

CITY OF SAN DIEGO – 525 B ST., M.S. 908A, SAN DIEGO, CA 92101

PUBLIC NOTICE

Date: January 9, 2025

Subject: Fee Changes Effective July 1, 2025

NOTICE OF FEE CHANGES

Please be advised that in February 2025, the Engineering and Capital Projects (E&CP) Department will be requesting that the City Council adopt modifications to Fees for inspections of Public Right-of-Way permits. These new fees will go into effect for all public and private development projects in the rights-of-way managed by E&CP submitted on or after July 1, 2025. Information Bulletins containing fees are in the process of being updated and will be posted to the Development Services website as they become available, but no later than July 1, 2025.

The last fee study related to inspections of public right-of-way permits performed by E&CP was implemented in 2016. Since then, the cost of inspection services has significantly increased due to inflationary impacts on operational costs. The fee adjustments are designed to address the gap between the actual cost of services and the current fee structure, ensuring that the fees accurately reflect the costs incurred by the City in providing these services.

The recommended fees are reflected in the table below. The E&CP Supervisor Fee has been consolidated into the E&CP Inspection Fee, while a new E&CP Lab Fee for after-hours work is being proposed.

Type of Fee	Old Fee	New Fee Adjustment
ECP Inspection Fee	\$ 116.00	\$ 146.80
ECP Inspection Fee - After Hours	\$ 174.00	\$ 219.90
ECP Lab Fee	\$ 88.00	\$ 189.33
ECP Lab Fee After Hours	\$ -	\$ 241.44
ECP Survey Fee	\$ 148.00	\$ 319.73
ECP Inspection Supervisor Fee	\$ 134.00	\$ -
