Reference: Skilled and Trained Workforce Act – Action Plan to Achieve

Project: Morena Pump Station – Flatiron Job #3222

Contract # K-21-1801-DBB-3-A

Subcontractor: SOILFREEZE, INC.

SoilFreeze findings regarding the Skilled and Trained Workforce:

- SoilFreeze submitted a request to the AGC for a trained apprentice graduate journeyman on 2/14/24 and did not receive a dispatch or response. See attached request.
- SoilFreeze's scope of work falls under the Laborers classification but the labor union does not train Journeyman on the skills necessary to complete SoilFreeze's scope. For this reason SF work was deemed Exempt from the Project Labor Agreement under article three section 3.2(f) regarding specialized or technical work.
- Due to the unavailability of qualified trained apprentice graduates, a skilled Journeyman, T S , performed all on site work in 2024. This resulted in a skilled and trained ration of zero percent for February.

SoilFreeze plan to achieve the required goal going forward:

- SoilFreeze will continue to request the dispatch of a trained apprentice graduate as a good faith effort to comply with the projects skilled and trained workforce requirement before contract completion.
