ELECTROFILE

FILING BY AUTOMATION

The ELECTROFILE system. An entirely new concept of maintaining control over record keeping, which combines many classifications of records in one compact file. Eliminates need for cross-reference or duplicate files. Does away with the confusion of misfiled or lost cards. SAVES TIME AND MONEY!

Included in the purchase of the ELECTROFILE equipment are the services of fully qualified experts to take charge of the entire changeover procedure from your present system of filing.

We also train your present and future help to operate the new system, and this service is available to you without cost, for the life of the equipment.

The ELECTROFILE system provides a new method of saving time and money by mechanizing active vital records. Cards can be processed through typewriters, posting machines, etc. Requires no complex forms or procedure and can be operated without special skills. Increases efficiency, tightens business controls, and does all this in a fraction of the time and with half the personnel required by ordinary methods.

FINANCING AVAILABLE IF DESIRED

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of the San Diego City Directory, as well as more than 750 other City, County, State and National Directories, present to subscribers and the general public, this the 1956 edition of the San Diego Suburban City Directory.

Confidence in the continued growth of the San Diego Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the San Diego Suburban Cities to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the San Diego Suburban City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like San Diego Suburban Cities, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the San Diego Suburban Cities is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the San Diego Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for the San Diego Suburban Cities, Chula Vista, Coronado, El Cajon, La Mesa, Lemon Grove and National City, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature is the listing of telephone numbers as supplied to us on the canvass are shown opposite the name.

IV. THE NUMERICAL TELEPHONE DIRECTORY for the San Diego Suburban Cities, is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of San Diego Suburban Cities.

CHULA VISTA (Beautiful View)

CHULA VISTA

Statistical Review

(Courtesy of Chamber of Commerce)

Chula Vista is located eight miles south of San Diego on the shore of San Diego Bay in a fertile valley almost within whispering distance of Mexico, the mountains and the sea. From the Spanish translation, Chula Vista means "Beautiful View," and indeed the city upholds its name. It is in a valley that produces many things that are good for mankind. First, on this list, is written "neighbors" —for Chula Vista is a neighborly place. The progressiveness of the community is marked by the fact that since 1927 a Chamber of Commerce with a full time secretary has been maintained. The offices are located in their own building in the downtown section. The City itself was incorporated in 1911 with an area of about six square miles. Chula Vista has a complete city government, many miles of paved streets, sewers, and excellent water system, well housed and well stocked library with a children's section and supervision, a good hotel and a beautiful Woman's Club House.

Industry—Chula Vista has had a rapid, yet substantial growth, and is humming with activity. The answer is celery, lemons, cucumbers, beans, peppers, airplanes and manufacturing.

Schools—Educational advantages are of the best. Thirteen elementary schools, two Junior High Schools and one High School. San Diego State College is only a few minutes drive.

Churches—The religious and moral welfare of the community is well provided for by the many denominations, housed in well appointed edifices.

Recreation—Chula Vista points with pride to three beautiful parks; Memorial Park, Library Park and Eucalyptus Park. Memorial Park at Third and Park Way is a thing of beauty with trees, flowers and shrubs, pools, bridges, pathways and a beautiful outdoor bowl of stone masonry. Chula Vista has four very well used shuffle board courts where the elderly retired people enjoy relaxation from early morning until darkness. Golfing, fishing, swimming, hunting, horseback riding and camping are only a few minutes drive from the center of the City. For further information write:

Chula Vista's Recreation Center includes a modern swimming pool and gymnasium with seating capacity of 1,500 spectators at a basketball game. It is designed to be used for other activities of the community.

This modern 14,000 square foot, tile roofed Library, complete with own off-street parking lot, and enclosed, open-air patio-reading room is located in the Civic Center.

CORONADO

Statistical Review

(Courtesy of Chamber of Commerce)

Coronado, approximately one mile square, population 17,000, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants, but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. On the north and connected by a narrow strip of sand is the great Naval Base, North Island.

Miles of ocean beaches, glorious in their seaward sweep, stretch across the southern boundary of the city and beside the Silver Strand of Mexico. Sparkling Glorietta Bay, yachtsmen's delight, present a year 'round answer to your desire for boating. In Coronado there is amazing opportunity for recreation in accord with the inclinations of every member of your family—fishing in the surf or out at sea, swimming, bathing, picnicking, golfing, tennis, lawn bowling, riding—all these are but hints of the limitless facilities for relaxation and for play, and Coronado's hotels, apartments, residence accommodations, its modern shops, schools, churches, all assure a superb comfort in a friendly community.

