Help Shape Local Elections Law In the City of San Diego

SAN DIEGO CITY CLERK TO HOST COMMUNITY FEEDBACK SESSION CENTERED ON ELECTION PROCESS

SAN DIEGO – The Office of the City Clerk will host community feedback sessions related to the City of San Diego Elections Code. The topics will include an overview of the current process for how people run for office and how to propose a new law or change a local law. This will be an opportunity to review proposed changes to these processes for future elections.

This feedback session is essential because it provides an important space for residents to come together and learn about the election process while actively seeking their input, ensuring that decisions closely reflect the needs and aspirations of the community. By encouraging participation, we aim to strengthen trust, foster collaboration, and build a shared vision for a more transparent and inclusive city where every voice is heard and valued." said City Clerk Fuentes
