**ENTITY MAKING ENVIRONMENTAL DETERMINATION:** City of San Diego Mayor-Appointed Designee.

**STATEMENT SUPPORTING REASON FOR ENVIRONMENTAL DETERMINATION:**

The City of San Diego conducted an environmental review and determined the project is exempt from CEQA pursuant to State CEQA Guidelines Section 15301 (Existing Facilities), which allows for the operation, repair, maintenance, permitting, leasing, licensing, or minor alterations of existing public or private structures or facilities involving negligible or no expansion of use including existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities; and where the exceptions to the exemptions listed in CEQA Section 15300.2 would not apply in that no cumulative impacts were identified; no significant effects on the environment were identified; the project is not adjacent to a scenic highway; and no historical resources would be affected by the action. As to the exception for hazardous materials, there are locations listed on GeoTracker and EnviroStor within 1,000 feet of the public right-of-way. While these locations are listed, there are no open environmental cases of known hazardous material contamination that would be disturbed which would otherwise preclude use of a CEQA exemption pursuant to Section 65962.5 of the Government Code.
