DOWNTOWN SAN DIEGO PARTNERSHIP

I. Overview

The Downtown San Diego Property and Business Improvement District (District) is a benefit assessment district that began providing services to Downtown properties in 2000. The District's purpose is to provide improvements, maintenance and activities which constitute and create a special benefit to assessed parcels. As required by state law, property owners have created this Management District Plan (Plan) to renew the District for a ten (10) year term.

Background: The District was formed pursuant to the Property and Business Improvement District Law of 1994, Streets and Highways Code section 36600 et. Seq. (the 1994 Law). The 1994 Law allows districts to be formed and renewed for a maximum ten-year term. The 1994 Law requires preparation of this Plan, submission of supportive petitions signed by property owners who will pay more than 50% of the assessment, and a city council hearing process. The District is also subject to the requirements of California Constitution Article XIII D, which requires preparation of an Engineer's Report (Section VI herein) and a ballot process in which there is no majority protest (a majority protest meaning a "no" vote by owners who returned more than 50% of the ballots, weighted by the amount each owner will pay in comparison to the total of the returned ballots).

Location: The District's approximate boundary encompasses the majority of downtown San Diego and generally includes parcels situated east of Pacific Highway, south of Ash Street from Pacific Highway to Front Street, south of I-5 from Front Street to Tweet Street Linear Park, south of Ash Street from Tweet Street Linear Park to Park Boulevard, and south of B Street from Park Boulevard, west of I-5, north of Commercial and Harbor Drive to 13th Street, and north of Newton Ave from S 13th Street to 16th Street, and north of Commercial Street from 16th Street to the San Diego Freeway. The District has been divided into benefit zones as described in Section II. A detailed map series is included herein as Appendix 10.

Purpose: The purpose of the renewed District is to provide improvements, maintenance and activities which constitute and create a special benefit to assessed parcels. The District will provide maintenance, beautification & placemaking, installations, safety & hospitality services, business attraction and retention, and related administration directly and only to assessed parcels within its boundaries. All of the services are over and above those provided by local government agencies and constitute and provide a special benefit to assessed parcels.

Cost: The Service Plan for the District (included herein as Section III of this Plan) has identified improvements, maintenance and activities which constitute and create a special benefit to assessed parcels. These improvements, maintenance and activities were determined from the results of an intercept survey (Appendix 8). Based on the intercept survey and the cost of the proposed improvements,

maintenance, and activities, the total District assessment for the initial year of its ten-year operation is anticipated to be $14,382,234.77. This number reflects the estimated amount of special benefit to assessed parcels, as calculated in the Engineers Report included herein. Assessment funding will be supplemented by non-assessment funds of $875,876.22 so that the annual total service plan cost for the initial year is anticipated to be $15,258,110.98. This number reflects the estimated amount of special benefit and the estimated amount of general benefit, as calculated in the Engineer's Report included herein. Bonds will not be issued by the District.

Cost:

The proposed source of financing is a parcel assessment. The annual cost to the parcel owner is based on benefit zone, parcel or building square footage, and linear street front footage. The larger of either parcel or building size is utilized for parcels in Columbia, City Center, Cortez, East Village, Gaslamp and Marina. The Commercial Enhancement Program (CEP) includes all public parcels with a commercial building of over 40,000 square feet. The CEP assessment rate is based on building square footage.

The assessments are authorized to increase the lesser of either by i) the annual percentage change in the San Diego Area Consumer Price Index (the SDCPI-U) of the previous year's rate beginning in Year 2, or ii) 7%.

In any assessment increase scenario as authorized herein, the assessment rate increase shall not exceed 7%. However, if SDCPI-U is higher than 7%, the excess shall be cumulatively reserved and may be added to the SDCPI-U in years in which the SDCPI-U is less than 7%.

Area	Initial Square Footage Rate ($/sqft/yr)	Initial Linear Front footage Rate ($/lin ft/yr)
Columbia	$0.075[1]	$15.00
City Center	$0.075[1]	$22.50
Cortez	$0.1125[1]	$15.00
East Village	$0.15[1]	$15.00
Gaslamp	$0.375[1]	$52.50
Marina	$0.15[1]	$15.00
CEP	$0.06[2]	Not Assessed

[1]Applied to the greater of either parcel square footage or building square footage
[2]Applied to building square footage

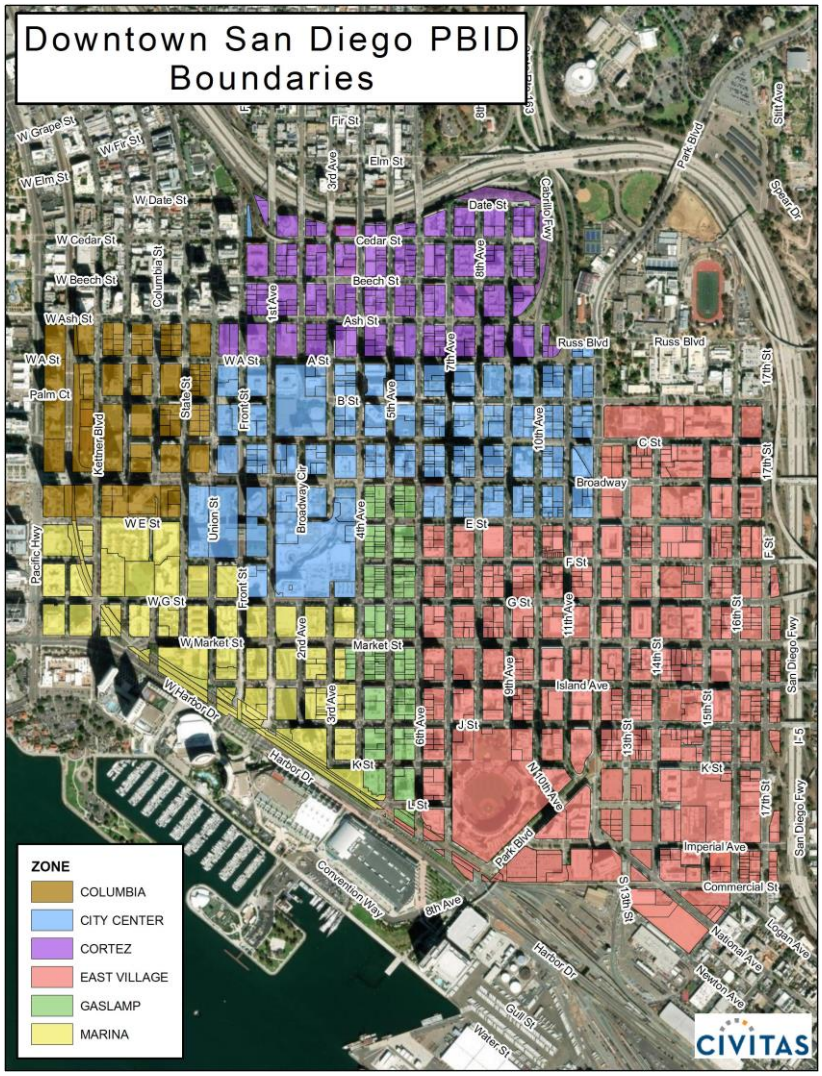

Duration:

The renewed District will have a ten-year-life beginning July 1, 2025, and ending June 30, 2035. The assessment is levied for the same ten-year term starting July 1, 2025, through June 30, 2035. Prior to the expiration of the District, the petition, ballot, and City Council hearing processes must be repeated for the District to again be renewed.

Management: A nonprofit corporation, the Downtown San Diego Partnership (the "Partnership"), will continue to serve as the Owners' Association. The Partnership will be responsible for implementing improvements, maintenance and activities in accordance with this Management District Plan. The Partnership will provide annual reports to the City of San Diego pursuant to Streets and Highways Code section 36650.

II. Boundaries

The District includes parcels in Downtown San Diego. To account for the varying levels of need for services, the District has been divided into six benefit zones. The Downtown San Diego Property and Business Improvement District boundaries are as follows:

Exterior Boundaries

The District's approximate boundary encompasses the majority of downtown San Diego and generally includes parcels situated east of Pacific Highway, south of Ash Street from Pacific Highway to Front Street, south of I-5 from Front Street to Tweet Street Linear Park, south of Ash Street from Tweet Street Linear Park to Park Boulevard, south of B Street from Park Boulevard, west of I-5, and north of Commercial and Harbor Drive to 13th Street, and north of Newton Ave from S 13th Street to 16th Street, and north of Commercial Street from 16th Street to the San Diego

Freeway. The District has been divided into benefit zones as described in Section II. A detailed map series is included herein as Appendix 10.

Benefit Zone Boundaries

The DSDPBID will be divided into six benefit zones for District services:

- The "Columbia" benefit zone includes all parcels within the District boundaries west of Union Street until Union Street intersects Broadway where it proceeds west until intersecting State Street. It then proceeds south until intersecting with E Street and heading west to the District's west boundary.
- The "City Center " benefit zone's boundaries start with the intersection of A Street and Union Street where it runs east along Union Street until proceeding north at the intersection of 11th Avenue before heading east on Russ Blvd. At the intersection of Russ Blvd and Park Blvd it heads south until intersecting with E Street. It proceeds west on E Street until intersecting with 6th Avenue before intersecting with Broadway and heading west. At the intersection of Broadway and 4th Avenue it proceeds south on 4th Avenue until it intersects G Street. From G Street it proceeds west until intersecting Front St and turning north. At the intersection of W F Street it goes west to intersect with State Street. It proceeds north until intersecting with W Broadway and going west to intersect with Union Street before returning to it's starting point. There is also a parcel in the Southwest block of Cedar Street and W Date Street and the I-5 onramp.
- The "Cortez" benefit zone includes all parcels within the District boundaries east of Union Street and north of West A Street/A Street and west of 11th Avenue. It also includes Tweet Park.
- The "East Village" benefit zone starts at the corner of E street and 6th avenue before proceeding east on E Street and intersecting Park Blvd. Heading north on Park Blvd it intersects with B Street before proceeding east on B Street. At the intersection of B Street and heading south along I-5. At the intersection of Commercial Street and I-5 it proceeds west before heading south at the intersection of 16th street. Along 16th Street it proceeds until Newton Avenue where it heads northwest until intersecting with National Avenue. The boundaries head west along Imperial Avenue from the intersection with National Avenue, proceeding southwest at the intersection with Park Blvd. Then at the intersection with Tony Gwynn Dr it proceeds northwest until 6th Avenue. There are also 2 parcels that run along the train tracks between L Street and East Harbor Drive.
- The "Gaslamp" benefit zone beings at the intersection of K Street and 4th Avenue before proceeding north to the intersection of Broadway. This includes the eastern half block that is between Market Street and Island Avenue (Bound by 3rd and 4th Avenue). It continues east along Broadway before proceeding south on 6th Avenue to the intersection of L Street. There are also 4 parcels that are the 4 most northern parcels of the block bound by L Street, 5th Avenue, 6th Avenue and Harbor Drive.
- The "Marina" benefit zone begins at the corner of E Street and Pacific Highway where it proceeds west on E Street until intersecting with State Street. It heads south on State Street until intersecting with W F Street where it proceeds along W F Street. The boundaries

proceed south on Front Street until intersecting with G Street where it heads west until 4th Avenue. At the corner the boundaries proceed south until K Street. All parcels within the District boundaries west of 3rd Avenue are included.

