

## Next Phase of Traffic Control on W. Morena Blvd.

*June 25, 2025*

Crews are currently installing pipelines for the Pure Water Morena Conveyance South & Middle at the intersection of West Morena Boulevard and Morena Boulevard during the daytime hours.

To accommodate this activity, traffic control measures have been implemented to ensure safety and maintain traffic flow in the area. For approximately one month, one lane of southbound traffic will be maintained on West Morena Boulevard. Northbound traffic will be detoured around the construction site via Vega Street and Morena Boulevard.

Please see the map below for additional details on the detour route. For your safety, please follow all posted signage and plan extra time when traveling in the area to accommodate for traffic delays. On-street parking will be restricted throughout this work. Access for emergency vehicles will be maintained at all times.

To forward this e-blast, [forward this link.](#)

Safety of the construction crews and community is our top priority.  
Please slow down near work sites and follow pedestrian instructions.