That life in Coronado is delightful is apparent, for geography and climate have been kind to this "island-at-the-tip-of-the-Silver-Strand." It's easy to play in Coronado, and its entirely pleasant to live here, so closely in touch with the mainland, yet so free from its hurry and stress. Whether you come to Coronado for a few weeks or as another of its permanent residents, you will find a new adventure in happy living awaiting you.

EL CAJON

Statistical Review

(Courtesy of Chamber of Commerce)

El Cajon is the thriving city located in the center of beautiful El Cajon Valley, 15 miles east to downtown San Diego, on transcontinental Highway 80. Most rapidly-growing city in the county (from 5,600 to 14,058 in three years), El Cajon approaches being the ideally-balanced community, with retail trade flowing into a well-located trading center, plus a fast-developing industrial section, against a background of agriculture, the traditional economy of the Valley.

The informality and easy friendliness of El Cajon Valley creates the tenor of a convenient "city life with the rural flavor" which has attracted growing numbers of aggressive people who are seeking an opportunity for progress and economic growth in a place where living is ideal.

Located between the mountains and the seashore, the Valley has been selected as the perfect spot for family living by more than 40,000 persons.

As the leading rural-suburban shopping center of the county, El Cajon has for several years chalked up the highest retail sales-per-capita of any city in the county. Its modern business district offers complete selections, with friendly, personalized service as the "extra value" which makes it "PLEASANT to shop in El Cajon."

Approximately 75 industrial concerns, each relatively small, but representing a huge investment and payroll in the aggregate, have selected El Cajon Valley as their location within the past few years. Products vary from fishing tackle, through scientific instruments, to window sash and airplane parts.

Awareness of the human values is seen in the completely non-commercial Mother Goose Parade, presented each year on the Sunday before Thanksgiving as a "gift to the children of Southern California." Recreation is coming in for increasing attention with construction begun for an 18-hole golf course at Gillespie Field Airport. Already at Gillespie is an Olympic-size swimming pool, gymnasium, and rifle range, with negotiations underway for a baseball park and other facilities for a complete recreation center. A children's playground and family park is being built by a group of citizens in another part of the Valley, and the city of El Cajon has levied a $\frac{1}{2}$ of 1 per cent sales tax to finance a long-range park and recreation program.

Clubs, lodges, schools, churches, riding clubs, square dance groups—all of these and many more elements important to real LIVING in the true American tradition—are present in large measure in El Cajon Valley—the "Valley of Opportunity" for all.

LA MESA

Statistical Review

(Courtesy of Chamber of Commerce)

La Mesa, a city of some 21,500 people and steadily growing, is a city of charming homes that dot the gently sloping hills surrounding La Mesa, taking full advantage of the many superb views. From the higher hills the blue Pacific is seen to the west; to the east loom rugged mountain ranges and to the south lies Mexico. City Manager form of Government.

Architectural styles range from the Spanish, with red tile roofs and white walls, to the functional modern house; but the ranch-type house, with its long, low lines and large windows, predominates. Recent large-scale housing developments have made attractive homes available to moderate-income families.

From the most modest cottage to the most palatial residence, La Mesa's homes are characterized by beautiful gardens, with subtropical plants and colorful flowers, and the majority of them have been built to take advantage of the gracious outdoor living which is possible here during the greater part of the year.

Educational facilities are well geared to meet the requirements of the city's growth. We have two school districts covering the city of La Mesa and surrounding areas with four elementary schools in the city limits and a new high school, the Helix High School. Schools in both districts are rated high in scholastic standing, and the school bus system in the school districts is one of the most efficiently operated in the entire county.

Religious life in the community is symbolized by Mount Helix and its cross, which rises impressively on the eastern outskirts of La Mesa. This is an inspiring sight, particularly on Sunday nights and nights preceding days of religious significance, when the 35-foot cross is lighted. Just below the cross on the east side of the mountain is a large stone and concrete amphitheatre, where sunrise services are held each Easter for all who wish to attend. Within the City of La Mesa there are 16 churches representing many denominations including Baptist, Presbyterian, Catholic, Christian Science, Congregational, Episcopal, Latter Day Saints, Lutheran and Methodist.