The database for this project relied on information from local government sources, including the San Diego County Assessor, City of San Diego, Koppel & Gruber Public Finance (who is contracted by the City of San Diego), as well as CoStar, the global leader in real estate information. Errors can and will occur in this data.

III. Service Plan

Service Plan

The renewed District will provide particular and distinct improvements, maintenance, and activities based on the priorities identified by property owners during over 85 property owner meetings, 46 HOA meetings, property owner surveys, open house and forums. These improvements, maintenance, and activities constitute and create a special benefit to assessed parcels. All of the improvements, maintenance, and activities are over and above existing baseline services provided by the City of San Diego, which represent City standards. As baseline service levels fluctuate over the term of the District, levels of improvements, maintenance, and activities provided by the District may fluctuate to ensure services continue to be over and above those existing baseline services. All of the improvements, maintenance, and activities are aimed to constitute and provide special benefits directly and only to assessed parcels, and will not be provided directly to the public-at-large or to non-assessed parcels inside or adjacent to the District boundaries. The services will generate some general benefit to the public-at-large and non-assessed parcels within and adjacent to the District boundaries, to be detailed in the Engineer's Report.

The frequency and level of improvements, maintenance, and activities provided to individual parcels were determined by property owners within each benefit zone through a series of over 90 property owner meetings held from November 2021 to September 2023. The frequency and level of improvements, maintenance, and activities will vary based on benefit zone but will be consistent within each benefit zone. Improvements, maintenance, and activities provided will include, but not limited to:

1. Cleaning & Maintenance

The purpose of the maintenance program is to create and maintain a clean, inviting, usable District for the purpose of conferring special benefit upon the assessed parcels. The distinct maintenance activities to be provided constitute and generate special benefits to assessed parcels.

Maintenance crews will regularly patrol and service the District. Maintenance crews may provide the following enhanced services:

- Remove debris and litter from sidewalks on a regular basis;
- Power wash sidewalks at least monthly to remove accumulated spots and stains;
- Remove gum on a regular basis;
- Promptly remove graffiti on public property as needed, to eliminate visual blight and deter additional graffiti;
- Clean and maintain Broadway, Market, and Park Blvd. medians as needed, including landscaping maintenance;
- Maintenance and repair of enhanced brick, tile, concrete, or other decorative sidewalk materials in the public right of way. "Enhanced" within the meaning of this sentence means any improvement that is completed using DSDPBID assessment revenue during the duration of the District;
- Management of pet waste receptacles;

- In partnership with the City of San Diego, maintain non-City standard lights, including midblock lights, as needed;
- Remove stickers and other debris from light poles, and paint light poles as needed to eliminate visual blight;
- Regularly empty, clean, and repair public and District-owned garbage cans not regularly serviced by the City under their Baseline Services;
- Regularly trim trees to remove low-hanging branches and promote growth and development of these key landscape features;
- Maintain the Children's Park water feature, including inspection of the basin, vacuuming and sweeping of the basin, removal of debris and maintaining the chemical balance and water quality;
- Provide enhanced park and open space maintenance for Children's Park, East Village Green Park, Historic Horton Park, William Heath Davis House Mini Park, Gaslamp Square Park, Tweet Street Park, MLK Promenade and Pantoja Park. In the event a new open space or park becomes available, it is up to the discretion of the Owners Association to add enhanced benefits to that open space or park; and
- Maintenance of new physical improvements installed by the District.

2. Beautification & Placemaking

New physical improvements will be installed throughout the District. Enhanced improvements will include trash cans, pet waste receptacles, trees, outdoor seating in key thoroughfares, parklets, pedestrian plazas, cycling amenities, placemaking, decorative lighting and any other installations that confer a special benefit to assessed parcels throughout the District and open spaces. Funds may be used on the acquisition, construction, installation, or maintenance of these improvements. Beautification & placemaking may also include public space activations and events.

Beautification & placemaking efforts to make the District more useable and attractive may include installation of planter boxes and hanging baskets, decorative tree lights, placemaking signage, and any other beautification & placemaking improvements or activities that confer a special benefit to assessed parcels throughout the District.

3. Safety & Hospitality

Safety & hospitality services may be provided directly to assessed parcels throughout the District. The goal of the program is to increase usability of assessed parcels and address issues which discourage property owners, tenants, and customers from visiting assessed parcels, ultimately constituting and conferring unique, special benefits upon assessed parcels.

Safety ambassadors will be deployed throughout the District on a regular schedule. The ambassadors are committed to responding to concerns, proactively addressing instances of nuisance behavior, handling such instances with a focus on an empathetic approach, always aiming to create a positive environment that encourages patronage and tenancy to assessed parcels. Deployment schedules will be thoughtfully evaluated at regular intervals to ensure that the unique needs of each parcel are met in the most effective and considerate manner possible. This program has proven to be a successful, and humane approach, and has been found to be the

most efficient way to confer the special benefits of increased safety, usability, cleanliness, and commerce for the benefit of assessed parcels within the District.

Safety & hospitality services are enhanced services above the baseline of municipal services provided. An integrated homelessness care team may be used to address chronic issues and provide services to and build relationships with those in need in order to provide the special benefit of a safer and usable area for assessed parcels. This team of experts is committed to reducing Downtown homelessness through connections to appropriate interventions, including the Family Reunification Program which reconnects homeless individuals with their support systems as a diversion from homelessness. By deploying a concentrated effort for homelessness care services, assessed parcels will benefit from increased safety, usability, cleanliness, and commerce upon the assessed parcels within the District. By providing safety & hospitality services and fostering relationships with the community, assessed parcels benefit from the enhanced environment, making the District a clean and safe place to conduct business. The District recognizes that homeless individuals may incur a general benefit from services in this category. The amount of the general benefit received by homeless individuals will be paid with outside assessment funds, the amount of which is accounted for in the Engineer's Report.

Commercial Enhancement Program (CEP) Parcels

In addition to the standard safety & hospitality services, the Commercial Enhancement Program (CEP) parcels will receive further services. These services are unique to the CEP parcels and are funded by the CEP assessment. To aid in business retention and recruitment efforts, the CEP may provide additional safety & hospitality services for the purpose of conferring special benefit upon assessed properties in the CEP. Because of their unique characteristics as described in the Engineer's Report in Section VI, these properties differ from standard properties in their benefit from safety & hospitality services. These initiatives will aim to address issues related to safety & hospitality services on CEP parcels. These issues discourage business tenants and customers, detracting from the parcel owners' ability to engage in commercial activities on the parcel. Issues to be addressed by safety & hospitality services include loitering, aggressive panhandling, sleeping in entrances to buildings and sidewalks in front of CEP parcels, littering, harassment of tenants and customers, public intoxication, public urination, and similar behaviors - which detract from the business being conducted on the CEP parcels. The goal will be to reduce the incidence of these behaviors on CEP parcels and confer a special benefit upon the CEP assessed parcels by creating a more inviting and accessible business environment for current and potential CEP tenants. This program benefits the parcels directly due to increased security, increased attraction of commercial activity and increased cleanliness. To ensure efficient service provision, a program manager will assist CEP parcels in addressing these chronic and detrimental issues addressed by safety & hospitality services. The program manager will be hired specifically to manage this CEP program and will provide services only to CEP parcels for the purpose of conferring special benefit upon the assessed CEP parcels. Like the remaining programs, as determined in the Engineer's Report, a portion of this program will be paid for by non-assessment funds.

The benefit of CEP services is based on parcel size. Parcels with larger square footage will receive more benefit and therefore will pay more in assessment funds under CEP. For example, a 40,000 square foot parcel is smaller in size than a 100,000 square foot parcel and therefore will not receive as much benefit as the larger parcel.

4. Business Attraction & Retention – Commercial Enhancement Program (CEP)

The business attraction and retention program will provide services, programs, and activities aimed at attracting prospects looking to locate and/or grow in downtown buildings, retain businesses currently officed within downtown buildings and encourage investment that enhances the marketability of parcels that fall only within the Commercial Enhancement Program (CEP). The purpose of this program is to provide a consistent, centralized effort to help increase occupancy rates, lease rates, and commerce on CEP parcels, thus benefiting the assessed parcels. The business attraction and retention program may include but is not limited to the following services, programs, and activities:

- Research, package, and maintain comprehensive market information on downtown relative to the CEP;
- Identify target business groups and niches that are most likely to locate within the buildings on parcels in the CEP;
- Collaborate with regional economic development agencies, the City of San Diego, and other stakeholders to coordinate and leverage business attraction efforts that encourage the occupancy of CEP buildings;
- Develop relationships with CEP tenants through regular outreach to understand their needs and guide strategic programs for retention and growth;
- Create programs, campaigns, or other efforts to promote lease renewal and tenant retention for such CEP properties;
- Develop a database of CEP property ownership, management, and tenants to use throughout all CEP recruitment and retention efforts;
- Implement beautification programs that enhance pathways of travel to and from CEP parcels;
- Develop print, digital, online, and interactive tools aimed at promoting the buildings of more than 40,000 SF that fall within the CEP to bolster recruitment and retention to CEP parcels. Tools will convey essential data that provides a complete picture of the downtown environment and economy and will document the case for why businesses would want to locate within these specific CEP buildings;
- Work alongside industry experts to introduce stakeholders to CEP parcels for their consideration;
- Maintain and continue to enhance an interactive website promoting the Downtown market and specifically the CEP parcels;
- Develop communications tools to highlight the latest activity, news, and exciting updates within the market that enhance the marketability of CEP properties; and
- Host special events to highlight CEP properties and the benefits of the downtown environment.

5. Program Management

Management efforts related to service provision will be undertaken by the Owners' Association. The Owners' Association may also enter into agreement(s) with subcontractor(s) to assist in the implementation of programs and services within specific benefit zones. Management will include a comprehensive electronic work order system to streamline services to parcels, training, office space, office supplies, insurance, legal and auditing, uniforms, website, training, administrative staffing, and other general operations and administrative items.

IV. Cost

Estimated Costs and Funding Sources

Improvements, maintenance, and activities needed were based on property owner input received via surveys, group meetings, and individual meetings. After determining the improvements, maintenance, and activities desired, estimates were developed for the costs based on the cost of past provisions and quotes for additional improvements, maintenance, and activities.

Expenditures

The Service Plan for the District (included herein as Section III of this Plan) has identified improvements, maintenance and activities which constitute and create a special benefit to assessed parcels. These improvements, maintenance and activities were determined from the results of an intercept survey (Appendix 8). Based on the intercept survey and the cost of the proposed improvements, maintenance, and improvements and activities, the total District assessment for the initial year of its ten year operation is anticipated to be $14,382,235.77 This number reflects the estimated amount of special benefit to assessed parcels, as calculated in the Engineers Report included herein. The initial assessment cost and service category allocations for the initial year of operation are shown in the chart below.

