# **INTRODUCTION**

This report presents the Fiscal Year 2026 Final Proposed Budget (May Revision). The May Revision is based on the most current financial information and economic assumptions available after the development of the Fiscal Year 2026 Draft Budget (Draft Budget), released on April 15, 2025. The May Revision contains recommended changes to the Draft Budget based on current year revenue and expenditure projections included in the Fiscal Year 2025 Third Quarter Budget Monitoring Report (Third Quarter Report) and adjustments to projects within the Capital Improvements Program (CIP).

The May Revision continues to maintain a balanced budget and provides essential core services, prioritizing the restoration of various filled positions and some services. The May Revision includes \$4.3 million in additional revenue for the General Fund primarily associated with an increase in Sales Tax and Departmental revenues. While the General Fund budget is balanced in Fiscal Year 2026, one-time resources continue to support a relatively small component of ongoing expenditures. Although the May Revision continues the use of one-time resources to maintain core services, the City remains committed to addressing its projected structural deficits for the General Fund and has made considerable progress toward the goal of attaining a structurally balanced budget over the coming years. It is projected that revenue shortfalls will continue in the next five fiscal years, which will require additional fiscal actions, including reevaluating current expenditure patterns and exploring new and enhanced sources of revenue to obtain a structurally balanced budget in the future.

The May Revision for the General Fund increases expenditures by \$4.3 million and 7.60 Full-Time Equivalent (FTE) positions over the Draft Budget. The following information provides a summary of adjustments to the Draft Budget, including changes to non-General Funds and the CIP. For a list of all adjustments included in the May Revision, please refer to the Attachments included in this report.

# MAY REVISION SUMMARY

# **CITYWIDE EXPENDITURES**

**Table 1: May Revision Expenditure Summary by Fund Type** shows the change in budget from the Fiscal Year 2026 Draft Budget to the May Revision.

Fund Type	FY 2026 Draft Budget	FY 2026 May Revision	Change	Percent Change
General Fund	\$ 2,148,613,701	\$ 2,152,945,785	\$ 4,332,084	0.2%
Special Revenue Funds	1,082,996,361	1,105,570,411	22,574,050	2.1%
Capital Project Funds	25,151,428	25,151,428	-	0.0%

Total	\$ 6,038,870,138	\$ 6,087,314,776	\$ 48,444,638	0.8%

## Table 1: May Revision Expenditure Summary by Fund Type

The May Revision includes an increase of \$ 48.4 million in expenditures from the Draft Budget for a total budget of \$6.09 billion. This increase is primarily due to the following:

- \$7.3 million decrease in the Capital Improvements Program associated with decreases in Sewer Main replacements and Pipeline Rehabilitation in the Municipal Sewer Utility CIP.
- \$28.5 million increase in the Enterprise Funds primarily associated with increased costs to purchase water from the San Diego County Water Authority.
- \$22.6 million increase in the Special Revenue Funds primarily in the Low & Moderate Income Housing Asset Fund due to the use of excess surplus in the fund to be used for long-term affordable housing projects available through upcoming Notice of Funding Availability (NOFA). This increase is offset with a decrease in the Information Technology Fund due to decreased software contracts and licenses.
- \$4.3 million increase in the General Fund primarily associated with the partial restoration of the animal services contract with the San Diego Humane Society and the restoration of Northwestern Division in the Police Department.

# **CITYWIDE REVENUES**

**Table 2: May Revision Revenue Summary by Fund Type** shows the change in budget from the Fiscal Year 2026 Draft Budget to the May Revision.

Fund Type	FY 2026 Draft Budget	FY 2026 May Revision	Change	Percent Change
General Fund	\$ 2,148,613,701	\$ 2,152,945,785	\$ 4,332,084	0.2%
Special Revenue Funds	1,025,322,800	1,013,288,106	(12,034,694)	-1.2%
Capital Project Funds	67,541,512	67,541,512	-	0.0%
Enterprise Funds	2,024,939,460	2,028,787,271	3,847,811	0.2%
Internal Service Funds	199,269,126	199,393,780	124,654	0.1%
Total	\$ 5,465,686,599	\$ 5,461,956,454	\$ (3,730,145)	-0.1%

## Table 2: May Revision Revenue Summary by Fund Type

The May Revision includes a decrease of \$3.7 million in revenues from the Draft Budget for a total budget of \$5.46 billion. This decrease is primarily due to a \$12.0 million decrease in Special Revenue Funds due to the following:

- \$3.2 million associated with decreased revenue projections in the Transient Occupancy Tax Fund.
- \$3.1 million associated with revised estimated appropriations needed for the SAP modernization project due to a lower projected need in Fiscal Year 2026 and a revised timeline.
- \$2.4 million associated with a technical correction to the Draft Budget related to the waiver of the transfer to the Energy Independence Fund.
- \$1.6 million decrease associated with reduced reimbursements for software licenses and consulting and support contracts in the Information Technology Fund.

