Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of the San Diego City Directory, as well as more than 750 other City, County, State and National Directories, present to subscribers and the general public, this the 1955 edition of the San Diego Suburban City Directory.

Confidence in the continued growth of the San Diego Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the San Diego Suburban Cities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the San Diego Suburban City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the San Diego Suburban Cities is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the San Diego Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the city.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for the San Diego Suburban Cities, Chula Vista, Coronado, El Cajon, La Mesa, Lemon Grove and National City, on pink paper, is the second major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature is the listing of telephone numbers as supplied to us on the canvass are shown opposite the name.

III. THE BUYERS' GUIDE, is the third major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of San Diego Suburban Cities. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In ambitious and progressive communities like the San Diego Suburban Cities, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

IV. THE CLASSIFIED BUSINESS DIRECTORY, is the fourth major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the com-

mon intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

V. THE NUMERICAL TELEPHONE DIRECTORY for the San Diego Suburban Cities, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of San Diego Suburban Cities.

CHULA VISTA (Beautiful View)

CHULA VISTA

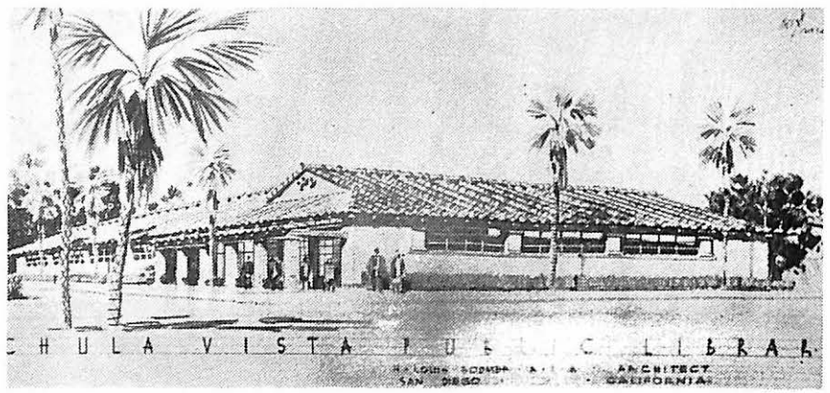

Statistical Review

(Courtesy of Chamber of Commerce)

Chula Vista is located eight miles South of San Diego on the shore of San Diego Bay in a fertile valley almost within whispering distance of Mexico, the mountains and the sea. From the Spanish translation, Chula Vista means "Beautiful View," and indeed the city upholds its name. It is in a valley that produces many things that are good for mankind. First, on this list, is written "neighbors"—for Chula Vista is a neighborly place. The progressiveness of the community is marked by the fact that since 1927 a Chamber of Commerce with a full time secretary has been maintained. The offices are located in their own building in the downtown section. The City itself was incorporated in 1911 with an area of about six square miles. Chula Vista has a complete city government, many miles of paved streets, sewers, and excellent water system, well housed and well stocked library with a children's section and supervision, a good hotel and a beautiful Women's Club House.

Chula Vista's new $375,000 Recreation Center just completed. It includes a modern swimming pool and gymnasium with seating capacity of 1500 spectators at a basketball game. It is designed to be used for other activities of the community.

This modern 14,000 square foot, tile roofed Library, complete with own off-street parking lot, and enclosed, open-air patio-reading room, in now under construction. It is located in the Civic Center and is scheduled for formal opening by mid-summer.

Industry—Chula Vista has a rapid, yet substantial growth and is humming with activity. The answer is celery, lemons, cucumbers, beans, peppers, airplanes and manufacturing.

Schools—Educational advantages are of the best. Eleven elementary schools, one Junior High School and one High School. San Diego State College is only a few minutes drive.

Churches—The religious and moral welfare of the community is well provided for by the many denominations, housed in well appointed edifices.

Recreation—Chula Vista points with pride to three beautiful parks; Memorial Park, Library Park and Eucalyptus Park. Memorial Park at Third and Parkway, is a thing of beauty, with trees, flowers and shrubs, pools, bridges, pathways and a beautiful outdoor bowl of stone masonry. January of 1952 the City received authority by a special election to construct a local swimming pool and gymnasium for which $375,000.00 bond issue was authorized. The gymnasium and swimming pool will be dedicated March 23, 1955 and is a facility of beauty and utility which bears witness to the foresight of the city. Golfing, fishing, swimming, hunting, horseback riding and camping are only a few minutes drive

from the center of the City. For further information write:

THE CHULA VISTA CHAMBER OF COMMERCE

CHULA VISTA, SAN DIEGO COUNTY, CALIFORNIA--is one of the fastest growing cities in Southern California. Look at these figures:

YEAR	POPULATION	RETAIL BUSINESS
1940	5,138	$1,800,000.00
1950	16,505	$18,000,000.00
1951	19,000	$24,000,000.00
1952	21,578	$32,000,000.00
1953	25,864	$41,000,000.00
1954	30,000	$44,000,000.00
1955	Still growing	

A good place to live, work and play.

