

**CONSTRUCTION NOTICE:  
Temporary Striping on Eastgate Mall Scheduled  
for North City Pure Water Facility & Pump Station Project**

On **Tuesday evening, May 21**, a segment along Eastgate Mall will receive restoration traffic striping for the North City Pure Water Facility, as part of the Pure Water San Diego Program.

Temporary traffic control and restoration striping work will occur between Eastgate Drive to Judicial Drive. Traffic control measures will be implemented to direct eastbound and westbound traffic around this work, which involves roadway lane layout and restoration striping.

Access along Eastgate Mall will be maintained at all times. Flaggers will be on-site, and the road will periodically be temporarily reduced to one lane of traffic to execute the work in the highlighted area. Please see the map below for the details.

Working hours are from 6:30 pm. on Tuesday, May 21, to 5 am. on Wednesday, May 22. Full unimpeded travel in each direction will reopen after the work is complete.

### **About the North City Pure Water Facility**

The North City Pure Water Facility is the cornerstone of several major water infrastructure projects that are part of Pure Water San Diego. This multi-year program will provide nearly half of San Diego's water supply locally by 2035 through purifying recycled water to produce safe, high-quality drinking water.

The North City Pure Water Facility and Pump Station will clean the recycled water produced at the North City Water Reclamation Plant using a proven five-step purification process to provide 30 million gallons per day (mgd) of highly purified water. The pump station will then convey the 30 mgd of purified water to Miramar Reservoir, where it will be stored before receiving additional treatment at the Miramar Water Treatment Plant. The new facility will be constructed on the north side of Eastgate Mall between Eastgate Drive and Interstate 805 and will include a visitor/discovery center.

Construction is expected to take place between 2021 and mid-2026, with the majority of work anticipated to be completed by late-2025. For more detailed schedule information and maps, please visit **[phase1.purewatersd.org](https://phase1.purewatersd.org)**.

### **Contact Us**

To receive regular project updates during construction, please click the "Sign Up For Email Updates" tab on the website's right side and select the "North City Pure Water Facility and Pump Station" email list.

Please contact **[purewatersd@sandiego.gov](mailto:purewatersd@sandiego.gov)** or **833-UTC-PWSD (833-882-7973)** with questions about the City's Pure Water Program or the North City Pure Water Facility project. A team member will get back to you within one business day.

Thank you for your patience and cooperation as this project is constructed.
