
Upcoming Paving on Clairemont Drive Between Iroquois Avenue and Balboa Avenue

May 23, 2025

Starting on Wednesday, May 28, crews will be paving Clairemont Drive during daytime hours between Iroquois Avenue and Balboa Avenue. This work will be done in two stages, and will last approximately two weeks in total. During the paving operation, one lane of traffic in each direction will be maintained on Clairemont Drive. Crews will install new street striping once the street has been repaved.

Please see the two maps below outlining how the work will be done in two stages. The intersection of Balboa Avenue and Clairemont Drive will be paved during nighttime hours, but that work has not yet been scheduled.

For your safety, please follow all posted signage and plan extra time when traveling in the area to accommodate for traffic delays. On-street parking will be restricted throughout this work. Access for emergency vehicles will be maintained at all times.

During stage 1, crews will pave the outside lanes of Clairemont Drive, and one lane of traffic in each direction will be maintained between the work zones.
