

BIOHAZARDOUS MEDICAL WASTE CERTIFICATION

Industrial Wastewater Control Program
(858) 654-4100

Applicability: These instructions apply to any industry whose Industrial User Discharge Permit Attachment B, Self Monitoring and Reporting Requirements, includes "Certify biohazardous BMP implemented". To report compliance with this requirement, the following statement must be signed as required in the permit under STANDARD CONDITIONS, Signatory Requirements, and submitted.

The Biohazardous Medical Waste Certification is required of industrial users with operations that may generate biohazardous medical wastes, such as pharmaceutical manufacturing, pharmaceutical research and development, biotechnology research and development, and medical and pathology laboratories.

Biohazardous Medical Waste Certification: In lieu of monitoring for biohazardous wastes, the following statement must be certified and signed by an authorized representative of the industry and submitted with each self-monitoring report form:

“Based on my inquiry of the person(s) directly responsible for managing compliance with the permit requirements, I certify that, to the best of my knowledge and belief, during the last six months, either:

- 1) No biohazardous medical wastes were generated or disposed of at this facility.
- or
- 2) All biohazardous medical wastes were managed and discharged in compliance with the July 2017 California Medical Waste Management Act and revisions and amendments thereto, as set forth in the California Health and Safety Code, Sections 117600 - 118360.

I am aware of the potential for significant penalties for submission of false information, including the possibility of fines and imprisonment for knowing violations.”
