YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY IS STANDARDIZED
Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

NOTICE TO ATTORNEYS

The publishers of this directory maintain for the benefit of attorneys and others interested, a research department for the searching of city and other directories for lost persons or defendants in court actions.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

NOTICE TO ATTORNEYS

SAN DIEGO
Street and Avenue Guide and Householder's Directory
1926

In this department of the City Directory the streets are alphabetically arranged and described by giving the point of commencement of each street and its line of direction.

Streets number north and south from N street and east and west from 1st street.

The number of each building on the street is given in the order of occurrence and following the number is placed the name of the householder occupying it. The names of intersecting streets are also given in the order of their occurrence thus making a complete Street Directory.

The profession or business of individuals and firms is only given at their respective places of business; to find the occupation of householders, refer to Alphabetical List of Names.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

"The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Contact Is the Basis of Civilization
By our contacts with others our ideas are broadened and fertilized. Your business, too, will react to the benefits to be derived from contacts made through the medium of your City Directory.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

DIRECTORY LIBRARIES
We have on file in our Directory Library which we maintain in the rooms of the San Diego Merchants Association copies of Directories of the principal cities of the United States. These are for your convenience
R. L. POLK & CO.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

DIRECTORY
LIBRARIES
We have on file in our Directory Library which we maintain in the rooms of the San Diego Merchants Association copies of Directories of the principal cities of the United States. These are for your convenience
R. L. POLK & CO.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

CHULA VISTA

(Beautiful View)

Lying along the Bay, about seven miles south of San Diego, is the attractive suburb of Chula Vista. It commands a fine view of the waters of the Pacific, Coronado, Point Loma and City of San Diego; while to the south the landscape is filled with glimpses of citrus orchards, with vistas of the distant Mexican mountains.

The climate of Chula Vista is the same as that of San Diego and the entire bay region, the average annual temperature being about 61 degrees.

The soil is adapted to the production of lemons, oranges, grapefruit, peaches, plums of all kinds, almonds, apples, pears, berries and vegetables, but the most popular crop is the lemon, as climatic conditions are particularly favorable to its cultivation. Water is supplied from Sweetwater Reservoir at the annual rate of $7.00 per acre. This entitles owners of land to 350,000 gallons per acre yearly, which is ample for any orchard. This suburb enjoys good electric transportation facilities which, together with its nearness to the city, makes it a desirable residential section for those desiring to combine city and country life. It has many educational and social advantages, including modern schools, churches and clubs.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

CORONADO

Coronado Beach, located just across the bay from San Diego is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools. The present population is about 6,100.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay and ocean is the summer resort of over 600 palm tent houses and palm cottages, Coronado Tent City. This resort is open from June to September. Entertainment features include bay and surf bathing, dancing, free daily concerts, aqua-planing and all other beach sports, including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month with or without housekeeping privileges.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

EL CAJON

THE VALLEY OF OPPORTUNITY

El Cajon, familiarly known throughout Southern California as the Valley of Opportunity, is located 15 miles east of San Diego. A combination of splendid paved highways and adequate rail facilities afford the residents of this community ample accommodations for rapid and pleasant travel.

Midway between the Pacific Ocean and the rugged Cuyamaca Mountains, El Cajon is ideally situated; here one finds all the advantages, without the disadvantages, of living in a seaside or mountain resort—a few minutes' delightful spin brings one to either. The climate is not only most desirable from the viewpoint of the home-seeker, but is particularly fine for the cultivation of citrus, deciduous and semi-tropic fruits, vegetables of all kinds, and winter truck gardens.

The center of a tremendous agricultural district, El Cajon is the distribution point for wholesalers and retailers dealing direct with the ranchers of this territory. Adequate banking and marketing facilities are exemplary of the up-to-date business district. Charming bungalows, ample school accommodations, churches and sporting facilities are the rule and not the exception in this charmed land.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

LA MESA

The present population of La Mesa is 2,500. It is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, on the San Diego and Arizona Railway. It is also connected with San Diego by two paved highways and a third under construction. It is the Highest station on that line, the elevation being from 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks, in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such, while the remainder of the townsite is made up of knolls and hill sides, affording desirable locations for homes, with views of mountain and valley. La Mesa has seven miles of cement sidewalks; twelve miles of paved streets; pressure water piped to each residence, fine spring water supplies the downtown district; six churches, fine graded school and new high school, fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange; bank; weekly newspaper; gas and electricity; and modern stores and shops. The children of La Mesa have full advantages of the Grossmont Union High School.