The decreases in revenues above are offset by an increase in revenue to the General Fund of \$4.3 million primarily associated with increased sales tax revenue, revenue for trench restoration services to the Public Utilities Department, and revenue from new telecom leases; and a \$3.8 million increase in the Enterprise Funds associated with higher refuse disposal fee revenue in the Refuse Disposal Fund.

# **CITYWIDE ADJUSTMENTS**

The following section summarizes May Revision adjustments with a citywide impact.

# **GENERAL FUND REVENUES**

As displayed in **Table 3: General Fund Revenue Change**, General Fund revenues reflect a net increase of \$4.3 million from the Draft Budget, including a \$595,000 increase in major General Fund revenues and a \$3.7 million increase in departmental revenue. The following section outlines these changes in further detail.

General Fund Revenue	FY	2026 Draft Budget	FY 2026 May Revision Budget		Change
Major General Fund Revenues	\$	1,602.5	\$ 1,603.1	\$	0.6
Departmental Revenue		546.1	549.9		3.7
General Fund Revenue Total	\$	2,148.6	\$ 2,152.9	\$	4.3

#### Table 3: General Fund Revenue Change (in millions)

#### **Major General Fund Revenues**

The Major General Fund revenue budget is \$1.60 billion, which represents an increase of \$595,000 from the Fiscal Year 2026 Draft Budget. All major General Fund revenue projections have been evaluated based on the most recent economic data and information available, including the year-end revenue projections included in the Fiscal Year 2025 Third Quarter Budget Monitoring Report (Third Quarter Report). **Table 4: Major General Fund Revenue Changes** details the \$595,000 projected increase in major General Fund revenues from the Draft Budget.

Major General Fund Revenue	FY	2026 Draft Budget	FY 2026 May Revision Budget		Change	
Property Tax	\$	843.4	\$ 84	43.8	\$	0.3
Sales Tax		367.3		370.8		3.5
Transient Occupancy Tax		175.2	:	171.6		(3.6)
Franchise Fees		103.0	1	03.6		0.6
Other Major General Fund Revenues		113.6		113.4		(0.2)
Major General Fund Revenue Total	\$	1,602.5	\$ 1,6	03.1	\$	0.6

#### Table 4: Major General Fund Revenue Changes (in millions)

**Table 5: Growth Rates for Major General Fund Revenues**, displays the Fiscal Year 2026 Draft Budget growth rates and the revised May Revision growth rates for the four major General Fund revenues. It is important to note that the growth rates are relative to the most recent projections included in the Third Quarter Report. As a result, the updated base may result in an increased or decreased year-over-year growth rate when compared to the Draft Budget growth rates. Property Tax and Franchise Fees assume similar growth rates as in the Draft Budget. The Sales Tax growth rate has been revised from negative 0.7 percent to 0.4 percent as a result of slightly improved sales tax receipts over the last two months as well as slightly improved projections from the City's Sales Tax consultants. The Transient Occupancy Tax growth rate has been revised from 3.0 percent to 2.2 percent, as a result of the most recent tourism activity and forecast released by Tourism Economics in April 2025.

Major General Fund Revenue	FY 2026 Draft Growth Rates	FY 2026 May Revision Growth Rates
Property Tax	3.81%	3.81%
Sales Tax	-0.70%	0.40%
Transient Occupancy Tax	3.00%	2.20%
Franchise Fees (SDG&E /Cable)	0%/-6.79%	0%/-6.79%

## Table 5: Growth Rates for Major General Fund Revenues

The Department of Finance (DoF) will continue to closely monitor economic and financial conditions and will incorporate and report significant changes to the General Fund revenues in the respective quarterly budget monitoring reports. The most significant changes in the May Revision to major General Fund revenues are discussed in detail in the following sections.

