SUBJECT: Item 2 – General Plan Refresh (Blueprint SD initiative) and Programmatic Environmental Impact Report

The City Planning Department has amended the draft General Plan Refresh (Blueprint SD) submitted as Item 2 on the May 30, 2024, Planning Commission agenda. City Planning staff have been working with CAL FIRE to ensure compliance with state requirements for General Plans addressing wildfires, resulting in some additional minor edits proposed for amendment and inclusion within the Public Facilities, Services and Safety Element (Attachments 1, 2 and 3). The amendments were made in coordination with the City Attorney's Office. These amendments will be included in the Public Facilities, Services and Safety Element of the General Plan, following the Planning Commission meeting on May 30, 2024.

The Community Planning Committee met on May 28, 2024 and voted (17-6-3) to provide recommendations to Blueprint SD (attachment 4). The purpose of the proposed recommendations is to make Planning Commission and City Council aware of Blueprint SD comments, and to encourage the City to address the issues raised by the Community Planning Committee. The recommendations are currently being reviewed by City Staff.
