Re: San Diego Unified Solar Project at McKinley Elementary

Dear Andy,

San Diego Unified School District will begin the solar installation project at McKinley Elementary on May 14, 2025. While this work will not impact public use or City maintenance of the joint-use field, the project will temporarily occupy some space within the joint-use area.

Please see the attached plan detailing the temporary fencing layout. All areas will be restored to the same or better condition upon project completion, which is expected by September 30, 2025, but no later than October 31, 2025.

Let me know if you have any questions.

Best,

Gene Fuller
Director, Real Estate
San Diego Unified School District
