

## Urban Forestry Program Highlights

**VISION:** Grow and maintain a world-class urban forest for San Diego.

**MISSION:** The Urban Forestry Program plants, protects, promotes and maintains trees for livable and sustainable City of San Diego communities.

- Urban Forestry maintains over 250,000 street trees and pruning for 50,000 palms.
- The City's Climate Action Plan aims to plant 100,000 new trees.
- Urban Forestry handles 6,000 requests annually from Get It Done.
- Emergency maintenance services, such as street tree assessment and removals are also handled by Urban Forestry.

## Benefits of Trees:

*Funding for Ready, Set, Grow San Diego is provided by the USDA Forest Service, Urban and Community Forestry Program.*
