<sup>(1)</sup> FY 2026 is the City's Fiscal Year 2026, which begins July 1, 2025 and ends June 30, 2026. Total Parcels Assessed, Total Estimated Assessment, and assessment apportionment factors may vary from prior fiscal year values due to parcel changes and/or land use re-classifications.

#### **Annual Cost-Indexing:**

The maximum authorized assessment rates are cost-indexed and will increase (or decrease) annually based on the annual change in the San Diego Consumer Price Index for Urban Consumers (SDCPI-U).

<sup>(2)</sup> Maximum authorized assessment rate subject to cost-indexing as approved by property owners at the time of District formation.

<sup>(3)</sup> Prior fiscal year's maximum authorized annual assessment rate increased by cost-indexing factor of 2.77%.

#### **Background**

The Coronado View Maintenance Assessment District (District), originally known as the "Coronado View Landscape and Lighting Maintenance District," was established by the City of San Diego (City) on July 26, 1983 by City Council Resolution R-258954. The District was subsequently re-formed on November 4, 1997 by City Council Resolution R-289386 primarily for purposes of compliance with Proposition 218 and to permit future cost-indexing. The purpose of the District was, and still is, to fund specifically identified improvements and activities within the boundary of the District.

In conformity with §65.0221 of the "San Diego Maintenance" Assessment District Procedural Ordinance," the City adopted Resolution No. R-310618 on July 22, 2016, approving the annual budget and assessments for Fiscal Year 2017, and authorizing the levy of the assessments for the life of the District, consistent with the benefit findings and assessment apportionment method contained in the approved formational and all subsequently updated Engineer's Reports (Engineer's Reports). The Engineer's Reports are on file with the City Clerk, and incorporated herein by reference.

The District is authorized and administered under the provisions of the "San Diego Maintenance Assessment District Procedural Ordinance." This annual report has been prepared pursuant to the requirements of §65.0220 of the "San Diego Maintenance Assessment District Procedural Ordinance."

#### **District Boundary**

The District boundary is generally depicted in **Exhibit A**. The District Boundary Map and Assessment Diagram are on file in the Maintenance Assessment Districts section of the Parks and Recreation Department of the City, and, by reference, are made a part of this annual report.

#### **Project Description**

The authorized assessments will be used to fund specifically identified improvements and activities within the District. The District improvements and activities generally consist of maintenance and servicing of the landscaped slope areas adjacent to the rights-of-way along 60th Street (from Federal Boulevard to Tooley Street) and maintenance of street gutters in the District. The approximate location of the improvements is generally shown on **Exhibit A**.

For additional detail as to the location, type of improvements, and activities performed by the District, please refer to the maps, improvement plans, engineering drawings, maintenance specifications, the Engineer's Reports and other associated documents on file with the Maintenance Assessment Districts section of the Parks and Recreation Department of the City. These documents, collectively, are incorporated herein by reference and made part of this annual report.

#### **Separation of General and Special Benefits**

The identified improvements and activities provide benefits to the parcels located within the District. These benefits are "special benefits" to the extent that they are above and beyond the City's standard level of service, and exclusive of those "general benefits" provided to the public at large or properties located outside the District. By law, only "special benefits" are assessable.

The assessments presented in this annual report are based on the cost of improvements and activities determined to provide "special benefits" in accordance with the Engineer's Reports. For additional detail relative to the separation and quantification of general and special benefits for the District, please refer to the Engineer's Reports, on file with the Maintenance Assessment Districts section of the Parks and Recreation Department of the City.

#### **Cost Estimate**

The estimated annual budget (Revenue & Expense Statement) is included as Exhibit B. The "Other Contributions (Non Assessment Source)" revenue contained in the budget includes the value of improvements and activities determined to provide "general benefits." The District budget with full detail is available for public reference in the Maintenance Assessment Districts section of the Parks and Recreation Department of the City.

#### **Annual Cost-Indexing**

The maximum authorized assessment set forth in the Engineer's Reports is permitted to increase annually based on the published change in the "San Diego Consumer Price Index for Urban Consumers" (SDCPI-U). The annual change in second half SDCPI-U values, as compiled by the U.S. Bureau of Labor Statistics (see www.bls.gov), for the prior year period was from 365.529 to 375.656 (a 2.77% increase). In accordance with the approved cost-indexing provisions, the maximum authorized assessment rate has been increased by 2.77%.

#### **Method of Apportionment**

#### **Estimated Benefit of Improvements**

All benefits assessed to the District are special to this District and are distinct from other parcels as to the level of services received from the City.

Creation of the open space, which is maintained by this District, was required in order to allow the community to be developed in its current location, within the slopes and topography of the area. The maintenance of this open space parcel, including cleaning of the adjacent street gutter, benefits the District by maintaining its functionality, improving the aesthetics of the community, controlling erosion, and preventing degradation of the community which would result if the open space parcel and gutters were neglected.

#### **Apportionment Methodology**

The total cost associated with District improvement and activities will be assessed to the various parcels in proportion to the estimated Equivalent Benefit Units (EBUs) assigned a parcel in relationship to the total EBUs of all the parcels in the District. All the parcels (single-family homes) are estimated to benefit equally and are all assigned an EBU of one (1).

#### Sample Calculations

As described above, the number of Equivalent Benefit Units (EBUs) assigned to each parcel in the District has been assigned based on land use. As all of the parcels benefit equally, each has been assigned one (1) EBU.

#### 1 Single-Family Residence EBUs = 1 EBU per parcel

The total assessment for each parcel in the District is based on the calculated EBUs for the parcel and the applicable unit assessment rate, as shown in the following equation:

Total Assessment = Total EBUs x Unit Assessment Rate

Based on the above formula, the EBUs calculated for each property, can be found in the Assessment Roll (Exhibit C).

#### **Summary Results**

The District Boundary is presented in **Exhibit A**.

An estimate of the annual costs of the improvements and activities provided by the District is included as **Exhibit B**.

The assessment methodology utilized is as described in the text of this annual report. Based on this methodology, the assessments for each parcel were calculated and are shown in the Preliminary Assessment Roll (Exhibit C).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number in the Preliminary Assessment Roll and on the Boundary Map and Assessment Diagram referenced herein.
