**Background**

The company, an engineering, construction and environmental firm, is a successful San Diego business and has been for the past 19 years. One of their main areas of expertise is infrastructure solutions, from commercial & industrial buildings, to bridges and piers to pump stations. The company's signature project to date is the Alvarado Water Treatment Plant Expansion and Upgrade Project for the City of San Diego, a major project from 1988 to 2003.
