

CITY OF SAN DIEGO – 1222 FIRST AVE., SAN DIEGO, CA 92101

PUBLIC NOTICE

Date: Jan. 20, 2022

Subject: New Telecom and Utility Division led by Valued Industry Leader

The City of San Diego's Development Services Department (DSD) has created a new Telecom and Utility Division with Mr. Manjit Singh as its Deputy Director. The new division will help speed up the deployment of wired and wireless broadband communications and emerging technologies equitably throughout the City. This includes the installation of [wireless communications facilities](#), including antennas, support structures and other equipment or apparatus. Singh will also provide valuable industry insight as the City expands its fiber network and delivers digital equity to its citizens.

Singh is a visionary technology leader who has led enterprise-scale, transformative programs including global deployments, onboarding, cloud transitions, problem resolution and process improvement initiatives. He will oversee all 5G (Fifth Generation) mobile technology, broadband, in addition to utility coordination. He has a 25-year background in the wireless-tech industry, including stints with Dish, Verizon, AT&T and Nokia/Motorola. He has a wealth of knowledge in telecommunications and wireless systems, managing deployment teams for Verizon and AT&T in California, Hawaii, Alaska, Las Vegas, the Gulf States, Puerto Rico and San Diego. He was also an integral team member that successfully deployed the first wireless data over 3G/4G/5G and voice over 4G and 5G.

Singh holds a bachelor's degree in electronics and electrical communication from the Panjab University Chandigarh in India, an MBA from the University of Phoenix, and an operational management certification from the Wharton University of Pennsylvania. He has also earned numerous technical certifications and diplomas in the areas of Cloud, and Tech and Data Analytics.