An evidence of the progressive spirit of this community is the recently established La Mesa country club which has laid out 73 acres in a nine-hole golf course, with modern clubhouse. A city playground with cement tennis courts and swimming pool add attractive features. La Mesa has a branch of the San Diego Chamber of Commerce and well equipped public library.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

National City City Directory 1926

NATIONAL CITY

Located adjoining San Diego on the south along the eastern shore of the bay of San Diego, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer. The present population of National City is 6,825.

National City is only twenty minutes ride from the business center of San Diego on the San Diego electric line. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a $10,000 building; churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory --- The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to headings which will simplify and facilitate their use.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

RAMONA
In the Golden Valley of Little Ranches

The town of Ramona lies in the central eastern part of San Diego county, at an elevation of 1440 feet, in the Santa Maria valley. This farming section extends a distance of about nine miles from northeast to southwest, with an average width of about three miles and a slope toward the west of about fifteen feet to the mile. It is surrounded by rugged mountains, except on the extreme eastern side where a chain of very low rolling hills separates it from Goose valley, which, topographically, forms the northeastern part of the Santa Maria valley. The valley floor is composed of friable gravelly and sandy loams, which in spots are deep, but lacking in humus. Outcroppings of granite occur, breaking the level hay and grain areas on the valley floor.

In addition to hotels, restaurants, weekly newspaper, union grammar and high school, the latter being of concrete construction, Ramona possesses general merchandise, grocery, hardware stores and lumber yard. The town has two garages, machine shop and vulcanizing plant. A town hall for fraternal and social gatherings, and Friends and Congregational churches are prominent. Motor trucks handle the freight from this district. Auto passenger service, with round trips daily between Julian and San Diego passing through Ramona, furnishes transportation. There is a fine paved road to San Diego, and town is electrically lighted.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Information Arrangement is Uniform

Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton and so on, ad infinitum.

In line with this economic trend to standardize all generally used products, this Association has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

All information of a similar character is now included in the same section on the same colored paper and placed in the same relative position in all books. Thus, wherever one may be, the information desired can always be found in the same place and is called by the same name.

Your City Directory — The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform... Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

This City Directory is placed on file in various Directory Libraries maintained by the publishers throughout the United States.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory — The Binnacle of Business

The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

WE CAN FURNISH YOU ANY DIRECTORY IN THE WORLD

R. L. POLK & CO., DIRECTORY SALES DEPT.

Your standardized City Directory provides a definite opportunity to emphasize, increase and insure your business.

YOUR CITY DIRECTORY SHOULD BE TRADE MARKED

Contact is the basis of civilization. By our contacts with others our ideas are broadened and fertilized. The interchange of ideas and ideals, made possible by association contacts, are the greatest factor in the refinement of a service or a product. They help that service or product attain a high degree of perfection. This is the office performed by the ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS.

YOUR STANDARDIZED CITY DIRECTORY
provides a definite opportunity to emphasize, increase and insure your business.

Your City Directory --- The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

HAVE YOU SOMETHING TO SELL?
POLK'S MAILING LISTS Contain authentic information on every kind of business. They are made to fit and fill the particular need that you have for them and are built to your order.

This trade mark appears in directories of leading publishers.

Your City Directory --- The Binnacle of Business
The seas of industry, while uncharted in many respects, are very definitely indicated in the modern "log" of business—the City Directory

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory — is Standardized

Be it Kalamazoo or Baraboo Information Arrangement is Uniform

Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton and so on, ad infinitum.

In line with this economic trend to standardize all generally used products, this Association has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

All information of a similar character is now included in the same section on the same colored paper and placed in the same relative position in all books. Thus, wherever one may be, the information desired can always be found in the same place and is called by the same name.
