Promise Zone Steering Committee Retreat, Jan. 2, 2025

A MESSAGE TO OUR PARTNERS

FROM THE PROMISE ZONE STAFF

Dear Promise Zone partners and residents,

This month's issue is full of resources, including the San Diego Nonprofit Accelerator and numerous opportunities to participate in civic engagement. We are also excited to announce that our Youth-Led Career Expo will be on March 18, 2025! Save the date and feel free to share the flyer--we'll send details soon.

We also recognize Financial Aid Awareness Month and Museum Month. Take advantage of 50% off by picking up a museum pass at your local library.

Most importantly, we celebrate Black History Month, honoring the achievements of Black Americans. We invite you to discover historic milestones of San Diego's Black community here, and to support Black-owned businesses; a list is available here.

Enjoy this month's newsletter—we look forward to staying connected!

With gratitude,

San Diego Promise Zone

WORKING GROUP UPDATES

Jobs and Education

During the January Jobs & Education Working Group meeting, Tara Ryan, Acting Executive Director of the Office of Child & Youth Success, presented the Child and Youth Plan (CYP) 2024-2026, emphasizing sustainable solutions and collaboration. She outlined the plan's vision of trust and transparency and its five focus areas: educational and career pathways, economic and workforce development, youth empowerment, engaging activities, and childcare. Breakout discussions highlighted the need to strengthen employer connections at the Career Expo and build relationships with Promise Zone schools. For more information, please reach out to **Donika Moreno**, donikam@sandiego.gov.

Economic Activity

The January Economic Activity meeting took on the challenge of connecting the group's work to bring economic development to the Promise Zone with civil rights. Mikey Knab of Business for Good San Diego explained how their work advocating for equitable business policies has assisted minority-owned small businesses. Wesley Quach of Alliance SBDC recounted the outreach efforts and programs they have for small business owners affected by either COVID or the January '24 floods. After the presentations, the Economic Activity participants discussed how they could implement policy solutions to solve the intractable problems that hinder small business owners in the Promise Zone. For more information, reach out to **Domanic Riley**, Driley@sandiego.gov.

Healthy Communities

In the wake of last January's flooding and the increased risk of wildfires, Carie Chouinard, from the San Diego Community Emergency Response Team (CERT) joined the January working group meeting to give a thorough presentation on CERT's programming and how we can be better equipped for disasters. This was also the last meeting for VISTA Zachary Engberg, who has stewarded the HC group since last August and led efforts to map, organize, and connect community gardens in the Promise Zone. In February, co-chairs Karen Clay and Alondra Estrada-Lam will lead further collaboration on our objective-based action plans, and we will hear a presentation from City of San Diego Planning Department about Get It Done.

Housing Affordability

The Housing Affordability Working Group met on January 8, 2025 and heard a presentation by Julie Corrales from Tierras Indigenas Community Land Trust (TICLT). The presentation included the origins of TICLT as well as the hard work done by community members to get it off the ground. Julie provided information about the tenants and members of the community that will be active in the CLT as well as different workshops and programs designed to educate community members. The discussion after this presentation focused on educating people and organizations in the Promise Zone about CLT models and the benefits they provide. For more information, reach out to **Oscar Silva**, OSilva@sandiego.gov.

Promise Zone Updates

Farewell, AmeriCorps VISTA, Zachary Engberg!

Hello, Promise Zone partners! It has been a wonder and a challenge to serve as a Grants and Research Associate VISTA for you since last March. Thank you all for welcoming me and allowing me to discover a love for things I didn't know I had, such as planting trees (with Urban Forestry and Tree San Diego), coordinating events (like the P.O.W.E.R. Hour with YouthWill and Outside The Lens), and editing Logic Models (with co-chair Alondra Estrada-Lam). Please reach out on LinkedIn if you'd like to work with me or to hear me explain how amazing native gardening and fostering dogs are.

Farewell, Employ and Empower Intern, Ronah Famorcan!

As my time with the San Diego Promise Zone comes to an end, I want to express my heartfelt gratitude for this incredible experience. Managing the newsletter and interviewing inspiring leaders has strengthened my communication skills and deepened my passion for community work. I'm grateful for the support, mentorship, and friendships I've gained along the way. Thank you to everyone who made this journey so memorable—I look forward to seeing the continued success of the Promise Zone and staying connected!

San Diego Promise Zone

In 2016, the San Diego Promise Zone (SDPZ) became one of 22 federally designated Promise Zones in the U.S. and one of only four in California. Spanning 6.4 square miles, the SDPZ is home to over 80,000 residents in the City's most culturally rich and ethnically diverse neighborhoods, as well as some of its most under-resourced communities.

Our Promise

To co-create an ecosystem of opportunity and investment through collaboration that addresses systemic racism and inequities to improve the quality of life of Promise Zone residents.

Civic Engagement in the Promise Zone

In the San Diego Promise Zone, civic engagement plays a pivotal role in addressing the challenges residents face. It's not merely a process; it's a lifeline for residents to actively participate in the decision-making processes that directly impact their lives. By involving residents in understanding the unique issues that the Promise Zone faces, such as economic inequalities and educational gaps, civic engagement allows for the co-creation of effective strategies tailored to the community's specific needs.

ABOUT THE PROMISE ZONE

In 2016, the San Diego Promise Zone became one of 22 federally designated Promise Zones in the United States and one of only four in California. The San Diego Promise Zone covers a 6.4-square-mile targeted area with more than 80,000 residents that spans East Village and Barrio Logan east to Encanto. It is home to the City's most culturally rich and ethnically diverse neighborhoods, but also some of the most under-resourced communities.

Through the Promise Zone initiative, community-based organizations, direct service providers, residents, and business owners work with government agencies to enhance collective impact, streamline resources, and deliver comprehensive support.

Between 2016 and 2022, the unemployment rate decreased from 14% to 10%, and the poverty rate fell from 35% to 20% (ACS, 2016-22). We recognize there are many factors that contribute to these numbers. We do know that in the 8 years since the designation, targeted efforts from the City and CBOs have supported improvement in these areas; However, we recognize there is still plenty of work to do to continue advocating for our Promise Zone residents.

WORKING GROUP GOALS

- Increase access to healthy foods
- Improve access to healthcare
- Support opportunities for active transportation and active living

- Dialogue with residents
- Create environments conducive to learning and working
- Improve infrastructure

- Increase and improve access to capital

- Create and preserve affordable housing
- Support renters, first-time homebuyers, and people without housing

- Cultivate opportunities for career exploration, applied learning, and youth leadership
- Create meaningful summer employment experiences for teenagers

- Increase the number of students meeting school readiness and grade-level expectations
- Increase educational and career supports for Opportunity Youth
