge the passage of any ordinance or law that would promote the good morals of the Community, the same as it would encourage any law that would improve the City's sanitary condition. Your Committee is moreover informed that similar laws have been enforced with good results in other cities, notably Cincinnati. Realizing that schemes for evasion would be resorted to by the saloon keeper without delay, yet believing that by the enforcement of an ordinance such as the one referred to, many young men and boys would be deterred from frequenting saloons, your Committee recommends that the prayer of the petitioner be granted. We find the place where the sewer receives the garbage off the dock to be in a bad condition, from the fact that a great deal of the garbage has been dumped into the water. It is almost impossible for the sewer to get close enough to the dock to receive the garbage from the chute. The sewer in use at the present time is in a very dilapidated condition, being almost worthless. We would recommend at least one new sewer. As to the sewer, your Committee find that they are not sufficiently posted, on the subject to advise as to the cheapest and best kind to be used. We would also recommend to your Hon. Body that it will be necessary to build a hopper of suitable size to hold at least 3 days deposits, in case of accident. And that the hopper should be built high enough to allow a sewer to pass underneath: this will necessitate a short piece of wharf being built sufficiently high to accomodate the sewer, and wide enough for the carts to drive on & turn around.

Respectfully submitted.

"To the Hon. Board of Delegates:

In answer to your request for an opinion on Section 5. Art VI, of the Charter, I have to say, the section referred to says in substance: that it shall be the duty of the City Clerk upon the first Tuesday of January of each year or within five days thereafter to advertise for proposals from banks of deposit upon what terms they will receive and disburse the public money. It will be seen that the law explicitly designates the exact time when the Clerk shall perform this duty and it means that time and no other time: should he advertise at any other time his act would be illegal and any contract made under the same would be valueless for any purpose and not binding on the City or the bank: Again, the section provides that the Board of Aldermen shall have the exclusive control of the whole matter, that Board opens the proposals from the bank, fixes the terms, orders the contract to be awarded, arranges the bond to be given and approves the same when made out, together with the Mayor, and this Board as a part of the Common

Comcil, when all these preliminaries have been arranged simply pass a resolution to change the money from the vault of the City Treasurer to the bank receiving the award.

Very Respectfully

James P. Goodwin."
