TRIBAL CULTURAL RESOURCES

~~Refer to the mitigation measures outlined under Historical Resources (Archaeology). Impacts to Tribal Cultural Resources would be reduced to below a level of significance with implementation of mitigation measures outlined under Historical Resources (Archaeology)~~

These revisions made to the final MND do not affect the environmental analysis or conclusions of the MND. In accordance with the California Environmental Quality Act, Section 15073.5, recirculation is not required when new information is added which merely clarifies, amplifies, or makes insignificant modifications to the MND. An environmental document need only be recirculated when a new, avoidable significant effect is identified, or a new mitigation measure or project revision is required to reduce potential effects to less than significance.