#### **Property Tax**

Property tax reflects a net increase of \$312,000, primarily in the Redevelopment Property Tax Trust Fund (RPTTF) tax sharing pass-through payment and residual property tax payment portion of the Recognized Obligation Payment Schedule (ROPS), based on estimates received from the County for the ROPS 19 25–26, in April 2025. Enforceable obligations for ROPS 19 were confirmed with the Annual Recognized Obligation Payment Schedule letter provided by the State in April 2025, which approves of all items listed by the California Department of Finance (CA–DOF). The RPTTF residual property tax payment is the City's proportionate share of funds remaining in the RPTTF after ROPS requirements have been met. The RPTTF increase is partially offset by a slight decrease in the 1.0 percent property tax collections. This is following the receipt of the most recent apportionment report provided by the County of San Diego in April 2025.

The 3.81 percent growth rate included in the Draft Budget remains unchanged and continues to be supported by elevated median home prices, the October 2024 CCPI being higher than 2.0 percent, stable unemployment rates, and continued demand for limited housing stock. Due to the delay between the time the County Assessor's Office sets a property's assessed valuation, and the time the property tax revenue is received by the City, property tax growth for Fiscal Year 2026 is based on real estate activity through calendar year 2024.

## Sales Tax

Sales tax reflects an increase of \$3.5 million primarily attributed to slight improvements in revenue projected in the Fiscal Year 2025 Third Quarter Monitoring Report, which serves as the base for the Fiscal Year 2026 Budget. The slight increase in sales tax revenue is attributed to actual receipts being marginally more positive than projected in Fiscal Year 2025 based on additional data collected. The growth rate was revised upward to 0.4 percent for Fiscal Year 2026 to reflect a more tempered growth and is consistent with the recent quarterly projection report received in April 2025 from the City's Sales Tax consultant, MuniServices/Avenu Insights and Analytics.

While the Draft Budget noted consumers' concerns regarding inflation and unemployment amid general economic uncertainty, the UCLA Anderson Spring 2025 Economic Forecast assumes inflation will remain stable at 2.8 percent in calendar year 2025 and forecasted at 2.9 percent in calendar year 2026<sup>1</sup>. Additionally, the City of San Diego's unemployment rate has remained under 4.6 percent since September 2024, decreasing from 4.9 percent in August

<sup>&</sup>lt;sup>1</sup> The UCLA Anderson Forecast for the Nation and California. UCLA Anderson Forecast. Spring 2025. Page 21

2024 to a preliminary 4.1 percent in March 2025 according to the State of California's Employment Development Department<sup>2</sup>.

Per the voter-approved Proposition H, the City is required to dedicate specific sources of revenue to fund General Fund infrastructure. The calculation to fund the Infrastructure Fund is based on two specific components. One of the components of funding is through the incremental growth in sales tax revenue above a 2016 baseline, adjusted by CCPI. As noted in the Fiscal Year 2026 Draft Budget, a contribution to the Infrastructure Fund is not anticipated in Fiscal Year 2026 because the projected sales tax revenues continue to be below the 2016 baseline adjusted for CCPI.

#### Transient Occupancy Tax

Transient Occupancy Tax (TOT) reflects a total decrease of \$6.8 million, of which \$3.6 million is reflected in the General Fund. As stated in the Fiscal Year 2025 Third Quarter Budget Monitoring Report, the decrease in TOT is due to a continued softening demand for leisure and business travel, which has persisted since the beginning of the fiscal year—resulting in the respective May Revision decrease to the total base revenue for TOT. Additionally, to better align with the actual trends seen in Fiscal Year 2025, the Fiscal Year 2026 growth rate has been revised downward from 3.0 percent to 2.2 percent.

While the Draft Budget included projected growth in all its primary indicators, including room occupancy rate, room demand, and the Average Daily Rate (ADR), the May Revision for TOT assumes a slight decline in projected growth. The revised projection factors in significant challenges with business travel due to funding cuts and uncertainty regarding federal economic policies, while leisure travel remains stable but flat.

Consistent with the Draft Budget, the \$326.2 million in total TOT will be allocated as guided by the City's Municipal Code, of which 5.5 cents, or \$171.6 million, is allocated to the General Fund. The remaining 5.0 cents, or \$154.6 million, is allocated to special promotional programs, which includes the one-cent Council discretionary allocation that is proposed to be transferred to the General Fund, and the 4.0 cents allocated to programs that promote the City as a tourist destination, including reimbursements to the General Fund for safety and maintenance of visitor-related facilities.

## Franchise Fees

Franchise Fees revenues reflect an increase of \$614,000 from the Draft Budget. This is primarily due to an increase of \$500,000 from higher refuse hauler franchise fee projections due to greater-than-anticipated tonnage in Fiscal Year 2025, which ultimately impacts the base for Fiscal Year 2026. Additionally, a slight increase in cable providers revenue of \$114,000 is due to a revised projection in Fiscal Year 2025. The to-date data and assumptions used to develop each of these respective budgets remains consistent with the assumptions included in the Draft Budget.

