

Please read before you register for swim lessons.

All pools will have requirements for swim lesson registration. **Prior to registering**, all returning participants will need to confirm with pool staff to ensure the correct prerequisite skills are listed on their [SDRecConnect](#) account. Otherwise Active-Net will not allow you to register for any upper level lessons. If this is the first time registering for lessons with the City of San Diego you will need to contact pool staff to schedule a participant assessment and help create an [SDRecConnect](#) account.

Participants must be evaluated by staff prior to registration.

NO REFUNDS unless class is cancelled by Pool Manager

Online and Walk-in registration opens at **12:00pm** on the registration dates listed by session dates. **To view class times and availability log on to the online registration site.**

1.Go to [SDRecConnect.com](#) to create an account, register for a class or to view class schedules.

2.After creating an account for yourself, add your family members.

Pool staff is available to assist with all on-line and walk-in registration concerns.

Children under the age of 8, must have a parent or responsible adult remain in the spectator area at all times during Swim Lesson, and Swim Team Programs

FREE NEW CLASS! Water Competency

Participants may register for one session at a time. Enrollment in multiple sessions will result in removal from all but the first registered class. Once a session is completed, participants become eligible to register for another. Please consult pool staff for class availability and registration dates.

This class focuses on foundational water safety and swimming skills. **Goggles are not permitted** at this level.

Participants will work toward mastering the **Water Competency Sequence**, which must be completed in the following order, without pauses, assistance, or touching the wall:

1. Jump into deep water (overhead depth), surface, and recover.
2. Float on the back or tread water for 1 minute.
3. Rotate 360° and orient toward the designated exit.
4. Swim 25 yards using front crawl with rhythmic breathing or elementary backstroke.

Exit the pool without using a ladder, gutter, or assistance.

Important: Participants who demonstrate the ability to pass the full Water Competency Sequence during the first class will be withdrawn and directed to register for a more appropriate level. Please note that space in advanced-level classes is not guaranteed, so it is important to register for the correct level class. If you are unsure of your placement, we recommend scheduling a skills assessment with pool staff before registering.

KEEPING THE POOLS CLEAN & OPEN

*Please rinse off before entering the water.

*When the pool is contaminated with fecal matter, the pool must close.

*Take your children on restroom breaks and check diapers often.

*An appropriate swimsuit is required, no cotton fabrics.

*Swim diapers are required for children under 4 years old regardless of toilet training.

*Change swim diapers in the restroom or a diaper changing area; not in the pool area.

*After using the restroom, thoroughly cleanse (especially the diaper area) with soap and water before swimming.

*Patrons are not permitted to swim in the pool if they have diarrhea or have had diarrhea in the past two weeks. You can spread germs in the water and make other people sick.