CORONADO

Statistical Review

(Courtesy of Chamber of Commerce)

Coronado, approximately one mile square, population 17,000, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants, but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. On the north and connected by a narrow strip of sand is the great Naval Base, North Island.

Miles of ocean beaches, glorious in their seaward sweep, stretch across the southern boundary of the city and beside the Silver Strand of Mexico. Sparkling Glorietta Bay, yachtsmen's delight, present a year 'round answer to your desire for boating. In Coronado there is amazing opportunity for recreation in accord with the inclinations of every member of your family--fishing in the surf or out at sea, swimming, bathing, picnicking, golfing, tennis, lawn bowling, riding--all these are but hints of the limitless facilities for relaxation and for play, and Coronado's hotels, apartments, residence accommodations, its modern shops, schools, churches, all assure a superb comfort in a friendly community.

That life in Coronado is delightful is apparent, for geography and climate have been kind to this "island-at-the-tip-of-the-Silver-Strand." It's easy to play in Coronado, and its entirely pleasant to live here, so closely in touch with the mainland, yet so free from its hurry and stress. Whether you come to Coronado for a few weeks or as another of its permanent residents, you will find a new adventure in happy living awaiting you.

EL CAJON

Statistical Review

(Courtesy of Chamber of Commerce)

El Cajon is the thriving city located in the center of beautiful El Cajon Valley, 15 miles east to downtown San Diego, on transcontinental Highway 80. Most rapidly-growing city in the county (from 5, 600 to 14, 058 in three years), El-Cajon approaches being the ideally-balanced community, with retail trade flowing into a well-located trading center, plus a fast-developing industrial section, against a background of agriculture, the traditional economy of the Valley.

The informality and easy friendliness of El Cajon Valley creates the tenor of a convenient "city life with the rural flavor" which has attracted growing numbers of aggressive people who are seeking an opportunity for progress and economic growth in a place where living is ideal.

Located between the mountains and the seashore, the Valley has been selected as the perfect spot for family living by more than 40, 000 persons.

As the leading rural-suburban shopping center of the county, El Cajon has for several years chalked up the highest retail sales-per-capita of any city in the county. Its modern business district offers complete selections, with friendly, personalized service as the "extra value" which makes it "PLEASANT to shop in El Cajon."

Approximately 75 industrial concerns, each relatively small, but representing a huge investment and payroll in the aggregate, have selected El Cajon Valley as their location within the past few years. Products vary from fishing tackle, through scientific instruments, to window sash and airplane parts.

Awareness of the human values is seen in the completely non-commercial Mother Goose Parade, presented each year on the Sunday before Thanksgiving as a "gift to the children of Southern California." Recreation is coming in for increasing attention with construction begun for an 18-hole golf course at Gillespie Field Airport. Already at Gillespie is an Olympic-size swimming pool, gymnasium, and rifle range, with negotiations underway for a baseball park and other facilities for a complete recreation center. A children's playground and family park is being built by a group of citizens in another part of the Valley, and the city of El Cajon has levied a $\frac{1}{2}$ of 1 per cent sales tax to finance a long-range park and recreation program.

Clubs, lodges, schools, churches, riding clubs, square dance groups--all of these and many more elements important to real LIVING in the true American tradition—are present in large measure in El Cajon Valley--the "Valley of Opportunity" for all.

LA MESA

Statistical Review

(Courtesy of Chamber of Commerce)

La Mesa, a city of some 18,500 people and steadily growing, is a city of charming homes that dot the gently sloping hills surrounding La Mesa, taking full advantage of the many superb views. From the higher hills the blue Pacific is seen to the west; to the east loom rugged mountain ranges and to the south lies Mexico. City Manager form of Government.

Architectural styles range from the Spanish, with red tile roofs and white walls, to the functional modern house; but the ranch-type house, with its long, low lines and large windows, predominates. Recent large-scale housing developments have made attractive homes available to moderate-income families.

From the most modest cottage to the most palatial residence, La Mesa's homes are characterized by beautiful gardens, with subtropical plants and colorful flowers, and the majority of them have been built to take advantage of the gracious outdoor living which is possible here during the greater part of the year.

Educational facilities are well geared to meet the requirements of the city's growth. We have two school districts covering the city of La Mesa and surrounding areas with four elementary schools in the city limits and a new high school, the Helix High School. Schools in both districts are rated high in scholastic standing, and the school bus system in the school districts is one of the most efficiently operated in the entire county.

