ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

CHULA VISTA CITY DIRECTORY

1940

Map compliments of the Chula Vista Chamber of Commerce

CHULA VISTA
(Beautiful View)

Chula Vista is located eight miles south of San Diego on the shore of San Diego Bay. At present its principal interests are agricultural, with lemons, celery, eggs, cucumbers and other vegetables as its principal products. Chula Vista celery has a reputation in all the markets from Chicago west.

The city is building an airport on the Bay and expects to locate aircraft factories there. Incorporated in 1911 with an area of about six square miles, Chula Vista has a complete city government, many miles of paved streets, a park, sewers, an excellent water system, fine schools, a well housed and well stocked Library, a good hotel and a beautiful Woman's Club.

The progressiveness of the community is marked by the fact that since 1927 a Chamber of Commerce with a full time secretary has been maintained.

Chula Vista's population is 95% native American with a large proportion of college and university graduates from all over America. Easy access to San Diego affords the advantages of both country and city life. Miles of wonderful beaches are but a few minutes away. High mountains are within an hour's drive over California's fine highways.

CORONADO CITY DIRECTORY

1940

Coronado Beach, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay and ocean is the summer resort of over 600 palm tent houses and palm cottages, Coronado Tent City. This resort is open from June to September. Entertainment features include bay and surf bathing, dancing, free daily concerts, aqua-planing, and all other beach sports, including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month, with or without housekeeping privileges.

LA JOLLA CITY DIRECTORY

1940

(La Jolla Street and Householders Directory—See San Diego Street and Householders Directory)

La Jolla, which is from the Spanish, meaning the gem, or jewel, and so pronounced "La Hoy-ya," is but fourteen miles north of San Diego, California, and 117 miles south of Los Angeles, on one of the finest paved motor highways in the United States.

The keynote of La Jolla, the word which illuminates and makes plain, is its serenity—an eternal serenity of sea and surf and sky which makes tranquil the lives of its happy dwellers.

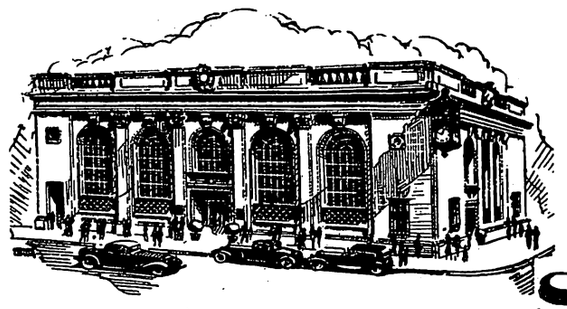

La Jolla, although it is part of San Diego, has its own post office, a branch of the San Diego Public Library, fine hospitals, banks, and mercantile establishments.

SAN DIEGO DIRECTORY CO'S

LA MESA CITY DIRECTORY

1940

La Mesa is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, and is served hourly by San Diego Electric Railway. It is also connected with San Diego by three paved highways. Elevation 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks, in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such, while the remainder of the townsite is made up of knolls and hillsides, affording desirable locations for homes, with views of mountain and valley. La Mesa has pressure water piped to each residence, fine spring water supplies the downtown district; eight churches; fine grade school and high school fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange, two banks, weekly newspaper, gas and electricity and modern stores and shops. The children of La Mesa have full advantages of the Grossmont Union High School.

An evidence of the progressive spirit of this community is the established La Mesa Country Club, which has laid out 103 acres in an eighteen-hole, all grass golf course, with modern clubhouse. A city park with cement tennis courts and shuffleboard courts add attractive features. La Mesa has a Chamber of Commerce and well-equipped public library.

Remember Each Day

That the City Directory affords you the best medium for reaching all classes of people, and insures you a widespread publicity at a cost small in proportion when compared to that of other mediums.

NATIONAL CITY DIRECTORY
1940

Located adjoining San Diego on the south along the eastern shore of San Diego Bay, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer.

National City is only twenty minutes ride from the business center of San Diego. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a $10,000 building. Churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found. For further details address National City Chamber of Commerce.

Common Sense About City Directory Circulation . . .

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

1000 x 3½ x 305 = 1,067,500

Advertising San Diego

DO YOU KNOW THAT A COPY OF THIS DIRECTORY OF

SAN DIEGO

is being placed in the Directory Libraries and among the commercial bodies, business men's clubs, chambers of commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.