Service	Year 1 Cost	%
Cleaning & Maintenance	$6,624,519.46	48.47%
Safety & Hospitality	$4,032,316.19	29.50%
Program Management	$1,966,084.05	14.39%
Business Attraction & Retention – CEP	$715,564.56	N/A
Beautification & Placemaking	$504,039.53	3.69%
Contingency	$288,021.88	2.11%
Administration	$251,689.10	1.84%
Total	$14,382,234.77	100.00%

Assessment funding will be supplemented by non-assessment funds of $875,876.22 so that the annual total service plan cost for the initial year is anticipated to be $15,258,110.98. This number reflects the estimated amount of special benefit and the estimated amount of general benefit, as calculated in the Engineer's Report included herein.

Total Amount Proposed to be Expended

The estimated total amount proposed to be expended in each year of operation is below. The improvements, maintenance, and activities to be provided in the first year are described in Section IV. The same improvements, maintenance, and activities are proposed for subsequent years.

Year	Total
Year 1	$15,258,110.98
Year 2	$16,326,178.75

Year	Total
Year 3	$17,469,011.26
Year 4	$18,691,842.05
Year 5	$20,000,270.99
Year 6	$21,400,289.96
Year 7	$22,898,310.26
Year 8	$24,501,191.98
Year 9	$26,216,275.42
Year 10	$28,051,414.70

Adjustments

The annual costs of service provision may fluctuate over the term of the District depending on the market cost of those services. In order to account for such fluctuations in the costs of providing services and to meet the evolving needs of the District, the Owners' Association may annually adjust the categorical allocations by no more than fifteen percent (15%) of the total cost. Funds must be spent on services provided within the zone from which they were collected; funds from one zone may not be reallocated to provide services in another zone. Adjustments shall be made only to effectuate the efficient provision of services and respond to changing service costs or needs. Any adjustments will be reflected in the annual report. The Owners' Association may establish a program reserve to account for unexpected costs or revenues.

In the initial year, the costs of renewing the District may be repaid in accordance with the reimbursement agreement between the City of San Diego and the Partnership. Such costs shall not exceed $300,000 and shall be proportionally allocated among all cost categories and Benefit Zones.

In the event of a legal challenge against the District and/or the Owners' Association, up to five percent (5%) of the annual assessment collected may be used for costs of defending the District and/or the Owners' Association, subject to the following sentence. Any amounts used for litigation defense shall be proportionally allocated among all expense categories and Benefit Zones.

Roll Over

Any funds not spent in the year in which they are collected may be rolled over into future years' costs. Rolled-over funds may be spent within the category from which they originated, or they may be reallocated to another category provided the re-allocation is within the fifteen percent (15%) annual adjustment limitation. Rolled-over funds will be reflected in the annual report.

Administrative Cost

The City of San Diego will retain a portion of the assessment to cover its actual costs in collecting and administering the assessment. In the initial year, the City's administration cost shall be $251,689.10. In each subsequent year of operation, the City's cost of collection may be subject to

an increase up to three-percent (3%) of the City administration cost fee. Nothing stated in this section should be interpreted to limit the City's ability to recover the full cost of administration per state law.

Contingency

The cost includes a prudent fiscal reserve to buffer the District against unexpected changes in revenue and prevent the halting of services as a result of the unexpected fluctuations in revenue. The contingency ensures that adequate resources are available to address unexpected events and mitigate potential risks. The City shall retain two (2.0%) of the assessment collected as contingency. At the end of each year, the City shall make available to the Owners' Association any contingency funds remaining in accordance with the procedures described in the Operating Agreement.

As the District nears the end of its ten (10) year term, if there are contingency funds remaining and property owners desire to renew the District, the remaining loss provision funds may be used for the costs of renewing the District. Assessment funds may only be spent on the costs of renewing the District that pertain to parcels assessed under this Plan. If additional parcels are included in the renewed district, that portion of the cost shall be paid for separately. If parcels are removed in the renewed district, and there are remaining unspent funds attributable to those parcels, those parcels' portion of the contingency fund that would otherwise be used for renewal costs shall be refunded in proportion to the amount paid by each parcel.

Cost by Zone

Other than funds spent on district-wide services that cannot be allocated to a specific zone, assessment funds collected in each Benefit Zone may only be used to provide services to assessed parcels in that particular Benefit Zone, they may not be used to provide services in other Benefit Zones. This Plan recognizes that there will be services provided to the district at-large; those services will be paid for by revenue provided from each zone. The table in Appendix 3 illustrates the categorical expense by Benefit Zone for the initial year of operation.

Estimated Annual Cost

The assessment rate increases described herein assume that there are no changes to parcels which cause the total assessment to increase or decrease. If there are changes to the parcel square footage, building square feet, or linear front footage, the annual assessment cost may be slightly higher or lower than shown below as a result. The annual estimated maximum assessment, broken down by zone, is included in Appendix 5.

The assessments are authorized to increase the lesser of either by i) the annual percentage change in the San Diego Area Consumer Price Index (the SDCPI-U) of the previous year's rate beginning in Year 2, or ii) 7%.

In any assessment increase scenario as authorized herein, the assessment rate increase shall not exceed 7%. However, if SDCPI-U is higher than 7%, the excess shall be cumulatively reserved and may be added to the SDCPI-U in years in which the SDCPI-U is less than 7%.

Fiscal Year	Total Annual Assessment
Year 1	$ 14,382,234.77
Year 2	$ 15,388,991.20
Year 3	$ 16,466,220.59
Year 4	$ 17,618,856.03
Year 5	$ 18,852,175.95
Year 6	$ 20,171,828.27
Year 7	$ 21,583,856.25
Year 8	$ 23,094,726.18
Year 9	$ 24,711,357.02
Year 10	$ 26,441,152.01

V. Governance

Owners' Association

Streets and Highways Code section 36651 authorizes the City to contract with the Owners' Association named in this Plan, which must be a nonprofit corporation. The Downtown San Diego Partnership, a nonprofit corporation, shall serve as the Owners' Association. In the event of malfeasance or misappropriation of funds by the Partnership, the City may designate a different Owners' Association. If a different Owners' Association is designated, all references herein to abilities and responsibilities of the Partnership shall be deemed to refer to the Owners' Association.

The Owners' Association may enter into an agreement(s) with contractor(s), in consultation with the property owners of a benefit zone, to guide, supervise, and implement the improvements, maintenance, and activities for that benefit zone, including the management and operations related to such activities.

The Partnership may contract with an entity, Service Manager, who would be responsible for providing services within one District zone. The Partnership may also contract with a nonprofit corporation ("Clean & Safe Corporation") for guidance on implementation of the Cleaning & Maintenance program throughout the District. The Partnership and the Clean & Safe Corporation shall be responsive to the needs of property owners paying the District assessment. The Clean & Safe Corporation must meet all of the following requirements:

- A majority of the Board of Directors shall be owners, or the owners' authorized representative, of parcels paying the District assessment; and
- The Clean & Safe Corporation shall act in compliance with its Bylaws and Articles of Incorporation; and
- The Board shall have members who represent each of the six benefit zones in the District in proportion to the amount of assessment paid by each benefit zone; and
- The Clean & Safe Corporation's primary purpose shall be to provide clean and safe services in Downtown San Diego; and
- The Board shall include one representative of the Downtown San Diego Partnership; and
- The remaining members of the Board shall be individuals with an interest in the well-being of Downtown San Diego, who may be business owners or residents; and
- The Clean & Safe Corporation shall have or obtain tax-exempt status under Internal Revenue Code section 501(c)(4) or 501(c)(6); and
- The Clean & Safe Corporation shall be subject to the Brown Act and California Public Records Act, following the guidelines below.

Brown Act and Public Records Act

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose[1]. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act, when conducting District-related business and keeping District-related records. These regulations are designed to promote public accountability. The Owners' Association operates as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.) when conducting District business. The Downtown San Diego Partnership will serve as the Owners' Association, thus meetings of the Partnership's Board and committees wherein District business is heard or conducted must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act for District-related records.

Notices of meetings given pursuant to the Brown Act will be posted in a publicly accessible location at least 72 hours before the meeting and on the corporation's website. The website will also include all non-confidential back-up materials provided to one or more board or committee members concerning one or more agenda items prior to the meeting.

Annual Report

The Partnership shall present an annual report at the end of each year of operation to the City of San Diego, pursuant to Streets and Highways Code section 36650. The annual report shall include the following:

1. Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

[1] Streets and Highways Code section 36614.5

Online Records

The Owners' Association or the Clean & Safe Corporation shall make available on its website the following documents. All documents will be posted within five (5) business days of becoming available, and any changes to this information shall be made to the website not more than five (5) business days after the Partnership or the Clean & Safe Corporation becomes aware of the change.

- Articles of Incorporation and any amendments thereto;
- Bylaws and any amendments thereto;
- Meeting agendas and all non-confidential back up materials provided to one or more board or committee members concerning one or more agenda items prior to the meeting;
- Tax returns, including any amendments thereto;
- Any annual reports, annual audits, or financial disclosures;
- Form 990 for Board members; and
- The name for each Board member.

The Board of Directors of the Clean & Safe Corporation shall also be required to make available meeting minutes, and must post them in accordance with the other records as described above.

Operating Agreement

The Partnership, as the Owners' Association, will enter into an Operating Agreement with the City of San Diego. The Operating Agreement shall include the following provisions (at a minimum) which shall supersede any other provisions in the Operating Agreement inconsistent therewith:

- "Contractor shall comply with the City of San Diego Living Wage Ordinance" starting July 1, 2025;
- "Members of the Board and senior management will not be able to bid for or receive contracts from the Contractor/PBID;"
- "Each and every website for the District or Contractor shall post: all regular meeting agendas and any non-confidential back-up materials; approved meeting minutes; Contractor's articles of incorporation or formation, including any and all amendments thereto; Contractor's bylaws, including any and all amendments thereto; any annual audits or financial disclosures, the Annual Report; contracts awarded in accordance with the Conflict of Interest and Procurement Policy for Nonprofit Corporations Contracting with the City of San Diego, which are $35,000 or more, including a notation of the number of bidders for such contracts; Contractor's tax returns, including any and all amendments thereto; any and all determinations of Contractor's tax-exempt status by the Internal Revenue Service or the Franchise Tax Board; and any other information or materials required by the Operating Agreement to be posted on a website. All such items shall be posted not more than five business days after they become available. Social security

numbers, employer identification numbers and other confidential information may be redacted from the posted materials;" and

- "Contractor shall not commingle in the same bank account (i) any funds it receives under this Agreement with (ii) any other funds that Contractor may receive (except for interest earned on funds on funds deposited in the account)."

VI. Engineer's Report

A. Introduction

1. Law

This Engineer's Report is prepared in compliance with Section 36622 of the Property and Business Improvement District Law of 1994, which requires "a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan." The District's parcel assessments will be imposed in accordance with the provisions of Article XIIID of the California Constitution. Article XIIID provides that "only special benefits are assessable,"[2] and requires the City to "separate the general benefits from the special benefits conferred on a parcel."[3] Special benefits are a "particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public-at-large."[4] Conversely, a general benefit is "conferred on real property located in the District or to the public-at-large."[5] Assessment law also mandates that "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[6]

1. District Improvements, Maintenance and Activities

Cleaning & Maintenance

The District's cleaning & maintenance services will be provided along streets and sidewalks immediately adjacent to the assessed parcels. These services are not provided outside of the District; they have been "tied to particular parcels based on proximity…that reflect[s] a direct advantage enjoyed by [each] parcel."[7] The service levels and frequency have been customized to each zone, to ensure they meet the needs of each parcel. Each assessed parcel will specially benefit from the cleaning & maintenance services being provided throughout the District. The cleaning & maintenance services will help make each of the assessed parcels clean, inviting, and usable – therefore, more desirable to existing and potential customers and tenants. For example, litter removal, sidewalk sweeping, and sidewalk power washing will make the parcels' access points cleaner, more inviting, and more usable to customers and tenants who will not have to dodge debris or get gum on their shoes as they enter a parcel. Fast graffiti removal will help prevent additional graffiti and ensure an inviting atmosphere. A clean, inviting, and usable atmosphere is a special benefit and encourages increased commerce, occupancy rates, and lease rates for the special benefit of the assessed parcels.

