Common Sense

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

SAN DIEGO DIRECTORY OF HOUSEHOLDERS

Occupants of Office Buildings and Other Business Places

Including a Complete

STREET AND AVENUE GUIDE

1938

Copyright, 1938, by San Diego Directory Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets follow the Alphabetical Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

Advertise Your Good Things

Many a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity---perhaps he is honestly so conscious of the excellency of his wares that he expects the world to search them out. But the busy world hasn't time. If you have a good thing to sell proclaim it from the house-tops. The world wants good things, but it can't discover them in hiding places. Bring them into the market place.

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

Avertise Your

Good Things

Many a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity---perhaps he is honestly so conscious of the excellency of his wares that he expects the world to search them out. But the busy world hasn't time. If you have a good thing to sell proclaim it from the house-tops. The world wants good things, but it can't discover them in hiding places. Bring them into the market place.

PAY NO MONEY in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of San Diego Directory Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.