Cultural life in La Mesa offers expression and recreation for everyone in music, art, drama, literature, dancing, and a choice of many hobbies. The La Mesa Women's Club is the hub of cultural life here. Organized in 1902 its membership now tops 400. In addition to regular meetings and social events, members find stimulus in various sections: drama, gardening, chorus, arts and crafts, welfare, books and card games. La Mesa's outstanding event is the Festival de Las Flores. Held each August since 1931, this unique flower show attracts many visitors. The community Concert Association brings to La Mesa many of the nation's top-ranking artists each season. Membership in the association is open to all.

Distinction in the little theatre field has been well earned by the Town and Country Players of La Mesa, and this organization, the oldest players group in the county, has won prizes for outstanding writing, acting and directing. Those who aspire to become artists and those who make art their hobby, belong to La Mesa Foothills Art Association. Several groups of singers and instrumentalists, banded together by the joy of music-making among themselves, often lend their cheer and talent to local functions. There is also a writers' club, a photography club, several garden clubs and other groups which have interests centered around hobbies.

The commercial activity in La Mesa has grown increasingly brisk as the population of the city and its environs has expanded. More than 450 business establishments are equipped to supply a normal consumer demand for almost every type of merchandise. A healthy trend has been the modernization of older buildings and the construction of many new buildings along modern lines, giving the entire area a clean, inviting appearance. Many businesses provide their own parking facilities, and the city maintains a free parking lot. As for the merchants themselves—they are as friendly as they are progressive and public spirited!

La Mesa is a growing city of the sixth class and has a paid fire department with the very latest equipment and a very effective police department with radio equipped prowl cars; and, also, has a very active Chamber of Commerce located at Allison and Date Avenues which extends a cordial invitation to all newcomers, and has maps and directories of the city. The office is open daily, 9:00 a.m. to 5:00 p.m. Tel HOpkins 6-0519.

LEMON GROVE

(FACTS ABOUT LEMON GROVE)

(Courtesy of Chamber of Commerce)

Lemon Grove is located in San Diego County, 8 miles east of the City of San Diego on the Lemon Grove Freeway. We are, by virtue of this beautiful new six lane freeway, less than 15 minutes from downtown San Diego. The population is about 20,000 and it is estimated that we have a trade area of approximately 75,000, within a five mile radius of Lemon Grove.

Two bus lines serve Lemon Grove to San Diego and outlying districts, and there is bus service to and from both public and parochial schools. The Lemon Grove School District consists of four Elementary Schools and a Junior High with a combination Elementary and Junior High under construction. We are in the Grossmont High School District, with Helix High serving this area. By fall of 1957, Mt. Miguel High School will be completed and will also serve Lemon Grove.

There are ten churches located in Lemon Grove, including St. John of the Cross Catholic Church, which maintains its own school.

Lemon Grove has a local Justice Court, is supplied with Police protection by the County Sheriff's office, and has a well manned, adequately equipped Fire Department for the protection of its citizens.

The business district has been planned to give safe and adequate parking; the three banks and Post Office are centrally located; and there are no parking meters.

The Chamber of Commerce, Junior Chamber of Commerce, and many other civic organizations enjoy active memberships; social life is abundant, and sportsmen delight in the proximity of golfing, riding, hunting, deep sea, lake and stream fishing.

From the smaller homes to the beautiful haciendas, with their acres of orchards and plantings, the homes of Lemon Grove are about 95 per cent individually owned. Mail is delivered to the residential districts.

The average rainfall is about 10 to 12 inches annually and average temperature variation between summer and winter is 11 degrees. Lemon Grove is located 450 feet above sea level. The delightfully mild climate and good soil produce an abundance of shrubs, flowers and trees, including orange, lemon, avocado, fig and other semi-tropical fruits.

Because many of our citizens are engaged in civil or military aircraft manufacturing or operations activities, Lemon Grove enjoys the aviation convenience available through nearby La Presa Airport.

From the above information, one can easily agree that Lemon Grove not only enjoys a wonderful residential type of living, but also the "Best Climate on Earth" for double enjoyment.

Statistical Review

(Courtesy of Chamber of Commerce)

San Diego County's second oldest city, with 1956 population exceeding 31,000. Sharing the City of San Diego's southern boundary, National City is a shopping center for San Diegans and for the whole South Bay suburban area—serving a retail market of over 150,000.

Its smart, modern stores are distributed among one square mile of business district, including a large drive-in shopping center—the only one of its size south of Los Angeles. The shopper notes that National City business areas were planned to eliminate parking problems and that it is one of America's few metropolitan cities with no parking meters.

