

Public Comment HRB Policy Subcommittee March 11, 2024,  
Agenda Item #5 Amendments to Historical Resources Board Policy 4.1, Procedure on  
Establishing Historical Districts, and the Historical Resources Board Procedures Proposed by  
Mission Hill Heritage

Mr. Chair and members of the HRB Policy Subcommittee:

I am Priscilla Ann Berge, a resident of Kensington in San Diego.

You, as members of the Policy Subcommittee, guard in your hands today the three remaining HRB Procedures and Policies: HRB Procedures; HRB Historic District Policy 4.1; and the HRB Policy on the Naming of Historical Resources.

You are the final decision makers on these Procedures and Policies—not any other authority. Even the City Council has no action here.

You can act now. I ask that you review the proposed amendments by Mission Hills Heritage before you today and make recommendations to the full HRB.

Act now on your District Policy or just wait and see all revisions land before the City Council with the kick-off of the Preservation and Progress initiative.

Thank you.
