NOTICE OF RIGHT TO APPEAL

ENVIRONMENTAL DETERMINATION

CITY PLANNING DEPARTMENT

PROJECT NAME/NUMBER: Jones Elementary School Joint Use Facility General Development Plan
COMMUNITY PLAN AREA: Serra Mesa
COUNCIL DISTRICT: 7
LOCATION: Jones Elementary School: 2751 Greyling Dr, San Diego, CA 92123

PROJECT DESCRIPTION: The proposed project includes the design and construction of a joint use facility (JUF) at Jones Elementary School in the City of San Diego. The Jones Elementary School Joint Use Facility is part of the 'Play All Day Parks Program', a partnership between the City and the San Diego Unified School District (SDUSD) to expand the City's existing joint use parks program. SDUSD is the lead agency directing the design and construction of the joint use facility at Jones Elementary School. Construction staging would stay within the boundaries of district property. The proposed GDP includes the design and construction of a 2.09-acre natural grass multi-purpose field, 9 ft. wide asphalt walking track around the field, shade trees, ADA drinking fountain, accessible parking lot for joint use field, access gates, fencing improvements, and other recreational amenities.

ENTITY CONSIDERING PROJECT APPROVAL: City of San Diego

ENVIRONMENTAL DETERMINATION: This activity is categorically exempt from CEQA pursuant to State CEQA Guidelines Section 15301 (Existing Facilities), Section 15303 (New Construction or Conversion of Small Structures), Section 15304 (Minor Alterations to Land), Section 15311 (Accessory Structures), Section 15314 (Minor Additions to Schools), and Section 15323 (Normal Operations of Facilities for Public Gatherings).

ENTITY MAKING ENVIRONMENTAL DETERMINATION: City of San Diego Mayor-Appointed Designee.

STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:

The City of San Diego conducted an environmental review that determined the project would not have the potential for causing a significant effect on the environment pursuant to State CEQA Guidelines Section 15301 (Existing Facilities) which consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use; Section 15303 (New Construction or Conversion of Small Structures) which consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure; Section 15304 (Minor Alterations to Land) which consists of minor public or private alterations in the condition of land, water,

and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry or agricultural purposes; Section 15311 (Accessory Structures) which consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities; Section 15314 (Minor Additions to Schools) which consists of minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25% or ten classrooms, whichever is less; and Section 15323 (Normal Operations of Facilities for Public Gatherings) which consists of the normal operations of existing facilities for public gatherings for which the facilities were designed, where there is a past history of the facility being used for the same or similar kind of purpose. For the purposes of this section, "past history" shall mean that the same or similar kind of activity has been occurring for at least three years and that there is a reasonable expectation that the future occurrence of the activity would not represent a change in the operation of the facility. The exceptions listed in CEQA Guidelines Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effects on the environment were identified; the project is not adjacent to a scenic highway; no historical resources would be affected by the action; and the project was not identified on a list of hazardous waste sites pursuant to Section 65962.5 of the Government Code.
