In addition, the Prime Contractor certifies that it has met the requirements of Public Contract Code 2601(d), subject to certain exceptions set forth therein, that the required percentage of the skilled journeypersons or skilled journeyperson hours employed to perform work on the Project by the Prime Contractor are graduates of an apprenticeship program for the applicable apprenticeship occupation¹.

A graduate of an apprenticeship program means either of the following:

- (1) An individual that has been issued a certificate of completion under the authority of the California Apprenticeship Council for completing an apprenticeship program approved by the Chief pursuant to Section 3075 of the Labor Code, or

Project: Morena Pump Station – Flatiron Job #3222

Contract # K-21-1801-DBB-3-A

Subcontractor: National Coating and Lining Co.

National Coating and Lining Co findings regarding the Skilled and Trained Workforce: Flatiron requested us on the project last minute. Because it was last minute, we had to send the only laborer available we had with the proper safety requirements to do that type of work on the project. Unfortunately, he was not a trained apprentice graduate, which brought our percentage to 50% for February

National Coating and Lining Co plan to achieve the required goal going forward: Going forward, National Coating and Lining will do our best to comply with the Skilled and Trained Workforce Ratio. We have existing policies and practices in place to try to ensure compliance with the ratio.

Thank you,
Jessica Thurman
