NOTICE OF RIGHT TO APPEAL

ENVIRONMENTAL DETERMINATION

CITY PLANNING DEPARTMENT

PROJECT NAME/NUMBER: Traffic Signals Loop Repairs
COMMUNITY PLAN AREA: Citywide (1-9)
COUNCIL DISTRICT: Citywide
LOCATION: Citywide

PROJECT DESCRIPTION: The project consists of installing new traffic loops and repairing or replacing older and/or damaged traffic signal loops throughout the City. Completion of the project will improve traffic signal detectors. Work includes using machinery to cut a small insertion in the asphalt and fill it with sealant. No trenching will occur, and all work will be within the public right-of-way (paved streets) or previously disturbed, and non-sensitive areas only. A Traffic Control Plan (TCP) and Best Management Practices (BMP) will be implemented throughout construction activities.

ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego

ENVIRONMENTAL DETERMINATION: Categorically Exempt from CEQA pursuant to CEQA State Guidelines Sections 15301 (Existing Facilities) and 15302 (Replacement or Reconstruction).

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego Mayor-Appointed Designee.

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:

The City of San Diego conducted an environmental review and determined the project is exempt pursuant to State CEQA Guidelines Section 15301 (Existing Facilities) which consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures or facilities involving negligible or no expansion of use; and 15302 (Replacement or Reconstruction) which consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity. The exceptions listed in CEQA Guidelines Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effects on the environment were identified; no historical resources would be affected by the action; and as to the exception for hazardous materials, there are locations listed on GeoTracker and EnviroStor within 1,000 feet of the public right-of-way. While these locations are listed, the proposed projects would not involve ground disturbance which would expose potential hazardous materials, and as such would not preclude the use of a CEQA exemption pursuant to Section 65962.5 of the Government Code.
