III. Action and Informational Items (6:15-6:55 p.m.)

- a. Item 1: Mid-City Community Parking District Presentation by Will Slate. The purpose of the presentation is to allow discussion and to gauge general community interest in the parking proposal described below.
 - i. The Mid-City Community Parking District is requesting that the City of San Diego allow owners and tenants to park in front of their own driveways. This would help provide relief in parking impacted areas at almost no cost to the City. It essentially creates a guaranteed on-street parking space in front of their driveway, while not taking a space from anyone else. In addition to the California Vehicle Code allowing this, it has already been done in a number of other California cities.
- b. Item 2: Pershing Street Bikeway Project Update by representative from SANDAG/GObyBIKE, [Pershing Bikeway Overview \(keepsandiegomoving.com\)](https://www.sandag.org/keepsandiegomoving.com)

- c. Item 3: Discussion and request for input on the North Park Community Park capital improvements project, Logan Braydis, Community Representative for City of San Diego, Third District Councilmember Stephen Whitburn
- d. Item 4: Community feedback on the new stoplight at the University Ave/North Park Way exit on I-805 South.
