Upcoming Work at Morena Boulevard and Sherman Street

Starting on Sunday night, April 14, crews will install traffic control within the Morena Boulevard and Sherman Street intersection to accommodate pipeline installation in the intersection. Crews will continue working at night, between 9 p.m. and 5 a.m., Sunday nights through Thursday nights. Traffic control will remain in place within the intersection while crews are not working.

Once installed, the traffic control alignment will restrict vehicles traveling northbound on Morena Boulevard from turning left onto southbound Sherman Street. Drivers will be required to continue northbound, U-turn at the intersection of Buenos Avenue and Morena Boulevard, and then turn right onto Sherman Street from southbound Morena Boulevard.

This portion of work is estimated to last until the end of April 2024. After this portion of work is completed, crews will continue to install pipeline north/northwest on West Morena Boulevard.

Thank you for your patience and understanding as we make progress on this important project.

Safety of the construction crews and community is our top priority.
Please slow down near work sites and follow pedestrian instructions.

About Pure Water San Diego

Pure Water San Diego is the City of San Diego's phased, multi-year program that will provide nearly half of San Diego's water supply locally by 2035. Pure Water San Diego will use proven water purification technology to clean recycled water to produce safe, high-quality drinking water. The Program offers a cost-effective investment for San Diego's water needs and will provide a reliable, sustainable water supply.

Phase 1 includes several projects that will clean recycled water to produce 30 million gallons per day (mgd) of high-quality purified water, reducing the City of San Diego's dependence on imported water.