## **Other Major General Fund Revenues**

The other major General Fund revenues reflect a slight decrease of \$229,000 from the Draft Budget primarily attributed to a projected decrease of \$641,000 in the TOT one-cent transfer to the General Fund as a result of a projected decrease in total TOT revenues and \$80,000 reduction in the transfer from the Concourse and Parking Garage Fund due to an increase in expenditures in Fiscal Year 2025 to upgrade the automatic parking payment system to comply with requirements.

<sup>&</sup>lt;sup>2</sup> Employment Development Department. State of California. edd.ca.gov.

These decreases are partially offset by the following increases:

- \$333,000 in additional projected Property Transfer Tax revenue; unlike the 1.0 percent property tax revenue, which is based on calendar year 2024 activity, property transfer tax receipts reflect current economic conditions without lag time. Recent economic indicators have shown an improvement in both the median home price and the number of home sales since last fiscal year.
- \$160,000 increase in projected Refuse Collector Business Tax revenue.

#### **General Fund Departmental Revenue**

**Table 6: General Fund Departmental Revenue Changes** summarizes the \$3.7 million increase from the Fiscal Year 2026 Draft Budget.

Tuble of General Fana Departmental Revenue onangeo (in minono)							
General Fund Departmental Revenue Changes	FY2026 Draft Budget	FY 2026 May Revision Budget	Change				
Economic Development	\$ 73.5	\$ 74.7	\$ 1.2				
Fire-Rescue	76.7	77.7	1.1				
Purchasing & Contracting	2.5	0.7	(1.8)				
Transportation	83.4	85.3	1.9				
All other GF Departments	256.8	258.2	1.4				
General Fund Departmental Revenue Total	\$ 546.1	\$ 549.9	\$ 3.7				

#### Table 6: General Fund Departmental Revenue Changes (in millions)

General Fund Departmental Revenues are projected to increase by \$3.7 million from the Draft Budget. This increase is primarily associated with the following:

• \$1.8 million decrease in the Purchasing & Contracting Department reimbursable revenue as costs for services provided to non-General Fund departments are expected to be recovered through the General Government Services Billing process and to better reflect recent and prior year actuals for billable work that the department provides to the Capital Improvements Program.

The Departmental Revenues decrease is offset by the following increases:

- \$1.9 million increase in the Transportation Department primarily for the Public Utilities Department Trench Restoration Program and funding 3.00 Apprentice Electricians supported by the Employ and Empower Grant.
- \$1.2 million increase in the Economic Development Department associated with new telecom leases on City property.
- \$1.1 million increase in the Fire-Rescue Department primarily due to contractual services for the HazMat Incident Response Team (HIRT), services provided to the San Diego Unified Port District., reimbursements from CalOES associated with the maintenance of the 911 phone system, and a revised transfer from the Emergency Medical Services Transport Fund.

# SALARY AND ASSOCIATED FRINGE BENEFIT ADJUSTMENTS

The May Revision includes minor salary and fringe benefit changes. Changes are primarily associated with position restorations or reductions.

Table 7: Salaries and Wages by Fund Type shows the changes from the Draft Budget.

Salaries and Wages	F			FY 2026 May Revision Budget		Change
General Fund	\$	954.0	\$	955.3	\$	1.4
Non-General Funds		503.1		499.7		(3.4)
Total	\$	1,457.1	\$	1,455.1	\$	(2.0)

Table 7: Salaries and Wages by Fund Type (in millions)

The net decrease of \$2.0 million from the Draft Budget for salaries and wages adjustments is primarily associated with position restorations in the General Fund and reductions in the Development Services Fund. The increase in the General Fund is primarily associated with an increase of \$921,000 in the Transportation Department primarily related to overtime for the Public Utilities Department Trench Restoration Program and 3.00 Apprentice Electricians supported by the Employ and Empower grant, and a \$527,000 increase in the Police Department primarily associated with the restoration of positions including the Northwestern Division and Police Detectives.

The non-General Fund decrease of \$3.4 million from the Draft Budget is primarily associated with the reduction of 23.00 FTE positions in the Development Services Fund.

Table 8: Fringe Benefits by Fund Type shows the changes from the Draft Budget.

