

Transition from City Trash Service to Private Franchise Hauler

Join Us for an Informational Workshop!

Many properties in San Diego are required to switch from City-serviced trash and recycling to private Franchise Hauler trash and recycling service. Properties required to switch to private Franchise Hauler service include those with five or more units on a lot, mixed-use or commercial properties, those on private streets, and those with insufficient space to store City-issued containers. The deadline to transition from City-serviced waste collection to a private Franchise Hauler is approaching! To help you navigate the process, we invite you to attend a **FREE** workshop where you can:

- Learn the steps to transition smoothly from City service to an approved Franchise Hauler.
- Get answers to your questions during a live Q&A session.

IN-PERSON WORKSHOP:

DATE: MONDAY, JULY 14, 2025

TIME: 5:30 - 6:30 P.M.

LOCATION: MONTGOMERY-WALLER RECREATION CENTER

REGISTER HERE TO ATTEND: bit.ly/MeasureBJuly14

Who Should Attend?

Property owners and property managers affected by the upcoming transition.

Why Attend?

- Understand your responsibilities and options.
- Avoid service disruptions by preparing early.
