Oct 30-1915-

To the Honorable,  
The Common Council,  
City of San Diego, California.

Mr. President and Gentlemen:-

The City Manager of Operation, Mr. Fred M. Lockwood has been requested by this Department to present for your adoption, an emergency ordinance appropriating funds sufficient to pay the services of a competent resident bacteriologist for the purpose of making daily analyses of water. The extreme necessity for this move will be apparent after even a cursory examination into conditions of the city water as they have been and now are.

It is hoped that in the interests of public health and safety, your Honorable Body may see fit to make it possible to obtain the immediate services of said bacteriologist.

Respectfully,

Health Officer.