By providing a clean and usable environment, the cleaning & maintenance services will also contribute to increased security throughout the District, specially benefitting the assessed parcels by deterring crime and nuisance behavior and reducing liability risk.

---

[3] Cal. Const., art. XIII D, §4(a)
[4] Id, §2(i)
[5] Cal Const., art XIII D §2(i)
[6] Cal. Const., art. XIII D, §4(a)
[7] Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

Beautification & Placemaking

The District's beautification & placemaking efforts will be provided along streets and in public spaces throughout the District. These services are not provided outside of the District; they have been "tied to particular parcels based on proximity…that reflect[s] a direct advantage enjoyed by [each] parcel."[8] The service levels and frequency have been customized to each zone, to ensure they meet the needs of each parcel. The assessed parcels will specially benefit from these services as they will enjoy a unique and valuable proximity to the beautification & placemaking features which is particular and distinct and not shared by parcels outside the District. The beautification & placemaking features will specially benefit the assessed parcels by making the District a more attractive, inviting, and usable place for existing and potential customers and tenants. They will contribute to a community identity via unique landscaping and décor. For instance, planter boxes and decorative tree lights will be installed throughout the District. The boxes and lights will give the District a more attractive, inviting atmosphere –more desirable to customers and tenants. A more attractive, usable, inviting, and ultimately desirable atmosphere is a special benefit and encourages increased pedestrian traffic, commerce, occupancy rates, and lease rates for the special benefit of the assessed parcels.

Safety & Hospitality

The District's safety & hospitality services will be provided along streets and sidewalks immediately adjacent to the assessed parcels. These services have been "tied to particular parcels based on proximity…that reflect[s] a direct advantage enjoyed by [each] parcel."[9] These services are not provided outside of the District. These services will confer special benefits upon the assessed parcels by making the District a cleaner, more attractive, inviting, and safer place to live, work and do business – ultimately, more desirable to existing and potential customers and tenants on the assessed parcels. The program will include ambassadors who will be deployed throughout the District to respond to concerns and proactively address instances of behavior. These instances would otherwise negatively impact parcels by discouraging customers and tenants, increasing liability risk, and reducing usability. The safety & hospitality care patrols will complement the cleaning & maintenance services in that they handle instances of nuisance behavior with thoughtfully evaluated, considerate intervention programs, including an integrated homelessness care team and ambassadors as detailed in Section III of the Management District Plan, and will help to prevent graffiti, littering, and similar behaviors on and adjacent to the assessed parcels. Parcels will receive the special benefits of the services being provided, plus increased safety, deterrence of crime and nuisance behavior, reduced liability risk, and increased ease of use.

Business Attraction and Retention- CEP

Business attraction and retention services will be provided only to CEP parcels, and only those parcels are assessed for this service. By working directly with current and potential tenants of CEP parcels, this service will aim to provide the special benefits of increased

[8] Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

9 Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

occupancy and lease rates on the assessed parcels. Comprehensive market information will be developed and provided only to CEP parcel owners, which will be a special benefit. The market information will assist owners and brokers in leasing buildings on CEP parcels. Dedicated program staff will be provided to work with CEP parcel owners and assist them in their leasing efforts. These programs are a particular and distinct special benefit provided exclusively to CEP parcels.

Administration/Program Management/Contingency

To provide the special benefit services, a portion of the budget has been dedicated to administration/program management/contingency. The administration and program management will specially benefit the assessed parcels in that they are necessary to collect and administer the assessment and provide the special benefit improvements, maintenance or activities. The contingency portion will be spent to account for delinquent collections and unpaid assessments and to ensure that adequate resources are available to address unexpected events and mitigate potential risks that may affect the assessed parcels.

B. Quantitative Benefit Analysis

The property uses within the boundaries of the District that will receive special benefits from District funded programs and services are currently a mix of commercial parcels, public parcels, single family residential parcels, condominiums, mixed-use parcels, timeshares, and Commercial Enhancement Program (CEP) parcels. Improvements, maintenance or activities provided and funded by the District (i.e. cleaning & maintenance, beautification & placemaking, safety & hospitality services, business attraction and retention, and related administration) are primarily designed to provide special benefits as described below to assessed parcels within the boundaries of the District.

The proposed District programs, improvements, maintenance and activities and Year 1 — assessment allocation by Zone are as follows:

Services	%*	Columbia	Center City	Cortez	East Village	Gaslamp	Marina	Year 1
Cleaning & Maintenance	48.47 %	$529,497.51	$1,369,961.18	$615,050.49	$2,405,004.27	$1,071,763.06	$633,242.95	$6,624,519.46
Safety & Hospitality	29.50 %	$322,302.83	$833,889.41	$374,378.56	$1,463,915.64	$652,377.51	$385,452.23	$4,032,316.19
Program Management	14.39 %	$157,149.00	$406,589.31	$182,540.18	$713,778.65	$318,087.41	$187,939.50	$1,966,084.05
Business Attraction	N/A	$184,035.18	$395,142.90	$54,491.94	$79,044.54	$2,850.00	$0.00	$715,564.56

& Retention – CEP								
Beautification & Place Making	3.69%	$40,287.85	$104,236.18	$46,797.32	$182,989.46	$81,547.19	$48,181.53	$504,039.53
Contingency	2.11%	$23,021.57	$59,563.38	$26,741.26	$104,565.15	$46,598.28	$27,532.23	$288,021.88
Admin	1.84%	$20,117.50	$52,049.71	$23,367.96	$91,374.68	$40,720.10	$24,059.16	$251,689.10
Total	**100%**	**$1,276,411.46**	**$3,221,432.07**	**$1,323,367.70**	**$5,040,672.39**	**$2,213,943.55**	**$1,306,407.60**	$14,382,234.77

*Percentage based on Assessment Total without CEP.

The Engineer determined the total cost of the improvements, maintenance and activities, quantified the general benefit accruing to parcels within the District, to the public-at-large and to non-assessed parcels adjacent to and within the District, and separated that amount from the special benefit accruing to the assessed parcels using a four-step process, as detailed herein. Then, the Engineer determined the proportional special benefit derived by each parcel and allocated the special benefit value of the improvements, maintenance and activities accordingly. The Engineer's determinations and detailed calculations are summarized in this report.

1. **Parcel Categorizations**

Commercial Parcels

Commercial parcels will receive and benefit from all District services, which are aimed to attract and increase customers and visitors to assessed parcels. Commercial parcels include retail-use, office-use, industrial, hotels, garages, and vacant parcels & parking lots zoned or used for any of the aforementioned uses. These parcels have a commercial component because their owners aim to benefit from tenant rents, increased customers, or increased use by visitors. All of the commercial parcels within the District boundaries, except for those that are of the non-assessed types discussed herein, will receive and specially benefit from the District's services; therefore, they will pay the standard assessment rate based on their size (based upon the greater of parcel or building size) and frontage (based upon the linear footage of the parcel fronting streets) as described herein, applicable to their respective benefit zones. All parcels that are not commercial, public, single family residential, condominiums, mixed-use, or timeshares as described herein shall be considered commercial for the purposes of this Engineer's Report.

Public Parcels

The California constitution states, "parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessments unless the agency can demonstrate by clear and convincing evidence that those publicly

owned parcels in fact receive no special benefit."[10] None of the public agencies which own property in the District's boundaries have made such a demonstration. All of the publicly-owned parcels within the District boundaries, except for those that are of the non-assessed types discussed herein, will receive and specially benefit from the District's services; therefore, they will pay the standard assessment rate based on their size (based upon the greater of parcel or building size) and frontage (based upon the linear footage of the parcel fronting streets) as described herein, applicable to their respective benefit zones.

Single Family Residential Parcels

The state legislature has determined that "properties zoned solely for residential use … are conclusively presumed not to benefit from the improvements, maintenance and activities funded through these assessments, and shall not be subject to any assessments." [11] The improvements, maintenance and activities to be provided are designed to specially benefit commercial, public, and high-density residential parcels via increased commerce, occupancy, and lease rates. None of these benefits apply to single-family residential parcels, which will not be serviced or benefit from the District's activities. Single-family residential parcels are those that are zoned R-1 and have a use code of 11. There are currently no single-family, zoned exclusively residential parcels in the boundaries. Commercially zoned parcels with single family homes occupying them are not zoned solely for residential use and will be assessed. Condominium buildings and parcels, and parcels with multi-family residential units are not considered single-family residential and will be assessed based on their size (based upon the greater of parcel or building size) and frontage (based upon the linear footage of the parcel fronting streets) as described herein.

Condominiums

Condominium parcels in the district are not zoned exclusively for residential purposes, and will specially benefit from the District's services, thus they will be assessed and receive services. Each condominium parcel is assessed for size based on its individual built square footage, as determined by the county assessor's records.

The linear front footage assessment for individual condominium parcels has been allocated based on each parcel's proportional share of the linear front footage. Consistent with the prior District, the resulting number was rounded to the nearest whole front foot. The frontage allocation is a measurement tool to determine proportional benefit for each condominium parcel; it is not intended to reflect actual street frontage existing on each parcel in a condominium building. Because the condominium parcels all share the same street frontage, it is appropriate that the allocation be equal among the parcels. The frontage is relative to the building, not to each individual unit- therefore, the best way to calculate the frontage for condominium is on a pro rata basis. A sample calculation is shown below, with the final frontage allocation representing the frontage per parcel rounded to the nearest whole number.

[10] Cal. Const., art XIII D § 4(a)

[11] Streets and Highways Code § 36632(c)

Total Frontage		# of Parcels		Frontage Allocation
500	÷	130	=	4

Mixed- Use Parcels

Mixed-Use parcels are those with condominium and other uses in a single building. The size assessment for each parcel in a mixed-use building is based upon its individual built square footage, as determined by the county assessor's records.

The linear front footage assessment for individual parcels in a mixed-use building has been allocated based on each parcel's proportional share of the linear front footage relative to the number of parcels in the building. The frontage is relative to the building, not to each individual unit- therefore, the best way to calculate the frontage per parcel is on a pro rata basis. The frontage allocation represents the frontage per parcel rounded to the nearest hundredth. A sample calculation is shown below.

