

Engineering & Capital Projects Department

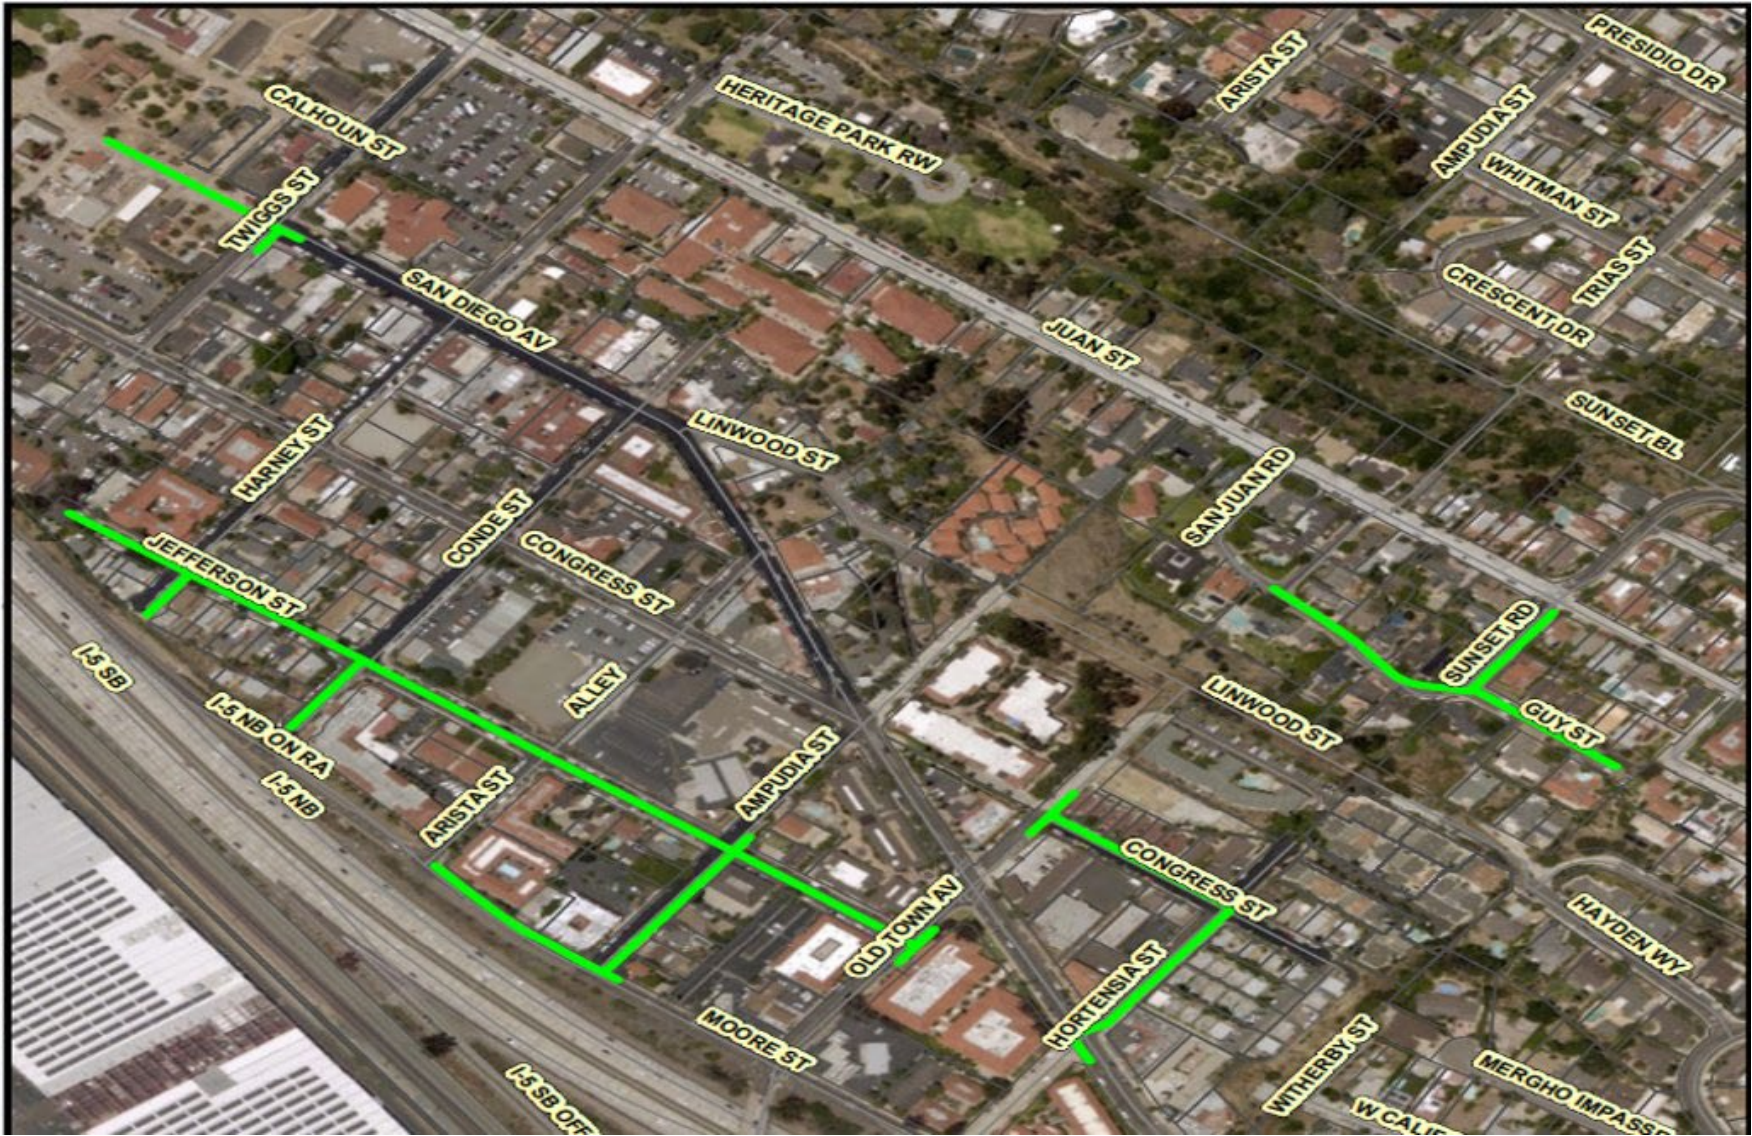

Old Town Improvement 1

Old Town San Diego Community Planning Group
September 2022

Location Map

Council District: 3

Project Scope

➤ Water Mains

- The project will replace about 4,566 linear feet (0.87 miles) of 6,8 and 10 inch AC water mains pipe and abandon 596 linear feet of existing 6&8-inch AC water mains.
- Project will also upgrade some impacted existing curb ramps to meet ADA requirements.

➤ Paving

- Some street segments will be AC overlaid, other segments will only be slurry sealed.

Project Schedule & Budget

- **Estimated Project Schedule:**
 - Construction Start: Summer 2023
 - Construction End: Summer 2024
- **Estimated Project Cost:**
 - Total Project Cost: \$5 million

Construction

- **Parking**
 - Temporary parking restrictions during construction
 - Door hangers will be handed out by the Contractor 2 weeks advance.
 - Temporary water service disruption.
- **Construction Hours:**
 - From 8:30 AM to 3:30 PM
- **Night Work:**
 - San Diego Ave between Mason St and Twiggs St

Benefits

- Improve water delivery system reliability for the Old Town Area.
- Reduce overall maintenance needs and costs
- Substantially reduce potential for failure, repairs, service interruptions
- Enhanced safety by providing ADA accessible path.
