**Canyon Crest Academy School Threat Arrest**

**San Diego**—On March 5, 2018, Officers and Detectives for the Northwestern Division’s Juvenile Services Team responded to Canyon Crest Academy in an effort to investigate recent comments made on social media. During this investigation, a 17 year old juvenile was taken into custody for criminal threats and placed into Juvenile Hall pending further investigation. The San Diego Police Department is encouraging parents to take the time to talk with their children and explain the potential ramifications of posting threats or making comments that might cause another person to be fearful for their safety.

Acting Captain Paul Phillips will be available for questions today between 1:00pm-2:00pm at Northwestern Division.