Fringe Benefits	F	2026 Draft Budget	2026 May ion Budget	(	Change
General Fund	\$	599.8	\$ 600.9	\$	1.2
Non-General Funds		278.2	277.3		(0.9)
Total	\$	878.0	\$ 878.2	\$	0.3

Table 8: Fringe Benefits by Fund Type (in millions)

Fringe Benefits are projected to increase by \$287,000 citywide from the Draft Budget. The \$1.2 million increase in the General Fund is primarily associated with flexible benefits and the increase of the Actuarially Determined Contribution, which resulted from an increase of positions in the General Fund and a decrease of positions in non–General Funds. The decrease of \$880,000 in the non–General Funds is a result of position decreases in the Development Services Fund and Solid Waste Management Fund.

# **NON-DISCRETIONARY EXPENDITURE ADJUSTMENTS**

The May Revision reflects a decrease of \$3.4 million from the Draft Budget associated with non-discretionary expenditures. This decrease is primarily due to the following: \$2.1 million decrease in Rent expenditures, \$1.4 million decrease in Equipment and Vehicle Usage Fees, and \$685,000 decrease in various IT accounts. These increases are offset by a \$920,000 increase in dumpster services. **Table 9: Non-Discretionary Changes by Fund Type** provides the breakdown by Fund Type.

Non-Discretionary Changes	Change	
General Fund	\$	0.6
Non-General Funds		(3.9)
Total	\$	(3.4)

A rent decrease of \$2.1 million includes a \$691,000 increase in the General Fund and a \$2.8 million decrease in non-General Funds. The rent increase in the General Fund is primarily due to updated assumptions associated with office space consolidation from 525 B Street. The Draft Budget included a \$1.2 million savings reduction for Citywide Rent expense, but the revised savings is \$806,000, requiring an increase in the General Fund. The rent decrease in the non-General Funds of \$2.8 million is associated with the termination of several leases and consolidation of office spaces including the termination of suites at 525 B Street.

Equipment and Vehicles Usage Fees are projected to decrease by \$1.4 million associated with an overestimation of fees being charged to all funds in the Draft Budget. This results in a \$1.6 million decrease in the General Fund and a \$176,000 increase to the non-General Funds.

A \$895,000 decrease in information technology non-discretionary expenditures is primarily due to the additional use of available fund balance based on the Fiscal Year 2025 Third Quarter projections, and alignment of the department budget with updated contractual costs. This results in a \$234,000 decrease in the General Fund and a \$626,000 decrease in the Non-General Funds.

A \$920,000 increase in dumpster services is associated with contract changes which went into effect on April 1, 2025. This results in a \$838,000 increase in the General Fund and a \$82,000 increase in the Non-General Funds.

A \$215,000 increase in electrical services is associated with updated projections and the redistribution of electricity from non-General Funds into the General Fund as a result of the Development Services Department vacating the City Operations Building. The General Fund includes an increase of \$828,000 while the non-General Funds include a decrease of \$614,000.

A \$133,000 decrease in Interfund Environmental Services is associated with updated projections and the use of fund balance. This results in an increase of \$17,000 in the General Fund and a \$150,000 decrease in the non–General Funds.

# **DEPARTMENTAL ADJUSTMENTS**

The following section includes significant budget adjustments by department and fund, excluding adjustments associated with labor negotiations and associated fringe benefits, major revenues, and non-discretionary adjustments, which are discussed in the citywide adjustments section above. For a summary of all adjustments by department and fund included in the May Revision, please refer to **Attachment 1: Fiscal Year 2026 Final Proposed Budget Operating Adjustments**.

# **GENERAL FUND**

# **City Planning**

#### **Caltrans Grant Revenue**

This adjustment includes the reduction of \$500,000 in revenue associated with Caltrans' Active Transportation Planning (ATP) and Department of Transportation's (DoT) Safe Streets for All (SS4A) grant to reflect the revised estimate of City staff charges to the grant.

#### **Development Impact Fee System Upgrade**

This adjustment includes the addition of \$200,000 of one-time non-personnel expenditures and revenues from Development Impact Fee Funds to upgrade the City Planning Department's Development Impact Fee System.

# Communications

#### **Position Swaps**

This adjustment includes the reduction of 1.00 Senior Management Analyst and restoration of 1.00 Supervising Public Information Officer, who supervises, educates and engages the public and City employees, effectively delivering accurate and consistent messages regarding City initiatives, programs, events and services in coordination with City departments and the Mayor's Office.

# **Economic Development**

#### New Telecom Lease Revenue

This adjustment includes the addition of \$1.2 million in telecom lease revenue associated with 40 potential new telecom site builds. The Department aims to streamline processes and make operational changes that will help generate additional telecom lease revenue.

