

Instructions for Bidders

Completing the Good Faith Effort Submittal

The Special Provisions for projects subject to the SLBE Program requires contractors to take affirmative steps to attract and utilize SLBE and ELBE firms.

The information necessary to establish the bidder’s adequate Good Faith Efforts (GFE) to meet the mandatory subcontractor participation percentages must be submitted no later than 3 business days after bid opening date by 5:00 p.m. GFE documentation must include all information noted below.

To be eligible for award, if the mandatory subcontracting goal has not been achieved, bidder must submit GFE documentation as indicated above and achieve a minimum of 80 points out of 100. Failure to achieve the minimum amount of points required will render the GFE non-compliant and therefore render the bid non-responsive.

In order to achieve points, bidder must meet all requirements outlined in each of the sections identified. Any variations and/or omissions in a section will award zero (0) points for that section.

A. SLBE-ELBE PARTICIPATION LEVEL ACHIEVED (30 Points)

Points for this section will be awarded according to the chart below, based upon subcontract award amounts:

Participation Achieved	Points
30-39% of Mandatory SLBE-ELBE Goal	10
40-49% of Mandatory SLBE-ELBE Goal	15
50-59% of Mandatory SLBE-ELBE Goal	20
60-69% of Mandatory SLBE-ELBE Goal	25
≥70% of Mandatory SLBE-ELBE Goal	30

B. SLBE-ELBE WRITTEN SOLICITATION REQUIREMENTS (20 points)

Bidders must solicit SLBE-ELBE firms on the City of San Diego’s (City) approved SLBE-ELBE list. Solicitations for subcontract/vendor work must comply with the following requirements:

1. The solicitation must be project specific, dated and include bid number and project name. *Solicitations must be made to the SLBE-ELBE firms at least 10 business days prior to bid opening date.*

- 1.1. Broad based or mass solicitation is acceptable.
- 1.2. Refer to the City's webpage for a listing of City observed Holidays: <https://www.sandiego.gov/city-holidays>. If the holiday listed falls on a Saturday, the Saturday and the preceding Friday are both legal holidays. If the holiday falls on a Sunday, both Sunday and the following Monday shall be legal holidays. City observed Holidays are not counted towards the 10 business day requirement in this section.
2. Solicitation must state which items or portions of work the bidder is requesting subcontractor/vendor pricing.
 - 2.1 It is the bidder's responsibility to demonstrate that enough work sufficient to meet the SLBE-ELBE goal was made available to SLBE-ELBE firms. The bidder should make as many items of work available as possible to meet the goal, and **at a minimum**, an amount of work equal to the goal.
 - 2.2 If necessary to reach the goal, the work should include those items normally performed by the bidder with its own forces, supplies and even items with a dollar value below 1/2 of 1% of the total bid.
 - 2.3 Bidders **must** utilize Form AA60 to demonstrate compliance with this requirement and submit the completed form with GFE documentation. **Failure to submit Form AA60 will automatically deem GFE submittal non-compliant.**
 - 2.3.1 The City, at its sole discretion, may use the City cost estimate and/or goal calculation worksheet as a means to determine whether the information provided on the AA60 form is representative of potential subcontracting opportunities.
3. Solicitation must state that plans and specs are available at no cost to interested SLBE-ELBE firms and how to obtain them.
4. Solicitations must state that assistance is available from the bidder for SLBE-ELBE subcontractors in obtaining necessary equipment, supplies, or materials.
5. Solicitations must state that assistance is available from the bidder for SLBE-ELBE firms in obtaining bonding, lines of credit, or insurance.
6. Bidder must solicit **ALL** City of San Diego Certified SLBE-ELBE firms who have the NAICS code for the subcontractor/vendor work sought by the general contractor as identified in Form AA60.
 - 6.1 Bidders are not required to contact SLBE-ELBE firms that are noted as

“General Contractor Only – Does not provide services as a subcontractor” in the PRISM compliance database or on the listing provided on the City website.

7. Bidders must provide copies of *ALL* solicitations with one of the following forms of verification *that the solicitations were sent*:
 - a) If mailed: provide copies of the metered envelopes or certified mail receipts.
 - b) If faxed: provide copies of the fax transmittal confirmation sheet(s).
