San Diego County Office of Education  
Celebration of Learning on March 11, 2018

NATIONAL HISTORY DAY 2018

History Day Objectives (for students in grades 4 - 12):

- Provide teachers with performance-based academic endeavor that fully supports the California History-Social Science Framework, the History/Social Science Content Standards, and College, Career and Civic Life (C3) Framework.
- Encourage Common Core interdisciplinary study by guiding students to express themselves creatively through presentations of historical topics in a variety of media utilizing authentic assessment in student-outcome products that can easily be integrated into the classroom curriculum.
- Support students in developing research, reading, writing, and presentation skills that will help them manage and use information effectively now and prepare them for college and career in the future
- Involve parents and community members in the study and celebration of the importance of history-social science education