#### Real Estate Management Software Upgrade

This adjustment includes the addition of \$624,000 in one-time non-personnel expenditures to upgrade the Department's Real Estate Management Software and corresponding professional IT consultant services to support the implementation. The software upgrade is expected to improve internal controls and allow for a more effective management of revenue-generating leases. It will also allow various departments to streamline processes such as Public Utilities land management, City Treasurer revenue audits, and Department of Finance GASB compliance reporting.

# **Fire-Rescue**

#### **Bomb Squad Cross-Staffing Restoration**

This adjustment includes the restoration of 3.00 Fire Captains and 3.00 Fire Engineers reduced in the Draft Budget for total expenditures of \$781,000 associated with cross-staffing the Bomb Squad.

#### **Community Resources Officer Restoration**

This adjustment includes the restoration of 1.00 Fire Captain reduced in the Draft Budget for total expenditures of \$208,000. This position serves as the Community Resource Officer performing community outreach and education functions.

#### Fire/Emergency Medical Services Transport Program Fund Transfer

This adjustment includes the one-time addition of \$280,000 in revenue associated with the transfer from the Fire/Emergency Medical Services Transport Program Fund supported by fund balance.

#### HazMat Incident Response Team (HIRT) Reimbursements

This adjustment includes an increase of \$496,000 in revised revenue associated with contractual services for the HazMat Incident Response Team (HIRT) and Port District.

#### **Helicopter Staffing Reductions**

This adjustment includes the one-time reduction of personnel and non-personnel expenditures for a total of \$857,000 associated with staffing a second helicopter for six months during off-peak season.

#### **Phone System Maintenance**

This adjustment includes the addition of \$210,000 in non-personnel expenditures and revenue for the maintenance of the 911 phone system. The California Governor's Office of Emergency Services (CalOES) requires cities to pay directly for maintenance and seek reimbursement.

#### San Pasqual Valley Fast Response Squad

This adjustment includes a modification of the reduction in the Draft Budget by reducing 3.00 Fire Engineers instead of 3.00 Fire Captains which aligns with the current positions on the Fast Response Squad.

#### **Staffing Unit Revision**

This adjustment includes a modification of the reduction in the Draft Budget by reducing 1.00 Fire Fighter 2 instead of 1.00 Fire Captain. The Staffing Unit supports daily staffing, work schedule assignments, deployments, and special assignments.

# **General Services**

#### Harbor Drive Pedestrian Bridge Maintenance

This adjustment includes the addition of \$300,000 in non-personnel expenditures and associated revenue to support the maintenance of the pedestrian bridge on Harbor Drive. This expense will be supported with Parking Meter Operations funds.

# **Homelessness Strategies and Solutions**

#### **Pacific Inn Rent**

This adjustment includes the reduction of \$1.0 million in non-personnel expenditures associated with the lease ending at Pacific Inn on June 30, 2025.

#### Women and Seniors Shelter

This adjustment includes the addition of \$1.0 million in non-personnel expenditures associated with the lease for the new Women and Senior shelter operated by Catholic Charities.

## **Human Resources**

#### **Employee Assistance Program Transfer**

This adjustment includes the reduction of \$281,000 in non-personnel expenditures associated with the Employee Assistance Program which will be transferred to, and administered by, the Risk Management Department.

#### LinkedIn Learning Transfer

This adjustment includes the reduction of \$150,000 in non-personnel expenditures associated with the LinkedIn Learning contract that will be transferred to the Department of Information Technology and will be allocated annually to each department based on usage and access.

#### Mandated Reporter and Sexual Harassment Prevention Training

This adjustment includes the addition of \$19,000 in non-personnel expenditures associated with administration of the Mandated Reporter and Sexual Harassment Prevention trainings that are required to comply with California State Laws.

#### Substance Abuse Services

This adjustment includes the addition of \$5,000 in non-personnel expenditures to support City employees who are referred to American Substance Abuse Professionals for a drug and/or alcohol violation.

# Library

#### **Position Swaps**

This adjustment proposes substituting the elimination of two filled half-time positions for each vacant full-time position as part of the overall reduction strategy. The primary goal is to preserve as many filled positions as possible and reduce the number of employees potentially impacted by the Reduction In Force (RIF) process, and was developed in partnership with the Municipal Employees' Association.

# Office of the Mayor

#### **Reduction of Administrative Positions**

This adjustment includes the reduction of 1.00 Associate Management Analyst and 1.00 Executive Assistant for total expenditures of \$321,000 due to the consolidation of the Office of Boards and Commissions within the Office of the Mayor.

