

CYANIDE CERTIFICATION

Industrial Wastewater Control Program
(858) 654-4100

Applicability: These instructions apply to any industry whose Industrial User Discharge Permit Attachment B, Self Monitoring and Reporting Requirements, includes "Certify cyanide not used or generated". To report compliance with this requirement, the following statement must be submitted, signed as required in the permit under STANDARD CONDITIONS, **Signatory Requirements**.

Cyanide Certification: In lieu of monitoring for cyanide, the following statement must be certified and signed by an authorized representative of the industry and submitted with each self-monitoring report form:

“Based on a review of the raw materials in use and the process chemistry, products, and by-products resulting from each of the manufacturing processes, I certify that to the best of my knowledge and belief, cyanide is neither used nor generated at this facility. I am aware of the potential for significant penalties for submission of false information, including the possibility of fines and imprisonment for knowing violations.”