Total Frontage		# of Parcels		Frontage Allocation
700	÷	290	=	2.41

Timeshares

Timeshare parcels in the District are not zoned exclusively for residential purposes, and will specially benefit from the District's services, thus they will be assessed and receive services. Each timeshare parcel in timeshare buildings has been divided into individual parcel numbers which each represent one week of interest in the building.[12] Each individual timeshare unit has 51 parcel numbers assigned to it, thus the building square footage for each timeshare was determined by dividing the total built square footage for the unit by 51. A sample calculation to determine the building square footage allocation for an individual timeshare is shown below, not rounded:

Time Share Built Square Footage		# of Parcels		Time Share Square Footage Allocation
360	÷	51	=	7.058

The linear front footage assessment for individual timeshares has been calculated based on each parcel's proportional share of the linear front footage relative to the number of timeshare parcel numbers on the parcel. Similarly, the square footage of each individual timeshare parcel number has been calculated based on the building size and number of timeshare units, to ensure that each owner pays their proportional share of the benefit. Because timeshares are a unit of time rather than physical space, and are much smaller than condominiums, the linear front footage allocation for timeshares has been rounded to the nearest thousandth. A sample calculation is shown below.

[12] Per the San Diego County Assessor's Office

Total Building Frontage		# of APNs		Frontage per APN
500	÷	3000	=	0.167

Commercial Enhancement Program

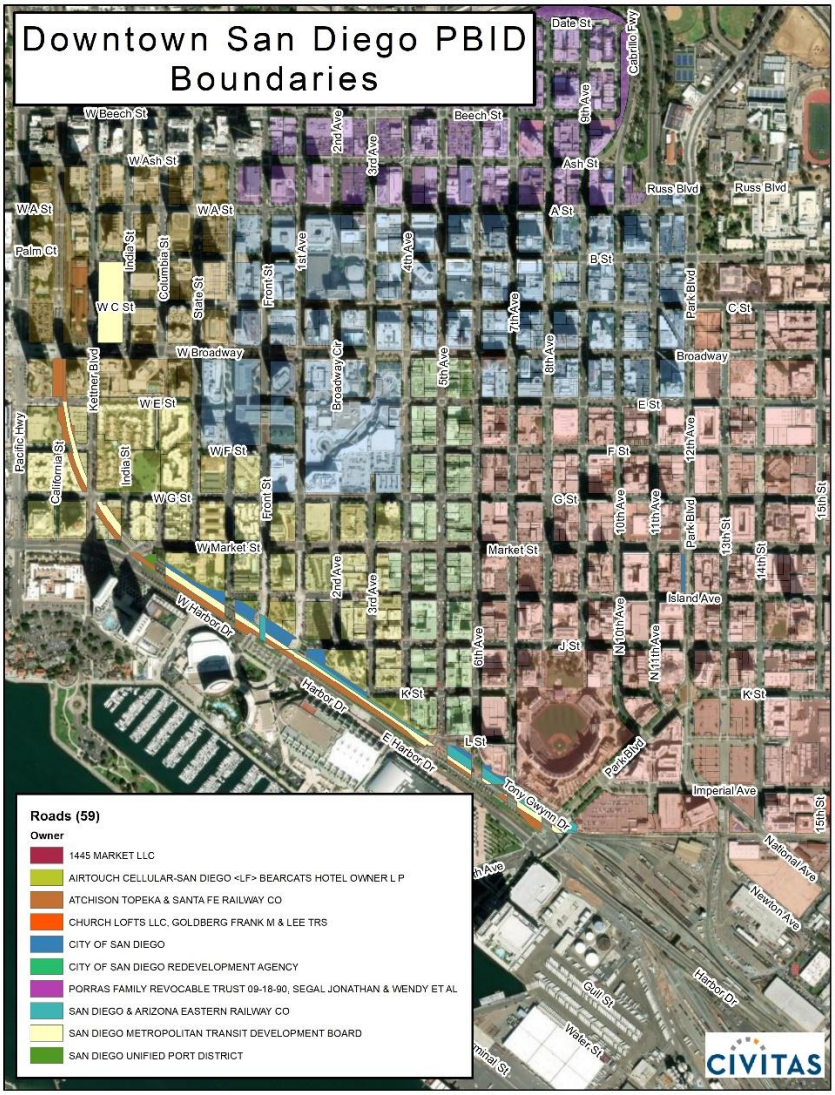

The Commercial Enhancement Program (CEP) is comprised of parcels within the District that are occupied by a commercial building of at least 40,000 square feet, of which the majority (50%) is used for market rate leasable commercial office purposes. CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs in addition to the services described herein. Because the CEP program is designed to attract businesses to rent space available for lease in the commercial buildings, CEP assessments have been limited to only buildings with a majority (50%) of their space dedicated to market-rate leasable commercial office purposes. Furthermore, size (sq. ft) of the building also plays a factor in benefit received as larger buildings with majority leasable space can accommodate large tenants that are targeted in the program. Based on leasing activity in the marketplace, it was determined that the program would not benefit buildings with less than 40,000 sq ft. In addition, the service, and the resulting benefit, is not provided to those parcels that are not assessed and is provided to those parcels that are assessed.

Non-Assessed Parcels

There are sixty-six (66) parcels within the District that will not be assessed. These parcels are neither commercial, nor non-exclusive residential, industrial, nonprofit, or public parcels and will not specially benefit from or directly receive the District's improvements, maintenance and activities. These parcels are accounted for in the analysis of general benefit provided to non-assessed parcels within the District. These parcels have the following uses:

- Miscellaneous Special / Agricultural (2): These parcels are zoned special / miscellaneous, with an agricultural use code. They are areas with no commercial activity.
    - APN 5340320412: This parcel is a small portion of the roof of a building. The roof is not usable space and the remainder of the roof is not parcelized. The building's lot size and square footage are accounted for in another parcel number.
    - APN 5340320410: This parcel does not have a tax bill or size information on record with the County Assessor. It is entirely contained within another parcel.
- APN 5335441300: This parcel does not have a zoning or use code on file with the County assessor.

- Easement: APN 5353471300: This parcel is the roof of a building. It is not a useable or occupiable roof space, rather it is populated with machinery. This is an open space easement rather than an actual parcel of land.
- APN 5333820704: This parcel is the common area of a garage parking lot, and will not benefit from any of the District's services.
- Road or alleyway/Sidewalk (59): These assessor's parcel numbers are specially created for a few of the roads and alleyways within the district. The vast majority of the roads and alleyways within the District are not parcelized, meaning they have no parcel number. These parcels are not assessed because they have no commercial activity on them and are only used as thoroughfares to access the assessed parcels. The map on the following page depicts the different owners for the road parcels.

Each of the improvements, maintenance and activities, and the associated costs and assessments within the District, were reviewed, identified, and allocated based on special and general benefits pursuant to Article XIIID of the California Constitution. The purpose of this District is to fund supplemental programs, improvements, maintenance and activities that are over and beyond what is currently being funded via normal tax supported methods or other funding sources to assessed parcels within the District boundaries. The City of San Diego does not provide District programs and services. The assessment has been apportioned based on the proportional special benefits conferred to the assessed parcels located within the District boundaries as determined below.

2. General Benefits

Unlike special benefits, which are conferred directly and only upon assessed parcels, a general benefit is conferred on the general public or non-assessed parcels. Existing City and other public services, which are provided to every person and parcel, everywhere within the City, are an example of a general benefit. Although the District's boundaries have been narrowly drawn and programs have been carefully designed to provide special benefits, and improvements, maintenance and activities will only be provided directly to assessed parcels, it is acknowledged that there will be general benefits as a result of the District's improvements, maintenance and activities.

The California Constitution mandates that "only special benefits are assessable, and an agency shall separate the general benefits from the special benefits."[13] "Generally, this separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits."[14] Empirical assessment engineering analysis throughout California has found that general benefits within a given Property and Business Improvement District tend to range from 2-6% of the total costs. There are three methods that have been used by Engineers for determining general and special benefit values within assessment districts:

(1) The parcel by parcel allocation method

(2) The program/activity line item allocation method, and

(3) The composite district overlay determinant method.

A majority of PBIDs in California for which this Engineer has provided assessment engineering services since the enactment of Proposition 218, (Article XIIID Section 4(b) of the California Constitution) have used Method #3, the composite district overlay determinant method which will be used for the District. This method of computing the value of general benefit involves a composite of three distinct types of general benefit — general benefit to assessed parcels within the District, general benefit to the public at large within the District, and general benefit to non-assessed parcels within and surrounding the District.

[13] Cal. Const., art XIII D §4(a)
[14] Golden Hill Neighborhood Association v. City of San Diego (2011) 199 Cal.App.4th 416

General Benefit- Assessed Parcels Within the District

District-funded programs are narrowly designed and carefully implemented to specially benefit the assessed District parcels, and are only provided for the special benefit to each and every assessed parcel within the District. Although services have been directed at assessed parcels to the degree and level proportionate to their assessment rate, in an abundance of caution, this report accounts for the potential general benefits received by assessed parcels. General benefits to assessed parcels may include incidental benefits to parcels who, despite paying a lower rate, incidentally, receive a slightly higher level of benefit because they are abutted by parcels paying a higher rate for an increased level of services. Three districts were found to have general benefit to the assessed parcels equal to 0.10% (Stockton Blvd. which renewed in 2019, and Franklin which renewed in 2020, and the Midtown 16PBID formed in 2020). Out of abundance of caution this Engineer used 0.30% as the general benefit to assessed parcels. The 0.30% of the budget for each service category will be paid for by funds not obtained through assessments to pay for general benefit to assessed parcels. This portion of the budget totals to $45,774.33 ($15,258,110.98 * 0.003).

General Benefit to the Public-at-Large

Although the improvements, maintenance and activities are narrowly designed and carefully implemented to specially benefit the assessed parcels, and only provided directly to assessed parcels, they will generate a general benefit to the public-at-large within the District. State law indicates that "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed."[15] However, "the mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."[16] Further, "the value of any incidental or collateral effects that arise from the improvements, maintenance or activities of a property-based District and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel."[17] Thus, although there may be some incidental benefit to persons engaged in business on the assessed parcels, that incidental benefit is not considered general benefit because it is inherently produced by improvements, maintenance and activities that provide special benefits to the assessed parcels. There is, however, a general benefit to persons not engaged in business on the assessed parcels.

Intercept Survey

To quantify general benefit to the public-at-large, an Intercept Survey was undertaken. A report summarizing the Intercept Survey is attached as Appendix 8. The Intercept Survey asked pedestrians in the District a series of questions designed to determine their link to

[15] Streets and Highways Code section 36601(h)(2)
[16] Streets and Highways Code section 36601(h)(2)
[17] Streets and Highways Code Section 36622(k)(2)

parcels and the relative general benefit to the public-at-large. The survey was based on the various parties' expertise and a review of surveys conducted in similar Districts.

To obtain a representative sample, the survey was conducted throughout the District, in all benefit zones and on several times at several different times of day. The total target sample size was stratified to ensure representation across all benefit zones. A detailed description of survey dates and times included in Appendix 8. Farrand Research supervised the survey collection and analyzed and quantified the results. Farrand Research's report, including summary survey results, is provided in Appendix 8.

