**STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:**

The City of San Diego conducted an environmental review and determined the project is exempt pursuant to State CEQA Guidelines Section 15301 (Existing Facilities) which consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures or facilities involving negligible or no expansion of use. The exceptions listed in CEQA Guidelines Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effects on the environment were identified; no historical resources would be affected by the action; and as to the exception for hazardous materials, there are locations listed on GeoTracker within 1,000 feet of the project area. While these locations are listed, the proposed projects would not involve ground disturbance which would expose potential hazardous materials, and as such would not preclude the use of a CEQA exemption pursuant to Section 65962.5 of the Government Code.