Religious life in the community is symbolized by Mount Helix and its cross, which rises impressively on the eastern outskirts of La Mesa. This is an inspiring sight, particularly on Sunday nights and nights preceding days of religious significance, when the 35-foot cross is lighted. Just below the cross on the east side of the mountain is a large stone and concrete amphitheatre, where sunrise services are held each Easter for all who wish to attend. Within the City of La Mesa there are 16 churches representing many denominations including Baptist, Presbyterian, Catholic, Christian Science, Congregational, Episcopal, Latter Day Saints, Lucheran and Methodist.

Cultural life in La Mesa offers expression and recreation for everyone in music, art, drama, literature, dancing, and a choice of many hobbies. The La Mesa Women's Club is the hub of cultural life here. Organized in 1902 its membership now tops 400. In addition to regular meetings and social events, members find stimulus in various sections: drama, gardening, chorus, arts and crafts, welfare, books and card games. La Mesa's outstanding event is the Festival de Las Flores. Held each August since 1931, this unique flower show attracts many visitors. The community Concert Association brings to La Mesa many of the nation's top-ranking artists each season. Membership in the association is open to all.

Distinction in the little theatre field has been well earned by the Town and Country Players of La Mesa, and this organization, the oldest players group in the county, has won prizes for outstanding writing, acting and directing. Those who aspire to become artists and those who make art their hobby, belong to La Mesa Foothills Art Association. Several groups of singers and instrumentalists, banded together by the joy of music-making among themselves, often lend their cheer and talent to local functions. There is also a writers' club, a photography club, several garden clubs and other groups which have interests centered around hobbies.

The commercial activity in La Mesa has grown increasingly brisk as the population of the city and its environs has expanded. More than 450 business establishments are equipped to supply a normal consumer demand for almost

every type of merchandise. A healthy trend has been the modernization of older buildings and the construction of many new buildings along modern lines, giving the entire area a clean, inviting appearance. Many businesses provide their own parking facilities, and the city maintains a free parking lot. As for the merchants themselves—they are as friendly as they are progressive and public spirited!

La Mesa is a growing city of the sixth class and has a paid fire department with the very latest equipment and a very effective police department with radio equipped prowl cars; and, also, has a very active Chamber of Commerce located at Allison and Date Avenues which extends a cordial invitation to all newcombers, and has maps and directories of the city. The office is open daily, 9:00 a.m. to 5:00 p.m. Tel HOpkins 6-0519.

LEMON GROVE

Statistical Review

(Courtesy of Chamber of Commerce)

Lemon Grove is located nine miles east of San Diego. Its delightfully mild climate and good soil produce an abundance of trees, shrubs and flowers. It is the fastest growing community in the United States. It has a population of around 16,000, yet a few years ago it was purely a lemon growing community with few inhabitants.

Lemon Grove is particularly proud of its schools which have kept up with the growth of the community.

Almost every denomination is represented in its churches, and there are many activities for the young people at the Lemon Grove Youth Center.

The Lemon Grove Chamber of Commerce, P. O. Box 96, Lemon Grove, will be pleased to answer any inquiries about this fast growing community.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

R. L. Polk & Co.

NATIONAL CITY

Statistical Review

(Courtesy of Chamber of Commerce)

San Diego County's second city, with 1954 population exceeding 30,000. Sharing metropolitan San Diego's southern boundary, National City is a natural shopping center for San Diegans and for the whole South Bay suburban area--serving a market of 140,000.

Its smart, modern stores are distributed among several business districts and including a large drive-in shopping center--the only one of its kind south of Los Angeles. The shopper notes that National City business areas were planned to eliminate parking problems.

City of pleasant homes and rolling terrain, with view of bay and mountains, it is also an industrial center--the industrial hub of San Diego County. Machine shops, metal treating, furniture manufacturing and food processing are among its bay-front industries. It is served by the Santa Fe and Southern Pacific railroads.

National City's variety of clean, efficient industry is distributed among plants large and small. One of its newer firms is both San Diego's largest shipper and the nation's largest manufacturer of outdoor redwood furniture.

Ten minutes from either downtown San Diego or the Mexican border, the city is the home of the United States Naval Station with its Pacific reserve fleet (The famed billion dollar mothball fleet), and ship repair facilities. It also is the site of the famed Paradise Valley Hospital and home of the Maytime Band Review--largest annual musical event in Southern California.

National City's community and recreational facilities are unsurpassed, including a strikingly modern library, large community hall, and a beautiful park with memorial bowl, shuffleboard, tennis courts, and swimming pool.

The community supports an active, efficient Chamber of Commerce, with membership of 500. Address communication to National City Chamber of Commerce, P. O. Box V, National City, California.
