

**CONSTRUCTION NOTICE:**

**Construction Scheduled to Begin on Southbound Towne Centre Drive between Towne Centre Gateway and Excalibur Way**

Nov. 2, 2023

Beginning November 2, 2023, construction will start on southbound Towne Centre Drive between Towne Centre Gateway and Excalibur Way as part of the City of San Diego Morena Northern Pipelines and Tunnels project in University City. This section of work is estimated to be complete by the end of December 2023 before crews continue along southbound Towne Centre Drive past Excalibur Way. A notice will be provided before crews cross the Excalibur Way driveway entrance.

**What to Expect:**

- Construction teams will be installing one 48-inch wastewater pipeline and one 30-inch brine pipeline in a 20-foot-deep trench.
- Construction will take place Monday through Friday during the daytime from 7 a.m. to 5 p.m. And occasionally on Saturdays as needed.
- The driveway crossing at Excalibur Way will be done in phases to always ensure access to the Vista La Jolla residences. Flaggers will be on site to assist with traffic as needed.
- Lanes will be shifted on Towne Centre Drive to allow for two-way traffic; pipeline installation will occur in the southbound lanes and there will be one lane in each direction in the northbound lanes of Towne Centre Drive.
- There will be posted temporary "No Parking" signs at the southbound curb of Towne Centre Drive. Parking restrictions will be in place and enforced, please avoid parking in areas with no parking signs. Vehicles in violation of signs will be towed.
- 24/7 access will be maintained for emergency vehicles, residences and businesses.
- For safety reasons, please follow all posted signage for traffic on Towne Centre Drive. Please anticipate traffic delays and construction noise.

**Why:** Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. The Pure Water San Diego Program will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply. The Morena Northern Pipelines and Tunnels project is one of several major water infrastructure projects in Phase 1 of Pure Water San Diego.

The City is committed to clear communication and providing up-to-date information about construction activities. Properties along the construction area will receive printed notices before work begins near their address, and construction notices will be regularly posted on [utc.purewatersd.org](http://utc.purewatersd.org). Please contact [purewatersd@sandiego.gov](mailto:purewatersd@sandiego.gov) or **833-UTC-PWSD (833-882-7973)** with questions about the City's Pure Water Program and the Morena Northern Pipelines and Tunnels project, and a team member will get back to you within one business day.