The Intercept Survey asked respondents two primary questions that pertain to general benefit. The questions were designed to capture information on whether respondents were in Downtown San Diego to conduct business on assessed parcels. The primary purpose of the District is to increase commerce by making the District safer, cleaner, and more inviting. The programs also benefit residents, who enjoy the safer, cleaner and more inviting environment. Many survey respondents were residents (42%) and indicated those programs were important to them. Programs like cleaning & maintenance, beautification & placemaking, safety & hospitality services directly relate to this purpose as they attract pedestrians, increase pedestrian and resident safety, and create a more inviting environment for pedestrians, visitors and residents.

Those respondents in the District who were doing business on the assessed parcels and have a purpose directly related to commerce are considered representative of special benefit, because the District's services are ultimately intended to increase pedestrian traffic and commerce on the assessed parcels. Those respondents within the District who were not engaging in business on the assessed parcels, are considered representative of general benefit because they are within the District and enjoying the cleaner, safer District, but do not have a connection to the assessed parcels.

According to the attached Intercept Survey report attached in Appendix 8, 0.3% of respondents indicated they were in the District for a purpose unrelated to assessed parcels. Despite the report's finding that 0.3% of respondents were in the District for a purpose unrelated to assessed parcel, out of an abundance of caution, this Engineer used 1.0% as the estimated amount of pedestrians in the District that are unrelated to assessed parcels. This percentage was used to determine the value of the general benefit provided to the public-at-large, the first component of total general benefit.

The estimated 1.0% of traffic passing through does not have any connection to the assessed parcels, and therefore does not represent a special benefit to the assessed parcels. The 1.0% will, however, receive a derivative and indirect general benefit as a result of the improvements, maintenance and activities being provided in the District. Therefore, it is estimated that 1.0% of the benefit created by the District's services is general benefit provided to the public-at-large. To ensure that the assessment dollars do not fund general benefits to the public-at-large, that portion of the cost of improvements, maintenance and

activities will be paid for with funds not obtained through assessments. Using the 1.0% figure, based on the initial year activity and improvement budget, the value of this general benefit to the public-at-large is $152,581.10 ($15,258,110.98 *0.01).

General Benefit to Non-Assessed Parcels

Although they are only provided directly to the assessed parcels, the District's improvements, maintenance and activities may also confer general benefits upon non-assessed parcels within and surrounding the District. One study examining property values in PBID areas found "no evidence of spill-over impacts (either good or bad) on commercial properties located just outside the PBID's boundaries;" [18] however, the California Court of Appeals has stated that "services specifically intended for assessed parcels concomitantly confer collateral general benefits to surrounding properties."[19] It is reasonable to conclude that improvements, maintenance and activities within the District will have an incidental impact on non-assessed parcels surrounding or within the District boundaries. Although the legislature has indicated that "the value of any incidental or collateral effects that arise from the improvements, maintenance, or activities of a property-based District and that benefit property or persons not assessed shall *not* be deducted from the entirety of the cost of any special benefit,"[20] the California Court of Appeals has noted that "the characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement…or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement."[21] Out of an abundance of caution, we are treating those derivative and indirect impacts as general benefits, and they will be quantified and separated.

In this Engineer's opinion, because improvements, maintenance and activities are provided only within the District and on its perimeter, parcels separated from the District by either at least one intervening parcel or an impassable physical barrier such as a wall, railroad track, freeway, or ditch will not receive spill over benefits. Parcels separated from the District will not benefit because they are physically removed from the actual location of improvements, maintenance and activities provided, and do not face serviced parcels. Therefore, this analysis considers non-assessed parcels within the District's boundaries and surrounding parcels that are immediately adjacent to and accessible from the District's boundaries.

An inventory of the District boundaries finds that the District is surrounded by 756 parcels with assessable use types located immediately outside the perimeter of the District, and 66 parcels within the District that are not assessed. Of the 756 parcels, there are 697 residentially zoned parcels with residential uses located immediately outside the perimeter of the District.

The 756 parcels directly outside the District boundaries can reasonably be assumed to receive some indirect general benefit as a result of District funded programs,

[18] Furman Center for Real Estate & Urban Policy; The Impact of Business Improvement Districts on Property Values: Evidence from New York City (2007) p. 4
[19] Beutz v. Riverside (2010) 184 Cal.App.4th 1516
[20] Streets and Highways Code section 36622(k)(2)
[21] Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

improvements, maintenance and activities. Because the frequency and intensity of services to be provided vary by benefit zone, the general benefit to parcels is examined separately for each zone. Because the services affect parcels as a whole, parcel square footage is an appropriate measure of the relative general benefit received by non-assessed parcels. The table below shows the sum of the total parcel square footage, in square feet, of assessed parcels within the District boundaries non-assessed parcels within the District boundaries, and adjacent parcels outside the District boundaries.

Area	Total SqFt: Assessed Parcels	Total SqFt: Non-Assessed Parcels within the District	Total SqFt: Adjacent Parcels (non-assessed and in the Little Italy MAD)
Columbia	1,499,619.00	32,582.00	939,361.00
City Center	3,802,204.80	516.00	296,482.00
Cortez	1,785,739.00	0.00	58,674.00
East Village	7,595,929.14	157,192.00	1,313,595.00
Gaslamp	810,914.00	24,978.00	0.00
Marina	951,101.00	569,284.00	853,074.00
CEP Parcels*	1,577,708.20	0.00	1,751,509.00

*CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs

Cleaning & Maintenance / Beautification & Placemaking / Safety & Hospitality

Cleaning & maintenance, beautification & placemaking, and safety & hospitality services will be provided directly and only to the assessed parcels. Within each zone, services will be provided along both sides of each street, with parcels along each side receiving 50% of the benefit provided by the service.

Benefit Factors

Cleaning & maintenance, beautification & placemaking, and safety & hospitality care services will be provided directly and only to the assessed parcels. Within each zone, services will be provided along both sides of each street, with parcels along each side receiving 50% of the benefit provided by the service. All parcels within and adjacent to the District have been assigned a benefit factor to mathematically represent the proportional special and general benefit and quantify the value of each. The activities (those that are physically provided via a person or people working throughout the district) to be provided by the District generate three types of special benefits:

- Service – The primary special benefit provided by the District's physical activities is the actual service. That is, the actual cleanliness and safety created by security and maintenance personnel. The maintenance program provides benefits related to graffiti removal or litter abatement services that are directly provided to assessed parcel owners. Safety services that are included and benefit assessed parcel owners include patrol and on call response for assessed parcel owners. In addition, the safety services include other activities directly provided to the parcels, such as checking doors to ensure they are locked. Planning, advocacy and communications services include newsletters, monthly and quarterly meetings provided directly to, only offered for, assessed owners.
- Presence – The District's physical activities also provide the special benefit of an individual's presence on the assessed parcel as the activities are provided, which can have a deterrent effect and creates a positive impression that the area is well-maintained and safe. The "Disneyland effect" is the benefit the parcels receive from the observation that parcels are being maintained. There are studies which link the perception of cleanliness to a perception of increased security. If there is an increased perception of security due to the increase in cleanliness and an increase in individuals providing maintenance services, those visitors coming into the district feel safer and encourage increased visitation to the district. The physical presence of the Public Space Team enhances the perception of the cleanliness and maintenance of the district by providing the maintenance services. The Public Space Team wears brightly colored uniforms and operates in highly visible areas. They can be readily seen by all. The safety service team operates in marked vehicles so that their presence is visible in the district when seen on patrols or responding to calls. Planning, advocacy, and creates awareness of all the district's activities. In addition, the banners creates awareness about the district and that the district is carefully managed.
- Proximity – The District's physical activities also provide the special benefit of being in proximity to a cleaner, safer parcel. Assessed parcels within the district receive the special benefit of being within a unified boundary of cleaner and safer parcels. Neighboring parcels enjoy the spillover benefits of being adjacent to increased safety and cleanliness. The further away you are from the district the less spillover benefit you will receive. Maintenance services within the district benefits the assessed parcels by providing a cleaner environment for the parcel itself as well as the surrounding areas, i.e. sidewalks and streets. Security services within the district benefits the assessed parcels by providing safer streets and sidewalks to access assessed parcels. Planning, advocacy, and communications within the district benefits assessed parcels with efforts to increase traffic and foster a positive identity to market new development.

To determine the amount of general benefit to adjacent parcels (those situated along the non-assessed side of the perimeter) for these services, we begin with the 50/50 standard ratio of benefit to each side of the street. Because the non-assessed side of the street will not be serviced, it will receive less than the standard 50% benefit. We estimate that one-half (50%) of the benefit to each side of the street is the services themselves, while the other

half (50%) is as-a-result of the services (presence & proximity). Further, we estimate that because the perimeter parcels will not be directly serviced, their benefit as a result of the services (presence & proximity) will be approximately one-half (50%) of that received by serviced parcels. It is therefore our professional estimation that the non-assessed side of the street will receive twelve and one half percent (12.5%) of the standard benefit, created by these services provided to the perimeter of each zone (one-half of the 25% of the benefit as-a-result of the services or the presence and proximity benefit types).

Two zones, Columbia and Cortez, are adjacent to the Little Italy Maintenance Assessment District (MAD). The MAD provides maintenance services to the parcels that are immediately adjacent to the District. Because these parcels are already being serviced, it is our estimation that they will receive less general benefit from the District's services. It is our professional estimation that the general benefit to parcels adjacent to the Columbia and Cortez zones will be equal to ten percent (10%) of the standard benefit.

The non-assessed parcels within the District are surrounded by assessed parcels. The streets and sidewalks immediately adjacent to the non-assessed parcels will not be serviced; however, the opposite sides of the street and opposite sidewalk will be serviced. It is therefore our professional estimation that the non-assessed parcels within the District receive a general benefit equal to one-quarter (25%) of the special benefit received by the assessed parcels.

Provided this analysis, it is the opinion of this Engineer that a benefit factor of 1.0 be attributed to the 14,141 assessed parcels within the District, a benefit factor of 0.125 be attributed to general benefits conferred on the 21 of non-assessed adjacent parcels located outside the District, a benefit factor of 0.10 to general benefits conferred on the 735 of non-assessed Columbia and Cortez adjacent parcels located outside the District, and a benefit factor of 0.25 be attributed to general benefits conferred on the 66 of non-assessed parcels located within the District. The cumulative dollar value of general benefit to adjacent parcels that is attributed to cleaning & maintenance, beautification & placemaking, and safety & hospitality services equates to $488,422.89.

Business Attraction & Retention- CEP

The business attraction and retention services are entirely directed at improving the CEP parcels within the District. These services are completely localized to the CEP parcels. Because the surrounding parcels do not share the common characteristics of the CEP parcels, these services will impact the CEP parcels in a manner that is particular and distinct. It is, however, reasonable to conclude that there will be a minor, derivative and indirect benefit to CEP-adjacent parcels via the increased exposure the CEP will provide. Because these services are not provided along streets, it is our estimation that the adjacent parcels will receive less general benefit from the CEP programs than from other improvements, maintenance and activities, but equal to ten percent (10%) of the standard benefit.