# **Parks and Recreation**

#### Animal Services Contract

This adjustment includes the partial restoration of \$2.0 million in non-personnel expenditures associated with the animal services contract with the San Diego Human Society.

#### **Position Swaps**

This adjustment restores 7.00 filled FTE positions reduced in the Draft Budget and reduces 7.00 vacant FTE positions. The primary goal is to preserve as many filled positions as possible and reduce the number of employees potentially impacted by the Reduction In Force (RIF) process, and was developed in partnership with the Municipal Employees' Association.

#### **Postponement of New Facilities**

This adjustment includes the reduction of 3.50 FTE positions and total expenditures of \$929,000 associated with the delayed opening of the following new facilities:

- East Village Green postponed until January 2026
- Rowan Elementary Joint Use postponed until March 2026
- Eastbourne Neighborhood Park postponed until July 2026
- Pacific Beach Joint Use postponed until July 2026
- Federal Boulevard Pocket Park postponed until July 2026

#### **Restoration of Electrician and Transfer**

This adjustment includes the restoration of 1.00 Electrician and total expenditures of \$136,000 that was reduced in the Draft Budget and transfer of the position to the Golf Course Fund and MAD Management Fund.

## Police

#### Northwestern Division Restoration

This adjustment includes the restoration of 1.00 Police Lieutenant, 2.00 Police Sergeants, and 1.00 Police Detective and total expenditures of \$774,000 for Northwestern Division.

#### Phone System Maintenance

This adjustment includes the addition of \$382,000 in non-personnel expenditures and revenue for maintenance of the 911 phone system. The California Governor's Office of Emergency Services (CalOES) requires cities to pay directly for maintenance and seek reimbursement.

#### Vice Operations Restoration

This adjustment includes the restoration of 2.00 Police Detectives, which support Vice Operations, offset by a reduction of 2.88 FTE provisional staffing.

# **Purchasing & Contracting**

#### Department Management Reclassification

This adjustment includes the reduction of 1.00 Assistant Department Director and addition of 1.00 Deputy Director to support department administration, policy, and business process optimization and implementation.

#### EOC Program Coordinator Restoration

This adjustment restores 1.00 Program Coordinator in the Equal Opportunity Contracting section which enhances the Department's capacity for effective monitoring activities, support service programs, and overall program measures that help improve outcomes for small-, minority-, and woman-owned businesses.

## **Revised Reimbursable Revenue**

This adjustment includes the reduction of \$1.8 million in reimbursable revenue as costs for services provided to non-General Fund departments are expected to be recovered through the General Government Services Billing process and to better reflect recent and prior year actuals for billable work that the department provides to the Capital Improvements Program.

#### Stormwater

#### **Revised Parking Meter Operations Fund Reimbursements**

# **CAPITAL IMPROVEMENTS PROGRAM**

The Capital Improvements Program (CIP) is proposed to decrease by \$7.3 million in the May Revision, lowering the total Fiscal Year 2026 budget to \$838.6 million. Additional funding for the Capital Improvements Program includes \$2.4 million for the Climate Equity Fund, \$2.7 million in Community DIF/FBA funding, \$2.2 million in Citywide Parks DIF, and a reduction of \$20.6 million in Public Utilities Enterprise funding. The following section summarizes some of the significant CIP changes in the May Revision.

#### **Climate Equity Fund**

The Draft Budget includes \$1.5 million in funding for Climate Equity Fund (CEF) eligible projects, but decisions on those allocations were delayed until this May Revision report. Additional Fiscal Year 2025 revenue from interest earnings is expected to be \$0.9 million higher than originally budgeted. This revenue will also be allocated as part of the May Revision, for a total CEF allocation of \$2.4 million. Projects eligible for CEF should meet one of the following requirements: have an impact on reducing greenhouse gas emissions; increase green spaces; enhance safety in the public right-of-way; relieve congestion; or achieve other climate equity concerns. Additionally, projects must be located within a disadvantaged community area and meet one of the following: scores between 0 and 60 on the Climate Equity Index or directly supports residents and businesses within these communities.

