# INTRODUCTION

SAN DIEGO DIRECTORY CO., publishers of the San Diego City and County Directory, present to subscribers and the general public, this, the 1939 edition of the San Diego City Directory, which also includes Chula Vista, Coronado, La Jolla, La Mesa and National City.

Confidence in the growth of San Diego's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting San Diego to the world.

The enviable place occupied by these directories in offices, stores and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the San Diego Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Population

The estimated population of San Diego is 178,000. Due allowance is made for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

## Five Major Departments

The several essential departments are arranged in the following order:

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations of San Diego is included in pages 17 to 624, and the San Diego County Towns of Chula Vista, Coronado, La Jolla, La Mesa and National City in pages 1035 to 1140.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for San Diego covers pages 625 to 928. In this section the names of the streets and avenues are arranged in alphabetical order; the residence and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character ◎ placed immediately after the name of the householder. The symbol (Δ) preceding name denotes householders and places of business having telephones.

THE BUYERS' GUIDE, opposite page 928, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of San Diego. These pages will be found particularly interesting

and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like San Diego, the necessity of having this kind of information immediately available is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 929 to 1034. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE SAN DIEGO COUNTY TOWNS DIRECTORY of Chula Vista, Coronado, La Jolla, La Mesa and National City, arranged in alphabetical order, covers pages 1035 to 1140.

## Community Publicity

The directory reflects the achievement and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of San Diego, for business men, everywhere, realize that the city directory represents a community as it really is.

## The San Diego Directory Library

Through the courtesy of the publishers of the San Diego City Directory, a Directory Library is maintained at the Chamber of Commerce, 435 West Broadway, for free reference by the general public. This library is part of the system of more than 450, installed and operated in the chief cities of the United States and Canada, under the supervision of the Association of North American Directory Publishers, of which the San Diego Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

**San Diego Directory Co.**
Publishers.

# SAN DIEGO STATISTICAL REVIEW

By ARNOLD KLAUS

San Diego Chamber of Commerce.

Name of City—San Diego, California.

Slogan or Sub-phrase—"Air Capital of the West."

Form of Government—"Manager."

Population—147,995 (1930 Census); 178,000 Est. 1939.

White population—Males 67,088; Females 66,936; (1930 Census).

Total Colored population—2,723 (1930 Census).

Number of all males—74,296; and all females 73,705 (1930 Census).

Area—96.8 square miles.

Altitude—Sea level to 500 feet.

Average temperature—61°; rainfall—10.01 inches.

Parks—Number 24, with 2,000 acres valued at $8,890,564.66.

Assessed valuation—$143,685,335; $1.96 tax rate 1938.

City's bonded debt—June 30, 1938, $13,617,240.

Post Office Receipts—$1,137,790.36 (1938).

Telephones in service—48,500 (1938).

Churches—Number 157.

Building and construction—Value of Building Permits $11,009,114; Number of Building Permits 5,413 (1938).

Industry—Number of establishments 542, employing 16,000, paying $20,000,000 annually.

Trade—Territory (retail) serves 260,000 people within the trading area covering a radius of 50 miles. Jobbing territory serves 350,000 people within a radius of 130 miles.

Principal Products—Canned fish, airplanes, salt, confectionery and olives, onyx, marble, cement pipe, brick and tile, soaps, gas heaters, citrus products, macaroni.

Newspapers—Three. San Diego Union, Evening Tribune and San Diego Sun.

Hotels—There are 149 hotels, with total of 8,840 rooms.

City served by two railroads—Atchison, Topeka and Santa Fe Ry. and San Diego & Arizona Eastern Ry. (Southern Pacific).

Amusements—There are 21 theatres, with a total seating capacity of 24,350 persons. Largest theatre or auditorium seats 3,000 persons. Aside from the commercial forms of amusement San Diego possibly has the widest range of activities which may be indulged in by individuals of any city in the United States, ranging from the field of organized sports to that of individual pastimes. The Chamber of Commerce has prepared an extensive guide which will be of interest to tourists and vacationists and which may be obtained without charge. The publication is entitled "San Diego, California—What To Do and What To See."

Hospitals—Number 22, with 2,922 beds.

Education—Number of public schools, 47, of this number 9 are High Schools. Number of of pupils in public schools 40,435, including adult classes. Total value of school buildings, ground and equipment $8,987,407.

Libraries—Number 48, with 150,000 volumes.

