- After conducting an audit we realized he was not a graduate of the Operators which is when we immediately reached out to the Operators union to confirm his total hours to date which are 2,611 as of August 2021 which do not qualify him to be Skilled and should not have been on the project
- Aside from Matthew Loustalet, Flatiron was in compliance with the (Operating Engineer) Skilled & Trained Workforce – Numbers below are with Matthew pulled out (including if we were to add Mr. Loustalet under skilled or trained, we still would have met our numbers):