Provided this analysis, it is the opinion of this Engineer that a benefit factor of 1.0 be attributed to the 14,141 assessed parcels within the District and a benefit factor of 0.10 be

attributed to general benefits conferred on the 2,157of CEP-adjacent parcels. The dollar value of this general benefit type equates to $79,439.14 as delineated in the following Table:

Parcel Type	Quantity	Benefit Factor	Benefit Units	Benefit Percent	Benefit Value
Assessed Parcels within the District	14,141	1.0	14,141	90.01%	$715,564.56
CEP-Adjacent Parcels	2,157	0.10	2,157	9.99%	$79,439.14

Administration/Program Management/Contingency

The administration, program management & contingency budget items all relate to the improvements, maintenance and activities to be provided. These costs have been allocated proportionally based upon the special and general benefit provided by each category. The assessable amount of these costs attributable to cleaning & maintenance, beautification & placemaking, and safety & hospitality, has been reduced to account for the general benefit to parcels from those services.

Composite General Benefit

Based on the general benefit values delineated above, the total value of general benefits conferred on assessed parcels within the District, on the public at large, and on unassessed parcels inside of and surrounding the District equates to $875,876.22 ($45,774.33+$152,581.10+$677,520.79) or approximately 5.74%. This leaves approximately 94.26% assigned to special benefit related costs. The general benefit value of $875,876.22 when added to the special benefit value of $14,382,234.77 (Year 1 — assessments) equates to a total Year 1 adjusted program cost of $15,258,110.98. Remaining costs that are attributed to general benefits, will need to be derived from other sources such as grants, donations, credits, sponsors and program income.

C. Assessment Methodology

1. Special Benefits by Benefit Zone

First, the Total Assessment was allocated to six benefit zones as shown in the map book in Appendix 10. The boundaries of each benefit zone were narrowly drawn to include all parcels that receive a direct advantage from the same level of improvements, maintenance and activities. Each benefit zone will receive a different level of services based on the needs and conditions in that zone, and historic service allocations to that zone. The benefit zones ensure that "properties that receive the same proportionate special benefit pay the same assessment."[22] Because the frequency and quantity of improvements, maintenance and activities directly relate to the cost of the improvements, maintenance and activities,

[22] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057, 1077

in this District "the relative cost of an improvement is a reliable measure of relative benefit conferred."[23] For instance, the City Center zone has higher pedestrian and vehicle traffic than the Cortez zone, and thus will benefit from more frequent and intense services; and the CEP services will only be provided to and benefit parcels meeting the CEP criteria. The special benefit values for each benefit area were determined by subtracting the value of general benefit from the total service cost in each area (which total service cost is based on service levels). The special benefit value allocated to each area is:

Zone	Special Benefit
Columbia	$1,092,376.28
City Center	$2,826,289.17
Cortez	$1,268,875.76
East Village	$4,961,627.85
Gaslamp	$2,211,093.55
Marina	$1,306,407.60
CEP Parcels*	$715,564.56

*CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs.

2. Special Benefit to Each Parcel

To determine the proportional special benefit received by each parcel, the special benefit value for each benefit zone and CEP parcels was apportioned among the parcels in the respective benefit area. The apportionment to parcels is based on two factors: Size Assessment (based upon the greater of parcel or building size) and Front Footage Assessment (based upon the linear footage of the parcel fronting streets).

3. Determination of Assessment Formula

Step 1: Select "Basic Benefit Unit(s)"

Background-Assessment Formula Development

The method used to determine special benefits derived by each identified property within the District begins with the selection of a suitable and tangible basic benefit unit. For property related services, such as those proposed in the District, the benefit unit may be measured in linear feet of street frontage, parcel size in square feet, building size in square feet, or any combination of these factors. Factor quantities for each parcel are then measured or otherwise ascertained. From these figures, the amount of benefit units to be assigned to each property can be calculated. Special circumstances such as unique geography, land uses, development constraints etc. are carefully reviewed relative to specific improvements, maintenance and activities to be funded by the District in order to

[23] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057, 1077

determine any levels of different benefit that may apply on a parcel-by-parcel or categorical basis.

Based on the factors described above, an assessment formula is developed. This assessment formula is derived from a singular or composite basic benefit unit factor or factors. Within the assessment formula, different factors may be assigned different "weights" or percentage of values based on their relationship to programs/services to be funded.

Next, all program and activity costs, including incidental costs and District administrative costs, are estimated. As stipulated in Article XIIID Section 4(b) of the California Constitution, and now required of all PBIDs, indirect or general benefits costs may not be incorporated into the assessment formula and levied on the District properties; only direct or "special" benefits and costs may be considered. Indirect or general benefit costs, if any, must be identified and, if quantifiable, calculated and factored out of the assessment cost basis to produce a "net" cost figure. Article XIIID Section 4(b) of the California Constitution no longer automatically exempts publicly owned property from being assessed unless the respective public agency can provide clear and convincing evidence that their property does not specially benefit from the programs and services to be funded by the proposed special assessments. If special benefit is determined to be conferred upon such properties, they must be assessed in proportion to special benefits conferred in a manner similar to privately owned property assessments. (See Page 5 of this Report for discussion regarding publicly owned parcels within the District).

From the estimated net program costs, the value of a basic benefit unit or "basic net unit cost" can be computed by dividing the total amount of estimated net program costs by the total number of benefit units. The amount of assessment for each parcel can then be computed by multiplying the Net Unit Cost times the number of Basic Benefit Units per parcel. This is known as "spreading the assessment" or the "assessment spread"-meaning, all costs are allocated proportionally or "spread" amongst all benefitting properties within the PBID. The method and basis of spreading program costs varies from one PBID to another based on local geographic conditions, types of programs and activities proposed, and size and development complexity of the PBID. PBIDs may require secondary benefit zones to be identified to allow for a tiered assessment formula for variable or "stepped-down" benefits derived.

District Assessment Formula

Based on the specific needs and corresponding nature of the program activities to be funded by the proposed District (i.e. cleaning & maintenance, beautification & placemaking, safety & hospitality, business attraction and retention, and related administration) it is the opinion of this Engineer that the assessment factors on which to base assessment rates relate directly to the proportionate amount of size (based upon the greater of parcel or building size) and/or front footage (based upon the linear frontage of the parcel fronting streets) within the District benefit zones. The "Basic Benefit Units" will be expressed as a combined function of size (Benefit Unit "A") and front footage (Benefit Unit "B"), Based on the shape of the proposed District and the nature of the District

programs, it is determined that all identified properties will gain a direct and proportionate degree of special benefit based on the respective amount of size and/or front footage within District benefit zones. For the array of land uses within the District, the interactive application of size and front footage quantities are a proven method of fairly and equitably spreading special benefit costs to these beneficiaries of District funded improvements, maintenance and activities. Each of these factors directly relates to the degree of special benefit each assessed parcel will receive from District funded activities.

To determine the assessment rates, the assessed parcels were classified by the estimated benefit each type of parcel receives, the estimated special benefit value of the improvements, maintenance and activities provided to each type was determined based on approximate cost of service provision, and an assessment rate that is proportional to the estimated proportional benefit received by each parcel type was determined. The benefits and services provided to each type of parcel within each zone were analyzed to assess the separation of assessments applied to building/parcel size and linear front footage. The resulting allocation for this engineer's opinion on the separation is summarized in the below table.

Step 2. Quantify Total Basic Benefit Units

Taking into account all identified specially benefiting parcels within the District and their respective assessable benefit units, the rates, cumulative quantities and assessment revenues by factor and zone are shown in the following Table:

Quantity	Columbia	City Center	Cortez	East Village	Gaslamp	Marina	CEP Parcels	Total
Size	9,807,417	20,950,365.6	6,330,229	22,174,119	3,521,571.000	5,950,984.000	11,926,076.000	80,660,761.600
Front Footage	23,788.000	55,778.300	37,115.000	109,034.000	16,961.989	27,584.000	N/A	270,261.289
Assessment Revenue	**Columbia**	**City Center**	**Cortez**	**East Village**	**Gaslamp**	**Marina**	**CEP Parcels**	**Total**
Size	$735,556.28	$1,571,277.42	$712,150.76	$3,326,117.85	$1,320,589.13	$892,647.60	$715,564.56	$9,273,903.59
Front Footage	$356,820.00	$1,255,011.75	$556,725.00	$1,635,510.00	$890,504.42	$413,760.00	N/A	$5,108,331.17
Total	$1,092,376.28	$2,826,289.17	$1,268,875.76	$4,961,627.85	$2,211,093.55	$1,306,407.60	$715,564.56	$14,382,235.77
Assessment Rates	**Columbia**	**City Center**	**Cortez**	**East Village**	**Gaslamp**	**Marina**	**CEP Parcels**	
Size	$0.075	$0.075	$0.1125	$0.150	$0.375	$0.150	$0.060	

Front Footage	$15.00	$22.50	$15.00	$15.00	$52.50	$15.00	N/A	

Step 3. Calculate Benefit Units for Each Property

The number of Benefit Units for each identified benefiting parcel within the proposed District was computed from data extracted from County Assessor records and maps. These data sources delineate current land uses, building and/or parcel size, front footage, property areas and dimensions of record for each tax parcel. While it is understood that this data does not represent legal field survey measurements or detailed title search of recorded land subdivision maps or building records, it does provide an acceptable basis for the purpose of calculating property based assessments. All known or reported discrepancies, errors or misinformation will be corrected.

Step 4. Determine Assessment Formula

To determine the assessment rates, the estimated special benefit value for each parcel type was divided by the total assessable size, front footage, parcel type, and benefit zone as shown in the tables below.

Zone			Assessable Size		Initial Parcel Assessment Rate ($/sqft/yr)
Columbia	$735,556.28	÷	9,807,417.000	=	$0.075
City Center	$1,571,277.42	÷	20,950,365.600	=	$0.075
Cortez	$712,150.76	÷	6,330,229.000	=	$0.1125
East Village	$3,326,117.85	÷	22,174,119.000	=	$0.150
Gaslamp	$1,320,589.13	÷	3,521,571.000	=	$0.375
Marina	$892,647.60	÷	5,950,984.000	=	$0.150
CEP*	$715,564.56	÷	11,926,076.000	=	$0.06
	Total		**Service Budget**		
	$9,273,903.59	**÷**	**$14,382,234.77**	**=**	**64.48%**

*CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs.

Zone			Assessable Front footage		Initial Parcel Assessment Rate ($/sqft/yr)
Columbia	$356,820.00	÷	23,788.000	=	$15.00
City Center	$1,255,011.75	÷	55,778.300	=	$22.50
Cortez	$556,725.00	÷	37,115.000	=	$15.00
East Village	$1,635,510.00	÷	109,034.000	=	$15.00
Gaslamp	$890,504.42	÷	16,961.989	=	$52.50
Marina	$413,760.00	÷	27,584.000	=	$15.00
CEP*	Not Assessed		Not Assessed	=	Not Assessed
	Total		**Service Budget**		
	$5,108,331.17	**÷**	**$14,382,234.77**	**=**	**35.52%**

*CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs.

Therefore, for the initial year, the maximum annual assessment rates to parcels are as shown below and in Appendix 1.

The assessments are authorized to increase the lesser of either by i) the annual percentage change in the San Diego Area Consumer Price Index (the SDCPI-U) of the previous year's rate beginning in Year 2, or ii) 7%. Appendix 1 shows the maximum assessment rates using the 7% cap.

In any assessment increase scenario as authorized herein, the assessment rate increase shall not exceed 7%. However, if SDCPI-U is higher than 7%, the excess shall be cumulatively reserved and may be added to the SDCPI-U in years in which the SDCPI-U is less than 7%.