City Statistics—Total street mileage 1,014.65, with 562 miles paved. Miles of single track electric street railway 90. Capacity of reservoirs, 105,822,300 gallons; value of plant $16,000,000. Average daily use of water 17.5 millions gallons. Fire Department employs 202 men; 20 station houses; equipment, 2 hook and ladder trucks, 19 engines, one fire boat. Police Department employs 235 men, housed in main headquarters and three sub-stations. 41 motorcycle men, 41 radio prowl cars; in addition to 17 other automobiles for emergency use and routine work.

# SAN DIEGO, CALIFORNIA

Prepared by the San Diego-California Club

San Diego, southwesternmost city of the United States, first white settlement on the Pacific Coast, county seat of the county of the same name, which formerly extended to the Colorado River and seat of California government in Spanish regime, has assumed, within the past decade, a metropolitan aspect. 1930 Census figures placed the population at 147,995, an increase of 98% over 1920. Present estimated population is 178,000.

The landlocked harbor, San Diego Bay, was discovered in 1542 by Juan Rodriguez Cabrillo, surveyed by Sebastian Viscaino in 1602 and a settlement effected on the shores in 1769 by a military expedition from New Spain attended by Franciscan missionaries under direction of Fra. Junipero Serra, who promptly founded Mission San Diego de Alcala, which marked the beginning of El Camino Real (the King's Highway) extending as far north as Sonoma with twenty-one missions built a "day's journey" apart. Under Mexican government, San Diego was constituted a pueblo in 1834. The United States flag was raised by John C. Fremont in 1846, for the first time in California, and the American City of San Diego was formulated in 1850.

Equable climate averages 61.1 degrees and varies only 10 degrees between mean averages for winter and summer. This remarkable feature has prompted travelers to call San Diego "The Climatic Capital of the World." Certainly it is pleasant the year around, and combined with natural harbor and extensive tributary agricultural, mining and fisheries resources contribute to its continued and rapid growth. A great deal of the unusual growth in the past decade has been due to attraction of new populace from states of rigorous climatic conditions, an influx encouraged among people of means by the San Diego-California Club, first community advertising organization and now patterned after in many sections of the country.

With large increase of population, the City's consuming power has increased in proportion, of course, influencing establishment of many merchandising houses and encouraging new industries. Approximately 6000 Army and Navy families constitute an important unit in the population, their residence influenced by large service establishments that include headquarters of the 11th Naval District, Naval Air Station, Naval Training Station, Naval Hospital, Fort Rosecrans; U. S. Marine Corps Base; Destroyer Base; Chollas Heights radio station and other units of a total in which the government has invested $40,000,000. The San Diego State College, the buildings of which are the finest examples of Moorish architecture on the Pacific Coast, together with the campus occupy 135 acres.

Favored by a naturally beautiful site, the builders of San Diego have exercised care in planning and construction, with the result that the city today ranks as one of the most beautiful in the world. Spanish, or Mediterranean,

style of architecture has come to be adopted as a "Southern California" style, and predominates on the sloping shores of the bay, rising above the bay against a mountain background. The view of the city from Point Loma, described in Encyclopedia Americana as one of the three finest in the world, is improving day by day under a unified plan to build a "city beautiful."

Transportation, lack of which seriously handicapped development of a large city at this strategic location earlier in history, is now adequate and measurably reflected in recent growth. Direct transcontinental rail connection eastward in addition to coastal line, paved highway system, water transportation and fast-growing aerial service, give easy access by a complete diversity of means of travel. Because it is the closest Pacific coast city to points in the mid-west, east and south, and favored by open road the year around on southern routes across the country, San Diego has been selected as the western terminus of numerous trans-continental highways converging upon Yuma, whence all follow the same paved route to San Diego.

Although San Diego is an important commercial center, every consideration is given to the tourist attractions, as indicated by the diversified recreational facilities provided for in the parks and playground areas throughout the city. Outstanding in this phase of city building is Balboa Park, 1400-acre recreation area in the heart of the city and already internationally famed. The park provides two excellent golf courses, as well as excellent recreational facilities for roque, shuffle board, horseshoe pitching, archery, tennis, croquet, swimming, and lawn bowling. There, too, has been created a cultural center incorporating many units. Among these, community individuality probably is best expressed by the largest outdoor organ in the world, concerts being rendered daily without regard to seasons. The San Diego Zoo ranks among the four largest in America. Due to our equable climate, unique compounds for camels and elephants permit these animals to live in their natural habitat. A series of dams and lagoons are among the many unusual features of the gardens.

Arnold Klaus.