- Stormwater Green Infrastructure (ACC00001) \$364,430
  - This funding provides the design and construction of green infrastructure, restoration, and revitalization capital projects. These projects, in conjunction with non-structural water quality projects, address storm drain discharge water quality standards. The following subproject will be funded:
    - Streamview Drive Green Infrastructure (B19095)
- Traffic Calming (AIL00001) \$2,035,570
  - This funding provides for variety of traffic concerns such as speeding motorists and shortcutting traffic. Solutions used may include the construction of rectangular rapid flashing beacons and geometric design features such as road humps and traffic islands. The following subproject will be funded:
    - Gompers Prep 47th St Safety Enhancements (B23146)

#### **Citywide Parks DIF**

The May Revision includes \$2.2 million in Citywide Parks DIF. Contributions may be received from developers to support City CIP projects. These funds are provided in order to satisfy conditions placed on development and are usually restricted to certain projects and asset types.

- Grove Neighborhood Park (S22002) \$2,030,716
  - This funding provides for the construction of phase 1 improvements.
- Mt. Hope Rec Ctr @ Dennis V Allen Park (P23003) \$200,000
  - This funding provides for a General Development Plan (GDP) for the park.

#### **Community-Based DIF**

The May Revision includes \$2.7 million in Community-Based DIF. Contributions may be received from developers to support City CIP projects. These funds are provided in order to satisfy conditions placed on development and are usually restricted to certain projects in specific areas.

- Montezuma Park Improvements Phase 1 (S25003) \$1,054,025
  - This funding provides for the design and construction of the first phase of improvements to the Montezuma Neighborhood Park located at 4929 Catoctin Dr, between 64th Street and Curry Drive in the College Area community in Council District 9.
- Scripps Miramar Ranch Lib (S00811) \$530,000
  - This funding provides for an expansion of the Scripps Miramar Ranch Branch Library parking lot located at 10301 Scripps Lake Drive.
- Hickman Fields Athletic Area (S00751) \$500,000
  - This funding provides for the creation of two restrooms, one including a concession stand, automobile parking and park circulation roads, ingress and egress improvements along Hickman Field Drive, security lighting, paved pedestrian pathways, landscaping, irrigation and infrastructure and utility improvements for current and future needs on the 44-acre athletic area.
- Salk Neighborhood Park & Joint Use Devel (S14007) \$250,000
  - This funding provides for recreation improvements on 4.1 useable park acres of City property and 2.0 useable acres at the Salk Elementary School within the Mira Mesa Community. Joint Use Improvements will include a comfort station, turfed multi-purpose fields, auto parking areas, pedestrian walkways, passive viewing areas, exercise track and hardcourt amenities.
- La Jolla Streetscape (RD24002) \$15,000
  - This funding provides for bulb-outs, sidewalks, curb ramps, and landscaping at key intersections. The project also includes a mid-block pedestrian crossing and streetscape improvements, such as trees, lighting, and benches.
- Traffic Signals Citywide (AIL00004) \$140,000
  - This funding provides for the installation of traffic signals and HAWK beacons at high-priority locations and the City's share of the costs of traffic signals undertaken in cooperation with others. The following subproject will be funded:
    - Mississippi St @ El Cajon Blvd T/Signal (B20140)
- New Walkways (AIK00001) \$36,645
  - This funding provides for the construction of new sidewalks citywide. The following subprojects will be funded:
    - 54th-Market to Santa Margarita Sidewalk (B18158)
    - Saturn Blvd Sidewalk Installation (B24109)
- Traffic Calming (AIL00001) \$201,727
  - This funding provides for variety of traffic concerns such as speeding motorists and shortcutting traffic. Solutions used may include the construction of rectangular rapid flashing beacons and geometric design features such as road humps and traffic islands. The following subproject will be funded:
    - Osler Street Traffic Calming (B23147)

For a list of all CIP Projects funded in the May Revision, please refer to **Attachment 3 – Fiscal Year 2026 Final Proposed Budget CIP Adjustments**.

# **CONCLUSION**

The May Revision is based on the most current financial information and economic assumptions available after the development of the Fiscal Year 2026 Draft Budget (Draft Budget) and includes updates from the Fiscal Year 2025 Third Quarter Budget Monitoring Report. The May Revision proposes an increase of \$4.3 million, or 0.2 percent, in expenditures from the Draft Budget in the General Fund. Additionally, the May Revision includes a \$51.4 million, or 1.7 percent, increase in the Non-General Funds primarily due to increased costs to purchase water from the San Diego County Water Authority and excess surplus in the Low-Moderate-Income Housing Asset Fund for long-term affordable housing projects. Finally, the \$7.3 million, or 0.9 percent, reduction in the Capital Improvements Program is primarily due to deappropriations to Municipal Sewer Utility projects associated to Pipeline Rehabilitation and Sewer Main Replacements.