City of pleasant homes on rolling terrain, with views of bay and mountains, it is also an industrial center—industrial hub of the South Bay. Machine shops, metal treating, furniture manufacturing and food processing are among its bayfront industries. It is served by the Santa Fe and Southern Pacific railroads.

National City's variety of clean, efficient industry is distributed among four-dozen plants, large and small. One of its newer firms is both San Diego's largest shipper and the nation's largest manufacturer of outdoor redwood furniture. Other nationally-distributed products manufactured in National City include garden tools, lamps and tie racks. Only seven of National City's manufacturers are defense connected. All National City industry is zoned to the west side of the City.

Ten minutes from either downtown San Diego or the Mexican border—the City is home for the United States Naval Station with its Pacific Reserve Destroyer Fleet (the famed $2-billion mothball fleet) and ship repair facilities. National City also is the site of the famed Paradise Valley Hospital and home of the Maytime Band Review—largest annual musical event in Southern California.

National City's community and recreation facilities are unsurpassed, including a beautiful library, large community hall, and two parks with memorial bowl, shuffleboard, tennis courts, and swimming pools.

The active Chamber of Commerce, with membership of 500, heads a list of 130 civic organizations, service, fraternal and veteran groups. There are 31 churches and 13 public and private schools.

ADDRESS THE CHAMBER OF COMMERCE AT 1318 NATIONAL AVENUE.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

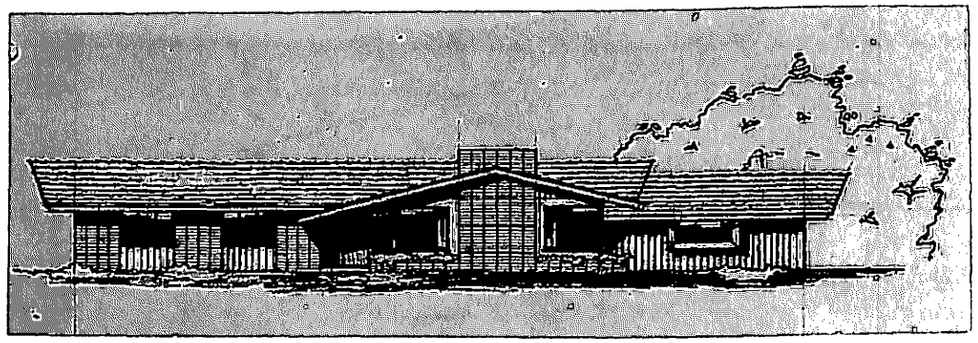
OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .



The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

ELECTROFILE

FILING BY AUTOMATION

The ELECTROFILE system. An entirely new concept of maintaining control over record keeping, which combines many classifications of records in one compact file. Eliminates need for cross-reference or duplicate files. Does away with the confusion of misfiled or lost cards. SAVES TIME AND MONEY!

Included in the purchase of the ELECTROFILE equipment are the services of fully qualified experts to take charge of the entire changeover procedure from your present system of filing.

We also train your present and future help to operate the new system, and this service is available to you without cost, for the life of the equipment.

The ELECTROFILE system provides a new method of saving time and money by mechanizing active vital records. Cards can be processed through typewriters, posting machines, etc. Requires no complex forms or procedure and can be operated without special skills. Increases efficiency, tightens business controls, and does all this in a fraction of the time and with half the personnel required by ordinary methods.

FINANCING AVAILABLE IF DESIRED

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

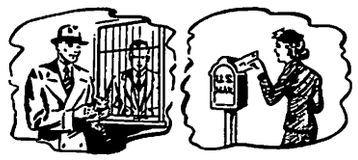
CASHIERS! TELLERS! CLERKS!



★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

YOUR OWN *Magazine*—

- BUILDING GOOD WILL
- CONTACTING PROSPECTS AND CUSTOMERS REGULARLY
- DOING A BETTER SALES JOB

If you manufacture a product or have a service that is sold nationally, why not investigate the many advantages of a consumer magazine to provide a continuing contact with your prospects and customers? There's no better medium for building sales volume, holding customer good will, and in bringing in new customers.

R. L. Polk & Company's Direct Mail Advertising Division now handles all creative, editing, printing, dealer imprinting, list compilation, addressing and complete mailing operations for a select group of national organizations, issuing monthly, quarterly and semi-monthly owner and consumer magazines with a combined circulation of more than 3,000,000 copies monthly. A staff of experienced consumer magazine and market experts is at hand to consult with you on what you may expect from such an advertising program. If yours is a publishing problem, Polk can do it better.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.