Zone	Size Rate ($/sqft/yr)	Front Footage Rate ($/sqft/yr)
Columbia	$0.075	$15.00
City Center	$0.075	$22.50
Cortez	$0.1125	$15.00
East Village	$0.150	$15.00
Gaslamp	$0.375	$52.50
Marina	$0.150	$15.00
CEP*	$0.06	Not Assessed

*CEP is a district wide assessment overlay for parcels that will receive specific business attraction and retention programs.

Sample assessment calculations are shown in Appendix 2.

D. Assessment Special Provisions

1. Changes in Data

It is the intent of this Plan and Engineer's Report that each parcel included in the District can be clearly identified. Every effort has been made to ensure that all parcels included in the District are consistent in the boundary map and the assessment calculation table. However, if inconsistencies arise, the order of precedence shall be: 1) the assessment calculation table and 2) the boundary map.

If the parcel size or type of a parcel changes during the term of this District, the assessment calculation may be modified accordingly.

2. Bonds

The District is not authorized to issue bonds.

3. Time & Manner for Collecting Assessments

As allowed by state law, the District assessment will appear as a separate line item on annual property tax bills prepared by the County of San Diego. Parcels that do not receive property tax bills will receive a separate invoice from the City of San Diego. Property tax bills are generally distributed in the fall and payment is expected by lump sum or installment. The County of San Diego shall distribute funds to the City of San Diego, which shall contract with the Owners' Association and make funds available to the Owners' Association pursuant to the Operating Agreement. Existing laws for enforcement, appeal, and penalties on property taxes apply to the assessments and may be enforced by the County of San Diego or City of San Diego.

4. Assessment Notice

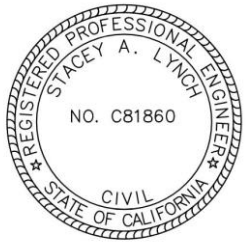

During the ballot process, an Assessment Notice and ballot will be sent to owners of record consistent with Government Code section 53753 of each parcel outlined in the District Boundary Description and Boundary Map and included in the Assessment Calculation Table. The Assessment Notice provides an estimated assessment based upon parcel square footage, building size, linear front footage, benefit zone, and parcel use. The final individual assessment for any particular parcel will be calculated using the methodology included in this Report, but may change, up or down, if the parcel characteristics differ from those found in the Assessment Calculation Table.

E. Engineer's Certification

I hereby certify, to the best of my knowledge and experience, that each of the identified assessed parcels located within the Downtown San Diego Property and Business Improvement District will receive a special benefit over and above the general benefits conferred and that the amount of the assessment is no greater than the proportional special benefits conferred on each parcel, as described in this Engineer's Report.

Review of this Downtown San Diego Property and Business Improvement District Management District Plan and preparation of the Engineer's Report was completed by:

Stacey Lynch, PE
State of California
Registered Civil Engineer No.81860

October 7, 2024
Date

This Engineer's Report is intended to be distributed as part of the Management District Plan in its entirety, including the Assessment Calculation Table and the Boundary Map. Reproduction and distribution of only Section VI of this Management District Plan violates the intent of this stamp and signature.

Appendix 1 – Maximum Annual Assessment Rates

		Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10
CEP	Size (sq. ft)	$0.06	$0.064	$0.069	$0.074	$0.079	$0.084	$0.090	$0.096	$0.103	$0.110

Appendix 5 – Estimated Maximum Cost of Improvements, Maintenance & Activities

The estimated maximum cost of the line items below was developed based on the historic costs of providing services, the service area in each zone, and estimated costs of providing services in the renewed district. The costs below are estimated, the actual line item costs will fluctuate. The Owners' Association may adjust the broader cost categories by up to fifteen percent (15%) of the total cost as detailed in Section IV. There is no limitation on reallocation of funds by the Owners' Association between individual line items; adjustments between the line items shown below are not part of the fifteen percent (15%) adjustment limitation.

Appendix 6 – Total Estimated Amount Proposed to be Expended

The estimated amounts proposed to be expended shown in the line items below were developed based on the historic costs of providing services, the service area in each zone, and estimated costs of providing services in the renewed district. The costs below are estimated, the actual line item costs will fluctuate. The Owners' Association may adjust the broader budget categories by up to fifteen percent (15%) of the total budget as detailed in Section IV. There is no limitation on reallocation of funds by the Owners' Association between individual line items; adjustments between the line items shown below are not part of the fifteen percent (15%) adjustment limitation.

(ALL 2023 LEGISLATION)

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.
(2) Job creation.
(3) Business attraction.
(4) Business retention.
(5) Economic growth.
(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.
(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.
(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5 Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:
(a) Promotion of public events.
(b) Furnishing of music in any public place.
(c) Promotion of tourism within the district.
(d) Marketing and economic development, including retail retention and recruitment.
(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a

newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Division 10 (commencing with Section 7920.000) of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit" [Effective January 1, 2023]

(a) "Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

(b) "Special benefit" also includes, for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely because parcels throughout an assessment district share the same special benefits does not make the benefits general.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3 Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

(1) A map showing the boundaries of the district.

(2) Information specifying where the complete management district plan can be obtained.

(3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to

any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the estimated cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against their property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k)

(1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.

(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.

(3) In a property-based district, properties throughout the district may share the same special benefits. In a district with boundaries that define which parcels are to receive improvements, maintenance, or activities over and above those services provided by the city, the improvements, maintenance, or activities themselves may constitute a special benefit. The city may impose assessments that are less than the proportional special benefit conferred, but shall not impose assessments that exceed the reasonable costs of the proportional special benefit conferred. Because one or more parcels pay less than the special benefit conferred does not necessarily mean that other parcels are assessed more than the reasonable cost of their special benefit.

(l) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.

(m) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.
(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.
(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:
(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.
(2) The number, date of adoption, and title of the resolution of intention.
(3) The time and place where the public hearing was held concerning the establishment of the district.
(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.
(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.
(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall

not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3: Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as

for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.
(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in an action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36625. An appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of the resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:
(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.
(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

36638. Assessment as government improvised fee on Civ C § 1770 transaction [Operative July 1, 2024]

(a) A business assessment pursuant to this part is a fee imposed by a government on the transaction for purposes of paragraph (29) of subdivision (a) of Section 1770 of the Civil Code.
(b) This section shall become operative on July 1, 2024.

CHAPTER 3.5 Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks–Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.
(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:
(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
(2) The improvements, maintenance, and activities to be provided for that fiscal year.
(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.
(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.
(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.
The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:
(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.
(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.
(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in

the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

FINAL RESULTS: Downtown San Diego PBID Visitor Survey
SAMPLE SIZE = 387; MARGIN OF ERROR = 4.98% (at the 95% confidence level)
INTERVIEW DATES: December 6, 9, 10, 13, 2022

Hello, my name is _____. I represent the Downtown San Diego Partnership and am conducting a study of visitors to Downtown. We would like to ask you some questions that will just take a couple of minutes. You will not be asked for money, and we will not contact you again. Your responses are completely anonymous and confidential. Ok?

1. Do you **live** in any of the neighborhoods shown on this map of Downtown San Diego? If so, which one. [SHOW MAP]
2. Do you **work** in any of the neighborhoods shown on this map of Downtown San Diego? If so, which one. [SHOW MAP]

		Live	Work
	Any Zone (NET)	**73%**	**50%**
A.	City Center (Core)	**14%**	**12%**
B.	Columbia District	**13%**	**6%**
C.	Cortez Hill	**10%**	**7%**
D.	East Village	**16%**	**10%**
E.	Gaslamp	**5%**	**10%**
F.	Marina	**16%**	**4%**
-	No/None of these	**27%**	**50%**

3. Are you a property owner or representative of a property owner in Downtown? (A representative means a person who is authorized to make decisions on behalf of the property owner)

Yes	**10%**
No	**90%**

4. How often do you visit the District? (MARK ONE ONLY)

Daily	**70%**
Weekly	**21%**
Monthly	**6%**
Quarterly	**2%**
Yearly	**1%**
Less often than once a year	**1%**

5. What is your primary reason for being in the District today? (MARK ONE ONLY)

I live here	**42%**	Attend a concert or special event	**1%**
Visiting family/friends	**6%**	Stay overnight at a hotel	**0%**
Stroll or walk around for leisure	**8%**	Transit stop	**1%**
Eat or drink at a restaurant, café or bar	**11%**	Go to work	**24%**
Go shopping	**5%**	Go to school	**1%**
Conduct professional or personal business (bank, tailor, salon, etc.)	**1%**	Other (SPECIFY)	**2%**

6. Now, I am going to read a list of activities. For each one I read, please tell me how likely you think it is that you will do that activity either today, or at ANY point in the future , while in Downtown San Diego. Please tell me if you are very likely, somewhat likely, slightly likely, or not at all likely to do the following either today or at ANY point in the future… (SELECT ONE FOR EACH)

(CIRCLE ONE FOR EACH)	Very Likely	Somewhat Likely	Slightly Likely	Not at All Likely
Stroll or walk around for leisure	**54%**	**25%**	**16%**	**6%**
Conduct professional business or personal business like visit a bank, salon, dry cleaner, library, government agency (courthouse), or attend classes	**40%**	**34%**	**20%**	**7%**
Eat or drink at a restaurant, café, or bar	**71%**	**22%**	**6%**	**1%**
Go shopping	**33%**	**34%**	**24%**	**9%**
Go to a movie theater or entertainment venue	**7%**	**35%**	**34%**	**24%**
Attend a concert or special event	**14%**	**29%**	**30%**	**26%**
Stay overnight in a hotel	**7%**	**5%**	**8%**	**81%**
Use public transportation/Transit stop	**30%**	**18%**	**20%**	**32%**

7. What types of businesses would you like to see more of? **RESPONSES RECORDED SEPARATELY**

SUMMARY

	Total
Likely to perform at least one non-strolling/transit connection activity in Q6:	**386 (>99%)**
Not at all likely to perform any non-strolling/transit connection activities in Q6:	**1 (<1%)**

Better parking and fast food and doctors appointments
Beer fest
Shopping centers and diverse restaurants
Restaurants and retail.. and homeless problem..
Health food store and liquor store and retail store
Popeyes
Golden coral more fast foods
Another mall and theater roll
New plaza
Visiting family for a couple days.
Different type of restaurants
Another happy hours locations and more restaurants
Another Horton plaza more family stores
Roof top theater

Appendix 9 – Assessment Calculation Table

In an effort to ensure that the most recent data is used for the balloting, hearing, and notice for the renewal of the Downtown San Diego PBID, below is an updated assessment calculations table as of November 2024, using the most recent FY24-25 secured rolls from the County of San Diego, provided by Koppel & Gruber Public Finance. The data update includes variables that constantly change, including property variable information, owner names, owner addresses, and total assessments based on the changing property variables. The structure of the district, the assessment rates, and all other aspects of the district remain as described in this Management District Plan.

Map Key	APN	Zone	Lot Size	Building Square Footage	Assessable Square Footage	Assessable Square Footage Assessment	Assessable Frontage	Assessable Frontage Assessment	CEP	CEP Assessment	Total Assessment
