SAN DIEGO DIRECTORY OF HOUSEHOLDERS

Occupants of Office Buildings and Other Business Places

Including a Complete

STREET AND AVENUE GUIDE 1942

Copyright, 1942, by San Diego Directory Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to the Alphabetical List of Names.

Numerical Streets follow the Alphabetical Streets.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family. but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

Advertise Your Good Things

Many a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity—perhaps he is honestly so conscious of the excellency of his wares that he expects the world to search them out. But the busy world hasn't time. If you have a good thing to sell proclaim it from the housetops. The world wants good things, but it can't discover them in hiding places. Bring them into the market place.

CLEANERS AND DYERS

FOR YOU . . . .

More Garments Are Worn Out By Careless Cleaning Than by Actual Wear

In an effort to show a profit on ridiculously low priced cleaning the life and usefulness of many garments are greatly shortened by the use of inferior cleaning material and poor workmanship . . . at the MISSION CLEANERS only high quality cleaning materials are used and Master Cleaners handle your garments during every operation . . . and your garments are insured against loss by fire or theft and against damage by inferior workmanship every minute they are in our care . . . and your garments come back to you neatly mended, buttons sewed on, odorless and pressing that lasts twice as long as "price conscious work" . . . and remember this — "YOUR SATISFACTION IS OUR GUARANTEE."

ABOUT CITY DIRECTORY CIRCULATION —

☆

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made. For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Power of Advertising

The *City Directory* is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

CAUTION

✶

PAY no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of San Diego Directory Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not take payment for either advertising or subscriptions.
