*Teleconference* <https://bit.ly/publicfacilitiesreg>

### I. Consent Agenda Items (6:00-6:05 p.m.)

- a. Call to Order, Roll Call, and Attendance Report
- b. Modifications & Adoption of the 10 June 2025 Agenda
- c. Adoption of the 8 April 2025 Meeting Minutes

### II. Non-Agenda Public Comment (6:05-6:15 p.m.)

Limited to Items not on Agenda; non-debatable. Two-minute max, Chair can award more time.

### III. Action and Informational Items (6:15-6:50 p.m.)

- a. **Action Item 1 (6:15-6:25):** Status of Louisiana Street/Madison Avenue RRFB crosswalk and traffic calming.
  - i. Background: The following consent item was adopted by the NPPC on January 21, 2025: "We respectfully request the City to expedite the installation of the approved crosswalk (Case #40300683214) with RRFB crossing Madison Avenue at the Louisiana Street intersection. Additionally, we invite the study of additional traffic calming measures at this intersection, such as stop signs or curb extensions, to reduce vehicle speeds and improve safety for all."
  - ii. Status: Representative for District 3 Councilmember Whitburn, Logan Braydis, has reported that there is not funding available for an RRFB installation and asked whether we'd like to have a painted crosswalk and 4 way stop installed until funding becomes available.
  - iii. Action: Discuss and review funding constrained options for this intersection and draft proposal to be presented at the full NPPC board meeting.
- b. **Action Item 2 (6:25-6:35):** Measures to ensure safety at the intersection of Upas Street and Utah Street.
  - i. Background: Community members have expressed concern over vehicular and cycling safety at this intersection
  - ii. Action: Discuss and review options for this intersection and draft proposal to be presented at the full NPPC board meeting.
- c. **Information Item 1 (6:35-6:45):** Traffic safety concerns along the length of Mission Avenue between the Park Boulevard and Texas Street. Community members have expressed concerns at specific intersections in this area, however, many of the intersections along that route share similar problems caused by the complex geometry, large corner radii, and poor sight lines. This is being introduced as an informational item at this meeting in order to shape future actions by this subcommittee.

- d. **Information Item 2 (6:45-6:50):** The new City of San Diego Mobility Master Plan was signed 22 April 2025. The Mobility Master Plan is a comprehensive, data-driven resource that the City of San Diego will use when making decisions about mobility projects throughout the City. The Mobility Master Plan is a citywide planning document intended to support the various mobility functions of the City, from community planning and policy, to project design and engineering, to new land use and development projects, to innovative and expanded mobility options, to maintenance and everyday operations.
